Slugg's Men Again Humbled; Badgers Win Game by a 10 to 0 Score.

(United Press Special Wire.) Madison, Wis., Nov. 21.—Dismantled the most unfortunate football history of Chicago's famous coach, A. Stagg, here this afternoon, when his Maroons went down to defeat before Wisconsin to the tune of 10 to 0.

Chicago barely escaped being scored on in the first quarter when a drop kick by Gillette, the Badger's right half-back fell just short of the Chicago's goal.

From after the second quarter began the plunging by Wisconsin carried the ball steadily down the field and the Maroons giving way before the ruthless, buyers of the Badgers, went over the line for a touchdown. Pierce failed to kick goal.

In the third period Stagg's men stiffened and though the ball was in Chicago territory most of the time, they held the Badgers. The play was very rough, and Buser, the plunging Wisconsin tackle, was put out of the game for flinching.

The final score came in the last quarter when Gillette broke through the Maroon line and after a 15 yard run went over for a touchdown. Pierce again failed at goal. Final scores Wisconsin, 10; Chicago, 0.

Coch Stagg admitted the superiority of the Badgers over the Maroons after the game. "The better team won," said Stagg.

Coch Garry of the Badgers, was slated with the work of his team, which was its first victory of a disastrous season. He said:

"Wisconsin outplayed and outgeneraled Chicago. The coaching was better. Madison is given over to the celebration of the students tonight."

FOOTBALL RESULTS

(United Press Special Wire.) At New Haven—Yale 6, Harvard 4. At Easton, Pa.—Lafayette 14, Lehigh 0. At West Point—West Point 17, Trinity 0.

At Annapolis—Navy 9, University of New York 9. At Providence—Brown 49, Massachusetts Aggies 0.

At Swarthmore—Swarthmore 22, Bucknell 18. At Haverford—Ursinus 21, Haverford 0.

At Washington—Georgetown 14, Virginia Military Institute 6. At Baltimore—Carleise 12, Johns Hopkins 0.

At Philadelphia—Pennsylvania Freshmen 26, Cornell Freshmen 8. At Champlain—Vermont 8, Syracuse 0. At Ann Arbor—Michigan 8, Minnesota 0.

At Delaware, Ohio—Wesleyan 23, Wooster 0. At Madison, Wis.—Wisconsin 10, Chicago 0.

At Lafayette—Indiana 18, Purdue 0. At Milwaukee—Marquette 42, Carroll 0.

BEATS RIVAL GISSING IN SPECIAL RACE OVER 500 YARD ROUTE.

Malvin Sheppard is satisfied now, and says he can retire for the season, having succeeded in beating his rival Harry Gissing, of the New York A. C., at the games of the Olympic A. C.

The stars started in the 500 yard invitation race, and the "Peetees" one led the man who beat him in the special race. Sheppard won by seven yards. At this event was closed to star performers there were only four entries. Rube Bell, of the Mohawk A. C., junior quarter mile champion; Edwards, the senior metropolitan quarter mile champion; Harry Gissing, winner of the three national titles and Mal Sheppard, holder of many records, took the mark when the event was called. Bell put five yards between him and the others before they realized it.

Sheppard and Gissing then went after the Bronx Indian in a desperate sprint. The Irish-American athlete caught the leader 50 yards from the finish, with Gissing close behind.

With the latter only a yard behind Sheppard everybody thought that the Mercury star would repeat his previous performance and get mel at the tape, but Gissing caught up and gained a yard and lost ground all the way to the tape.

NEW OFFICERS FOR PIGEON FANCIERS

Henry Berger Succeeds H. E. Brown as Head of Organization.

New officers have been elected and plans are already under way to make the Oregon Pigeon Club one of the important sports organizations of the city next year.

A meeting was held in the office of E. H. Bauer, 807 Board of Trade building, Friday night, and the following officers were named for the ensuing season: Henry Berger, president; Charles Stein, vice president; H. E. Brown, secretary; Ralph Warren, racing secretary, and J. P. Limerick and Ed Lillis, associate members of the race committee. H. E. Brown, the retiring president, presided at the meeting.

The club membership was increased by the admission of three new and active fanciers. The coming flying season will be one of keen competition on the part of the individual club members.

It is their intention to realize what has never been done in the past, that of having their birds home in one day from 100 miles point of liberation. It is the hope of the members that by close breeding and careful training Oregon will have such speedy and hardy birds in the very near future.

KETCHEL'S ESTATE IS BEING INQUIRED INTO

New York, Nov. 19.—James A. Lombard of Grand Rapids, Mich., executor of the late Stanley Ketchel's estate, was here last week looking up the property that Ketchel owned here.

