"The Corset With a Reason"

Not until the "Rengo Belt" corset came into the field have women been able to buy a corset that will actually give the medium and stout figure, the slim, trim and graceful lines that are produced by the "Rengo Belt"—Note the lines on the front of this corset—The corset with a reason—"Rengo Belt" is a new invention which develops a wonderful grace in the medium and large figure, does not make style at the sacrifice of comfort, and which does not consist of strapping, harnessing or lacing sort—It is part of the corset itself, shaped to hip and back—Let us fit you with one, and be comfortable.
