

MINISTER SCORES LAFFERTY, SPEAKS FOR W. N. GATENS

Rev. Mr. Lapham Tells of Former Detective's Fluctuating Career Here and Abroad—Favors Gatens for Judge.

Three large open air meetings were held last night by Rev. S. C. Lapham and Bert E. Haney. The speakers addressed big attentive crowds at Fourth and Washington streets, Fourth and Alder streets and Third and Burnside streets. The speeches were delivered from an automobile and the series lasted until 11 o'clock.

Rev. Mr. Lapham was for seven years pastor of the Second Baptist church of this city and is one of the best known pulpit orators in the northwest. Mr. Haney was formerly deputy district attorney of Multnomah county. Both speakers made earnest pleas for the election of Judge William N. Gatens and the non-political supreme court candidates, Justices King and Slater.

Rev. Mr. Lapham championed the candidacy of John Manning for congress from the second district and his opponent, in remarks vitriolic and direct. He urged his audience to take into account the long residence of Mr. Manning in this state, his acquaintance with the affairs of Portland and the Second Congressional district and his record as public official and a citizen as particularly qualifying him to represent this district at Washington.

Lafferty an Ethereal. On the other hand, he charged A. W. Lafferty with being an itinerant politician, who had hardly been in this state long enough to acquire a legal residence, who came here as a secret service operative for the government for the purpose of assisting in the land fraud prosecutions and particularly for the purpose of harassing the late Senator Mitchell. Then the speaker said, Lafferty left the employ of the government and approached the settlers in the Siletz country, soliciting their clients as an attorney, before the general land office, and later, unsuccessfully represented a large number of the Siletz settlers as clients, whom he had previously reported against while in the employ of the government.

The speaker charged the men who Lafferty says are furnishing his campaign funds, are men directly interested in the outcome of various cases now pending before the general land office, and thus accounted for their contributions to Lafferty's campaign fund.

Game Wares as Sins. "Do you want a man to represent you in congress?" asked Mr. Lapham "who came to this country as a game wares dealer, who later abandoned the government that employed him and took an active interest in promoting the claims of the very people whom he had reported against?"

Mr. Lapham declared that Lafferty has no interests in this district, has registered but twice and voted in Oregon but once. The speaker further gave his audience a detailed account of the whereabouts and actions of Lafferty during the past six years and declared that Lafferty is wholly unqualified for a congressional station. He closed by saying that:

"A man who cannot retain the same name for six successive years is a man whom the people should distrust as a congressional candidate. In this the speaker referred to the fact that Lafferty has at various times held himself out as Arthur W. Lafferty, as W. A. Lafferty, again, as Amilton W. Lafferty and still later as Abraham W. Lafferty.

Both Mr. Lapham and Mr. Haney strongly urged the election of Oswald West as governor of Oregon and the mention of his name was invariably greeted with applause.

Colt Quits Senatorial Race.

(United Press Special Wire.) Providence, R. I., Nov. 2.—After a long conference with officials of the United States Rubber corporation, Colonel Colt, aspirant to succeed Senator Aldrich, has withdrawn from the race. His withdrawal leaves Charles W. Lippitt a clear field. The reasons for Colt's withdrawal were not announced.

CHRONIC ULCERS INDICATE BAD BLOOD

Where the blood is pure any wound or laceration of the flesh heals "by first intention." This is true because nature has provided a constituent to the circulation known as Plasma, which joins and holds the place together until the fibres and tissues can permanently knit and interweave. Whenever the ulcer becomes chronic it is because this healing quality of the blood has been impaired by some impurity in the circulation, and the place remains open, infecting all surrounding flesh, until the character of the circulation is changed. No sore can heal where the blood is bad; because the morbid impurities on which it thrives are constantly deposited into it by the burdened circulation. Cleanse the blood and the sore will heal of its own accord, because then its very source and foundation will have been destroyed. S. S. S. cures Chronic Ulcers of every kind for the one great reason that it thoroughly purifies the blood. It goes into the circulation and removes every particle of infectious or morbid matter, enriches the corpuscles, and assists nature in the formation of the necessary plasmic qualities of this vital fluid.

