# **EWIS COUNTY TO**

Farmers Organize to Promote Orcharding and Develop Rich Valleys.

(Special Diseased to The Journal.) Chehalis, Wash., Nov. 19.—The first step toward the making of Lewis county a vast fruit producer is the formation the past week of the South-western Washington Fruit Growers' aswestern Washington Fruit Growers association. This organization is intended
primarily to look to the development of
orchards in the vicinity of Chehalis,
though it is expected that smaller towns
will organize and join as branches. Another plan that may be followed until
the southwestern association shall get
on a good footing is to have it become
a branch of the successful Puyallup and a branch of the successful Puyallup and Sumner association.

Senator H. O. Fishback, who presided at the meeting to organize the fruit growers, has one of the finest farms in Lewis county, and B. A. Bartholomew of Cheballs, who was largely responsible for the calling of the meeting, is a most enthusiastic champion of Lewis county as a soming great fruit

Dr. Coleman, who says that all over est fruit growing land to be found, has over 2000 pear trees now growing, being two years old, and he is at present putting out 4500 more trees, making 6500 he will have on 135 acres. He proposes to have ultimately 10,000 pear proposes to have ultimately 10,000 pear trees. In two years he expects to have a good crop to supply stores and fruit stands in Tacoma, Seattle, Portland and other cities near home, while in three years he will be prepared to ship largely to markets of the conti-

Another man who is going into the growing of the pear for market is H. W. A. Tram, who is looking after trees that are to be set out on 20 acres of his farm at Adna, seven miles southwest of Chehalis. It is expected that others who know of the richness of Lewis county soil for pear tree growing will follow the example of Dr. Coleman and Mr. Tram, and set out larger or chards.

The growth and importance of the to complete the work at Fisher's, and fruit growing industry in the Puyaliup and Stuck valleys, in Pierce county, and the steps taken for the continuance of its development were set forth in a most interesting manner by Schator Paulhamus, president of the Puyaliup & Summer Fruit Growers' association, in a provements are finished. an address he made at the meeting at provements are finished. Chehalis. Mr. Paulhamus gave a history of the valuable experience of his association and impressed upon the au-dience the fact that the first move to be made was to secure a market for the present growth of fruit and what should hereafter be produced. The second was to secure the right kind of fruit for the different solls and climates and to organize an association that would look after the growing, grad-ing, proper packing and forwarding of the several fruits—pears, apples, cher-and riprapping is nearly completed and ries and berries. He also emphasized teams are busy dredging out along the the importance of learning the varieties of pears and apples that are best adapted to Lewis county soils and climate

#### DREDGE WALLOWA DIGS IN UPPER SNAKE

(Special Dispatch to The Journal.)
Lewiston, Idaho, Nov. 19.—The government dredge Wallowa, which argived here from Palouse rapids, where she had been in commission for the last three months deepening the channel, has gone, in command of Captain Ralph Baugh-man, to Fisher's landing, about 20 miles up Snake river, where government engineers contemplate making extensive im

Except during the freshet stage of water in Snake river the stream from here to the mouth of the Grand Rende is not navigable, because of the many shoals and submerged reefs, but by removing the obstruction at Fisher's

#### DEVELOPING BUST AND CHEST

Mile. Merlyn America's great authority on Health and Beauty Culture advises deep breathing each morning and night, massaging the paris with Melorose Heanty Cream each night, and each morning bathe the parts with cold sait water. Take White's Vaucaire Galega Tablets four times a day, drink water freely, and within a very reasonable time excellent results will be noticed. It is easential that you take the Vaucaire remedy that contains the GENUINE IMPORTED GALEGA, such as Willard White Company's does, and to be on the safe side ask for this brand. Take no substitute, as they are worthless and a waste of time.

The tablets are more of a food than a median

of time.

The tablets are more of a food than a medicine and are perfectly harmless. Heavy to take.