The purist is supposed to have purchased an equity in a building near Herald Square. An automobile, motor boat and other things are also looked for. Mr. Lombard says that among Ketchel's private papers he found evidence that several large amounts of money were due the dead pugilist on loans that he made to relatives here and in the west.

Poor Stanley was an easy target. He gave and loaned more than he kept.

BUGS RAYMOND WILL DOWN-KEELEY CURE

"Hungry" McGraw says that he will send "Bugs" Raymond to a Keeley cure institute, whether he is able to play baseball or not. It is out of sympathy for Raymond's family that McGraw has proposed to give the famous pitcher a chance to reform. It is generally believed among the players that baseball offers too many temptations for a man like Raymond. He cannot resist the invitations of his friends, who are numerous throughout the circuit.

COACH SWEETLAND HAS MADE ATHLETICS WORTH WHILE AT THE UNIVERSITY.

(Special Bureau of The Journal.) Willamette University, Salem, Or., Nov. 19.—The record that has been made by Willamette university's fast football team for the season of 1910, which will close Thanksgiving day in the annual game with Pacific university, is one of much gratification not only to Sweetland, who has coached the team for the two seasons past, but to the students of Willamette university and the citizens of the capital city.

The team will also be almost of the same constituency next season and it is confidently expected that it will equal if not surpass the record of the college football athletes in Oregon. The team is purely the work of Coach Sweetland who has instilled a spirit of team work in his players every few times equalled on any field. Sweetland, though not a player himself, seems thoroughly to understand the game and enjoys the perfect confidence of the players on the team he has coached for two seasons. In fact, the spirit at the university has changed wonderfully in all respects since Coach Sweetland took charge of athletics. He is a permanent fixture at the university and has the interests of the school at heart. Never before has the school had a team so purely collegiate and so successful as this.

There is considerable rivalry between the high schools over their football teams. Lincoln has a crackjack outfit, but looks to me at the Washington High, with Cornell and Parsons in the lineup, figure to "kick" the championship. This chap Cornell is by far the best quarterback around these diggings, and it is hard work that has brought home the bacon for Washington.

Here is the way Cornell gives his signals: "44-52-975—the dog died—too bad—change signals—left guard—Brownie, the Beaver mascot—25—glorickee—" and away goes that ball with other Larson, with Lillis, taking over the life for about a 10 or 15 yard gain. Some speed to those kids.

Cliff Blankenship, who managed the Tacoma Tigers this year, will next year captain and manage the Salt Lake team in the national association, with Lillis as president. The players will lose all their earnings unless they go to church on Sunday and Washington's birthday. Oh, no; Lucas isn't strict.

Jimmy Carroll is making good in the east with a vim. He is willing to meet any of the champs and says bring them on as fast as you can. Sammy Keller went back there making a lot of noise, and Carroll called him quick. They will be matched by the fairmont club of New York.

Jack Duarte of Oakland and "Slick" Merrill of Washington will meet in the 10-round main event to be held before the St. Johns Fremont's Athletic club between December 2 and 3. These two pugilists should put up the battle of their lives while it lasts. Willie Conroy, the crackjack Californian, will meet Bud Anderson the latter part of the month before the same club. The bouts to date have been conducted in a very orderly manner and have been a credit to the many art of self-defense.

Bill Stein, who pitched such wonderful ball for the Beavers this year, and who didn't make any smoke about it, will be out here in the west. When it comes to sending a man in to pitch with the score tied or even one run behind, you can't beat "Big Six." Here is hoping that he is the best we have.

Some baseball players are now working for a living! So are some umpires.

DRIP KICK JAMES HELINOS-GAME

(United Press Special Wire.) Champaign, Ill., Nov. 19.—Oto Seltzer's toe when it propelled a drop kick from the 15 yard line here today, won for the University of Illinois over the Syracuse university eleven by a score of 3 to 0. Though injured in the first quarter, Seltzer came back in the game in the third period. Walte, for Syracuse, tried place kicks time and again, but always failed to produce results. During the struggle there was much costly fumbling by both teams and neither seriously threatened to cross their opponents on the line at any time.

Through Illinois' victory they ended the season without having been beaten, and their claim for the western conference championship upheld as equal to that of the victor of the Michigan-Minnesota game at Ann Arbor.

M'MINNVILLE HIGH 11 DEFEATS SALEM HIGH

(Special Dispatch to The Journal.) McMinnville, Or., Nov. 19.—McMinnville High school won a fast game of football this afternoon from the Salem high school second team. The score was 37 to 0. Forward pass was a feature of the game, netting from 25 to 75 yards, also seven touchdowns and two goals. Captain White of McMinnville High school tore through the line for a 75-yard run to a touchdown in the third quarter. Gebber, McMinnville High school, recovered a fumble in the second quarter, and ran 60 yards for a touchdown. Salem played a gritty game but was overwhelmed. Professor Jamison was referee and Stille was umpire.