No matter from what source the impurities of the blood came, S. S. S. will remove them. Book on Sores and Ulcers and any medical advice free to all who write. THE SWIFT SPECIFIC CO., Atlanta, Ga.

GREEK MURDERED, VERDICT OF JURY

Three Countrymen Believed to Be Responsible for Crime; Robbery Motive.

The coroner's jury, inquiring into the death of K. Dollamis, the Greek laborer found shot to death Sunday near the Mount Tabor reservoir, this morning returned a verdict declaring that Dollamis had been murdered. Responsibility for the crime was placed on Joseph and George Valakis and Constantinos Costantakis, three fellow countrymen, who had been seen in his company two days before his disappearance and who are supposed to have lured him to the spot where he was found dead for the purpose of robbery and murder.

Dollamis has a brother who is employed on the Bull Run pipeline a few miles out from Mount Tabor, and it is presumed that the trio went with him in that direction for the ostensible purpose of accompanying him on a visit to the brother. The men have since disappeared and have undoubtedly left the city.

BUGGY AND MACHINE FIGURE AS EVIDENCE

(United Press Special Wire.) New York, Nov. 2.—The trial of Edward Rosenheimer, millionaire automobile dealer, charged with murder in the first degree because with his automobile he killed Miss Hough, was resumed today, although it had been planned to hold no session until Thursday. The buggy wrecked by Rosenheimer's automobile, and the machine itself, were two of the exhibits of the trial and were set up in court today.

George Vedder, driver of the buggy, was the principal witness. He described the accident that resulted in the death of Miss Hough and the severe injury of Miss Anna McCabe, the other occupant of the vehicle.

Vedder said he was driving on the right side of the road near the curb and was displaying lights. He did not see the automobile he said. Suddenly he heard an automobile horn and then a crash, as the rapidly moving machine struck his buggy.

When he recovered consciousness, he said, Miss Hough was dead and Miss McCabe badly injured. The automobile had vanished.

Vedder refused to give his name to the police after the accident. His mother, he said, was at that time dangerously ill and he feared that the news that he had been hurt might cause her death.

Anna McCabe, one of the occupants of the wrecked buggy, corroborated the testimony of Vedder.

Thomas Dolan testified that he was about 600 yards away when the accident occurred. A few seconds after the crash, he said, a large automobile supposedly Rosenheimer's, dashed past him. It was going so rapidly, he said, that he could not see the number.

U. S. GRAND JURY WILL REPORT TOMORROW

Although it has considered a great mass of testimony within the last few days, the United States grand jury, which has been in session for nearly two weeks, is not expected to report before tomorrow, when the result of its investigation into the bridge draw question will be made public. In addition to reporting on the draw question, the grand jury will, in all probability, make public the result of its investigations into alleged trafficking in "white slaves," it having returned indictments against several men charged with trading in women.

The bridge-draw matter is being heard today by the grand jury. Several of the more prominent business and professional men of Portland testified. Just what line of testimony is being taken is not known.

BOWERMAN TUSSELS WITH JACK-O'-LANTERN

Jay Bowerman, the assembly candidate for governor, spoke to a good sized audience in Jones' hall, at Front and Gibbs streets, in South Portland last night. B. F. Jones was chairman of the meeting, and the speakers in addition to Bowerman were Lionel R. Webster and County Judge T. J. Cleaton. Webster was first introduced, but cut short his remarks and gave way to Bowerman. The candidate for governor made his usual speech, and although Halloween had passed he devoted much of his time to the Bourne hobgoblin. He said that Bourne was after him, and he denounced the junior senator in fiery terms because Bourne did not support assembly candidates.