Not only does Mile. Merlyn indoese this method, but also all high authorities on beauty cult and beauty writers and thousands of women who have successfully used them. White's Vancaire Galega Tablets are no new averaginant.

#### MADAM DE LE VIE

se world's greatest writer and lecturer on saith and Beauty Cult, recommends only Willard White Company's Vancaire Galega Tabletz or developing the beast and as a general foniond flesh builder and maintains that they are unfine the better than the liquid. The Owl Drug Co. ill sell this wonderful preparation at 70 cents or the 31 size box and will fill mail orders at a centre. The equipment will make one of the best pumping plants in this section. The water lift will be 25 feet.

Farmers in Hudson Bay District Contract for Electric Power.

(Special Dispatch to The Journal.) Militon, Or., Nov. 19.—The rich Hudon Bay alfalfa district is to be irrigated by pumping water by electric power. At a meeting of farmers here agreement was reached with the power company to furnish 160 horsepower in addition to subscriptions already made. The light company has promised to build and have the line ready for use by May.

The light and power company pro-poses to expend \$16,000 and build 10 miles of transmission lines to this dis-trict whenever contracts have been signed for 250 horsepower for one year. The service charge being made is \$1 per horsepower per month, and a slid-ing scale for the amount of current used. It is estimated that a five horse mo.or can be run 20 hours per day for five months in the season, and two or three hours per day during the re-mainder of the year, for \$112.50, which is less than the present cost of ditch

With water 10 to 50 feet beneath the surface in copious quantities, and electric power for pumping purposes, a transformation in the quantity and quality of crops grown in the Hudson Bay country is predicted. Those who have signed for current

are: Howard Evans, Ed Hoon, James Kirk, R. H. Wellman, W. H. Witherite, J. II. Marlatt, William Hodgens, Fred Hodgens, Louis Hodgens, J. H. Hall, George Rolenson, John McEwen, William Records, Fred Mulkey and Krallman.

# Here's Health for You!

To men and women who suffer from chronic ailments, stomach and bowel troubles, kidney and liver complaints, nervous afflictions, rheumatism, poor circulation, debility or weakness of any kind, we offer a cure at a price within the reach of all. We have no drugs or dope to sell you. The remedy we offer is electricity-that's nature's medicine.

A great many sufferers are continually dosing their stomachs with poisonous mixtures, which wreck the nerves and vital organs, when they should be helping nature cure through the proper application of electricity. If any organ of your body is weak or inactive, the

only way to restore it to a healthy condition is to restore its strength and energy. Do drugs give strength? No! They tear down instead of building up. Electricity is a builder, not a destroyer, and that is the reason it cures while drugs only make the trouble worse. Electricity is the power that runs the human machine, the force that gives life to all living things. If you want to renew the life and energy of a weak or inactive organ you must restore electricity where it is needed. Good health means plenty of electricity in the body, disease means the lack of

Electra-Vita applied while you sleep will fill your nerves and vitals with a glowing stream of electric fire. It will drive out your pains and aches, build up your strength and vitality and restore your health by giving to every organ of your body the power to eliminate disease from the system by the natural

Electra-Vita is a scientific device for infusing the body with a powerful but soothing current of electricity, for hours at a time, without the least shock or unpleasant sensation. Electra-Vita is not like electric belts, faradic batteries and other contrivances you may have seen or used. It gives a continuous

current without charging. All you have to do is adjust it correctly and turn on the power to the proper degree of strength. It helps nature cure by renewing the vitality and energy of every weak and inactive organ. Where there is plenty of electricity, weakness and disease cannot exist.

No matter how far away you live, you can use Electra-Vita as successfully as if you were here in our office.

"Your Electra-Vita has cured me of a very bad stomach trouble. My wife used the appliance and was cured of rheumatism and female weakness. I must say that the present good health of myself and wife is due to the use of Electra-Vita." J. P. SILVA, Hayward, Cal.