Gymnasium Handbook Out. The official handbook of the International Association of Amateur Gymnasts of America for 1910-11 has just been published by the Spalding Athletic Library. It is edited by Percy R. Carpenter, of Amherst college, and contains complete records of the intercollegiate meets since 1899, and the official rules governing apparatus, the work of contestants, coaching, the order of contestants, etc. The constitution and by-laws are given and a review of the season of 1910. The latter contains the events gymnastically in the college world and will be found very interesting.

The book will be sent to any address in the United States or Canada by the American Sports Publishing company, 21 Warren street, New York, upon receipt of 10 cents.

Wabash Plays Hood River. The Wabash Independents leave for Hood River this morning to play the creek team at that place. The following boys, accompanied by Coach Jackson and Manager Harry Grayson, will make the trip: Schuch, Dowling (captain), Watta, Brill, Spady, Bateman, Fanning, Fowler, Tolson, Dehurr, Granfel, Teager and Heintz.

SPORTS OF ALL SORTS

Vic Kennard, one of the best drop kickers Harvard ever had, is trying to organize a professional football league. Kennard has been living in St. Louis. It is proposed to get together teams of former college players and start the league in the present city immediately after the end of the baseball season and close after Thanksgiving. The plan proved a failure in Philadelphia several years ago where real star elevens failed to draw.

Buffalo and St. Louis are already making preparations to hold the National Association and American Bowling congress. In the latter city at a recent meeting 119 club captains were present representing 75 leagues.

Winnipeg has raised \$1000 for a trophy to commemorate the winning of the Stewarts cup at the Royal Hanley regatta this year by their senior four crew. The trophy will be presented to the first crew which lifts the trophy.

The Ottawa Hockey club wants Ernie Johnson, last year's Wanderer Hockey club star, of Toronto. They are willing to pay him \$2400 for the season and guarantee him a position at \$100 a month the year round.

Winnipeg will entertain the annual tourney of curlers which will begin February 7 with a reception in the city hall there. The program and prize list are being prepared.

Jerome Keough and Alfredo de Oro will play for the pool championship in New York city on November 26 to 28. Keogh is the title holder at continuous pool and de Oro is the challenger.

New York Athletic club swimmers are trying to effect the organization of an inter-city water polo league to include Chicago, New York, Philadelphia, Boston, St. Louis and possibly St. Louis. The idea is to have play during the winter season.

Richard Arnot of Australia, the world's champion sculler who recently defeated Ernest Barry in South Africa, will go to England next summer where he will again row against Barry. He will also very likely come to this country.

The Arundel senior four oared crew of Baltimore, who claim the American championship in rowing, is making for the national regatta in Washington and also the American Henley in Philadelphia, although they failed to accept a challenge to row the Vesper Boat club four of Philadelphia in the Middle States regatta in the Quaker City last Labor Day, are about to collect subscriptions to send the crew to the English Henley regatta in 1911.

It is estimated that organized clubs in the major and minor leagues this year controlled over 7000 players. In the major leagues 16 clubs paid nearly \$1,000,000 in salaries, it is said, while the class A leagues pay roll reached \$500,000, it is figured. The other minor leagues paid over \$700,000.

Quarterback Burton Coates of the Central football team of Cleveland, has registered 48 of the 121 points scored by his team this season. He has made 7 touchdowns, 5 goals from the field and 13 goals from touchdowns. He kicked three goals from the field in one game, the U. S. Central and two in another, the Central-West. In two games he has scored every point his team has made. He made 13 points in the 13 to 1 victory over the Lincoln club last week. Central's total in the 23 to 14 defeat by St. seven last Saturday at Cleveland.

Digger Stanley, the English batwing-weight champion, is about to come to this country for matches. He is ready to fight any of the boys who will make 116 pounds.

Syracuse university is confident that it will have crews at the annual intercollegiate regatta on the Hudson river next summer. The students are subscribing generously towards raising the \$6000 indebtedness. Many of the freshmen are going in for rowing with sculls and sweeps so that Coach Tim Ten Brock will have plenty of material to pick from.

Harry Houn, one of the best basketball players in the country, has been offered a salary of \$480 a month to play 17 games for the South Side Athletic club (team) of Chicago. He is a member of the Central league, the big professional organization. Hough is one of the stars of the indoor game and last year played the Trenton team to the championship in the Eastern league, was up of Philadelphia, Trenton, N. J., and Reading, Pa. teams. Richard Leary, five years ago a hostler, is the highest paid player developed in the Berkshires hills. He is getting \$175 a month and expenses to play with the Longmeadow team, which is also a member of the Central league.