Bowerman told his hearers he was born on a farm and has always been one of the people. He defended his legislative record and denied that he is dominated by corporation influences. He made another bid for the support of the railroad men by saying he favors a hearing for all men discharged because of the complaints of "spotters." He said nothing about his Harriman connection, but in support of the J. Thurburn Ross lobby at Salem, or his views on assemblymen.

DR. EISENHARTZ ADVISES OREGON TO ELECT WEST

Waives Right to Preliminary Trial; Blamed for Woman's Death by Coroner.

Waiving his right of a preliminary trial in the municipal court, Dr. William Eisenhartz, who is accused of manslaughter for criminally operating on Mrs. Annie Poleen, who died at her home at 664 Kirby street Monday, was held to the action of the grand jury this morning by Judge Taxwell. Bail was fixed at \$3000, bonds for this amount being furnished him by Dr. W. E. Mallory and J. H. Hovedagard.

The charge of manslaughter followed the inquest into Mrs. Poleen's death, held by Coroner Norden yesterday afternoon. The woman's statement, signed shortly before her death on the request of Dr. W. H. Hamilton, was introduced. In this statement Mrs. Poleen charged that Dr. Eisenhartz had performed an operation, of a nature prohibited by law, upon her on October 13. The result of the autopsy, which established the fact that such an operation had been performed, was told to the jury and after a few minutes of deliberation the members returned a verdict fixing the responsibility upon Dr. Eisenhartz.

Coroner Norden shortly afterward went before Municipal Judge Taxwell and swore to the warrant charging the physician with manslaughter.

R. R. COMMISSIONERS' POWER IS LIMITED

Olympia, Wash., Nov. 2.—Judge Mitchell in the superior court of Thurston county, has denied the application of Ralph E. Moody, representing the O. R. & N. company, for a writ of review of the action of the state railroad commission in assessing property in Washington belonging to this company at \$27,000,000 after the state railway commission had set the sum at \$19,990,000. Judge Mitchell held that the law which created the railroad commission did not strip the power of the tax commission to fix railroad valuations for the purpose of taxation and that the railroad commissioners' power in fixing valuation is merely for the purpose of fixing transportation charges and rates.

GIVE YOUR STOMACH A NICE VACATION

Don't Do It By Starving It Either—Let a Substitute Do the Work.

The old adage, "All work and no play makes Jack a dull boy," applies just as well to the stomach, one of the most important organs of the human system, as it does to the man, himself.

If your stomach is worn out and rebels against the food it is forced to eat, the only sensible thing you can do is to give it a rest. Employ a substitute for a short time and see if it will not make this repay you in results.

Stuart's Dyspepsia Tablets are a willing and most efficient substitute. They themselves digest every bit of food in the stomach in just the same way that the stomach itself would, were it well. They contain all the essential ingredients that the gastric juice and other digestive fluids of the stomach contain and actually act just the same and do just the same work as the natural fluids would do, were the stomach well and sound. They, therefore, relieve the stomach, just as one workman relieves another, and permit it to rest and recuperate and regain its normal health and strength.

This "vacation" idea was suggested by the letter of a prominent lawyer in Chicago. Read what he says: "I was engaged in the most momentous undertaking of my life in bringing about the coalition of certain great interests that meant much to me as well as my clients. It was not the work of days, but of months; I was working night and day almost, when at a very critical time my stomach went clear back on me. The undue mental strain brought about an acute indigestion, which would have happened later on.

"What I ate I had to literally force down at that time. I suffered miserably as I had my stomach much of the time. My head ached, I was sluggish and began to lose my ambition to carry out my duties. I felt as if I had been struck by a heavy weight and I was pretty gloomy for me and I confided my plight to one of my clients. He had been cured by Stuart's Dyspepsia Tablets and he gave me a box of a drug store and brought a box up to the office.

Would Be Cities At Taxpayers' Expense

The only excuse for the creation of Orchard County out of a portion of Umatilla is to make a town on the Walla Walla river four miles from the state line, a county seat.

The principal officers of the county are residents of the proposed new county, namely, Representative, Commissioner, Sheriff, Clerk, Assessor, Treasurer, School Superintendent and Road Master. The lines are "gerrymandered" with a view of including all possible railroad mileage. It is largely the wheat producing belt of Umatilla County adjoining the towns of Pendleton, Weston, Athena, Helix and Adams and all the farmers and townpeople are to be forced to go almost to Walla Walla to transact county business. In fact every town in the county except Milton, the proposed county seat, strongly oppose division. Take the county seat question away from the schemers and there would be no movement for division in any of the counties. A county seat at Milton in Orchard county. One at Cottage Grove in Neemith county. One at Long Creek in Clarke county. One at Redmond in Deschutes county. One at Drewary in Oda county. One at Drain in Williams county. Will not help the several towns out, and who help the taxpayers out of pocket. Will not your sense of justice tell you to vote NO on all of them unless you are familiar with conditions in the several localities. In case of the passage of any of the division bills, it means increased taxes forced upon them by voters, who are not familiar with conditions in the several counties as there is no longer a question of a majority within the counties interested being opposed to their division.

Such Is the Implication of Tom Page, Brother-in-Law of Miles Poindexter.

Washington will have a set of primary laws resembling in operation Oregon's, as well as a set of officers who will see that they are protected, if the predictions of Tom Page, lawyer and politician, brother-in-law and ardent supporter of Miles A. Poindexter, come true. Mr. Page is at the Portland hotel and is on his way to Baker City on private business.

"I am greatly interested in the campaign being waged in Oregon in the interests of the direct primary law, and especially in the fight for governor, said Page this morning. "I think people here realize that they must have an executive in office who will take care of them and their laws and although I am a Republican I would not get them out of the machine three or

four times, but they immediately climbed in again. With exceeding tact, he persuaded them to allow him to take them to their respective rooms.

Arriving, the smaller girl found that her class was sewing, so she said her tardiness made no difference. But with the older it was different. She knew her absence had been noted. She wanted to cry, but the stern father said that would take too much time. As a last resort he opened the school room door, gently pushed his young offspring into the school room, closed the door again and beat a hasty retreat. Just as he clicked the door on her drooping figure, he heard a peep of anguish.

DID TEACHER WHIP? PAPA GOES TO SEE

Walter H. Evans, assistant United States district attorney, had an engagement to lunch down town today with a friend, but he did not accept it. Instead, he went home for luncheon, so that he might interview his two little girls and find what terrible thing happened in school today.

This morning Mr. Evans promised to take his children to school in his automobile. But he got a late start and when they reached the school house door the clock showed 8:15 o'clock. Immediately there was a small-sized panic in the tonneau. The Misses Evans refused to go to school. They preferred being absent to being tardy. The father got them out of the machine three or

Caps have been placed at each end, and connections on both sides of the pipe can now be easily made when the pipe is laid from Bull Run early next summer.

Can You Ask More?

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to every one who uses it—according to directions who is not perfectly satisfied with the results. We exact no promises and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

NEW WATER MAIN ACROSS RIVER READY

The submerged water main across the Willamette river for the second pipe line from Bull Run was completed yesterday evening. The water department has been pushing this work rapidly the last several days to get it completed before the fall rains raise the river and fill the trench.

We want every one who is troubled with indigestion or dyspepsia in any form to come to our store and get a box of Recal Dyspepsia Tablets. Take them home, and give them a reasonable trial, according to directions. They are very pleasant to take; they soothe the irritable stomach, strengthen and invigorate the digestive organs, promote a healthy and natural bowel action, almost immediately relieve nausea and stomach irritation, produce healthy digestion and assimilation, and promote nutrition. Three sizes, 25c, 50c and \$1.00. Remember you can obtain Recal Tablets only at The Owl Drug Co., Inc., cor. 7th and Washington sts.

Young Men Make the Style

The style of every community is represented by the young men. They want the new things—they have the courage of their desires. There is no store that enters so thoroughly into the spirit of young men's styles as this one.