Houghton, Mich., Ski club will erect a steel ski platform 110 feet higher than the top of the hill on which it is built, 140 feet ground length and a slide 100 feet long from the start to the end. The platform will cost \$1500. The under or landing hill will be 175 feet long, thus enabling a skier to make a 150 foot jump and still have 35 feet of downhill sliding before arriving at level ground.

Cambridge University Athletic club of England will provide a challenge cup which is to be competed for by each college on the "knockout" plan. This means that each college will hold its sports as usual, but will at the same time play against some other British college. At Oxford, too, it has been found that there is a lack of keenness about competitions closed to any one of the many colleges there.

United States Chess Champion Frank Marshall of Brooklyn will begin his fourth tour of the country November 31. E. Michelson, the Danish expert, will accompany him. Marshall's reputation will include simultaneous exhibition matches coupled with talks upon the Max Lange attack, which he reestablished at Hamburg this year and upon the latest developments of the perennial Rice Gambit. He will also engage opponents at bookers either concurrently with chess or separately.

Wrestling Champion Frank Gotch is indulging in road work at his Hummel, Iowa home, where his neighbors think he will again be seen in the wrestling ring this winter.

Since the first aviation meeting at Rheims in August, 1909, aviators have won in prizes \$115,449 and in about the same time 24 aviators have paid the toll of their lives to the new form of locomotion. The winners of this sum have numbered 107, of which number 61 are French and 41 other nationalities. The heaviest winner has been Harry G. Humes, who won \$25,000, and the smallest is Louis Breguet, the inventor, builder and pilot, with \$2800. This does not include recent American contests.

NOT "MUSHROOM" TYPE FOR FOOTBALL ELEVENS EVOLVED AFTER COACHING OF SUPERIOR CHARACTER.

The triumph of the Dartmouth football team over Amherst by 11 to 5 was a startling blow to the Amherst boys, who have always looked down on the New Hampshire institution. Dartmouth won in spite of penalties that would have discouraged a weaker team. A word about the Dartmouth football team fits here.

The team, it is well to remember, is not the product of a small college that occasionally threatens the top-notchers, but the result of a system of coaching which has yet to be proved inferior to any in the east. Dartmouth's football material is drawn not alone from the eastern States, but from a territory that includes the middle West. Despite the fact that the college is situated way up in New Hampshire, it has attracted many good men outside of Boston and the eastern cities. Illinois, for example, is a good Dartmouth football "feeder," and there are not a few New Yorkers who look back to their college days at Hanover. With the coaching system now in existence the Green team to have and does have, high class teams. Dartmouth has established a distinct school of football—well founded, yet flexible—and the new rules that have had the most careful consideration anywhere this year than at Hanover.

Ex-State Senator Walter M. Pierce of Umatilla county is a Portland visitor and will be in the city until tomorrow night on business. Senator Pierce for many years was one of the leading citizens and Democratic politicians of Pendleton and Umatilla county. For the past few years he has been giving most of his time to the management of the big sanitarium at Hot Lake in Union county, near La Grande.

Senator Pierce came to Portland to appear in the adjustment of a \$15,000 fire loss caused by the burning of a warehouse belonging to him at Pierce's Spur. This warehouse was set on fire, so Senator Pierce contends, by the O. R. & N., which hauled a blasting freight car past the warehouse August 29, the sparks from the car setting fire to the warehouse, which was filled with wheat oats and hay.

The senator is very optimistic regarding the business conditions of the eastern Oregon section. Good crops and good markets, he says, will give the farmers of that section a merry Christmas and a happy New Year. He contends that the present tightness of money in the business world is due to a transition period in business life. He believes that it is caused by artificial values, which tax the industrial world as an effort to produce dividends on overcapitalization. The solid foundation of the business of the country will outlive and overcome this feverish condition, in the senator's opinion, and continued and permanent prosperity will be the result.

Senator Pierce is greatly pleased with the victory gained by Governor-elect West and believes that this is due to the keen discernment and appreciation by the people of the sterling qualities of the Democratic candidate.

Senator Pierce is traveling with the aid of crutches, having had an old injury to his leg aggravated by a fall from a horse on August 23. He has nearly recovered from his hurt, however, and expects to discard his crutches in a few days. He will leave for his home tomorrow evening.

Oscar J. Gregorie believes he was the victim of a clever "rush gang" to deprive him of a guarantee of the soundness of a horse he purchased from J. C. Locke, Thomas W. Murphy and the New York Club stables. In a complaint filed in the circuit court he gives the details.

He says he asked for a written guarantee as to the horse and one of the men started to write it out for him. Thinking all was well, he states, he put \$135 on the bank to pay for the horse. Then some one called from the next door above, and the man across from the desk, seized the guarantee and the cash and rushed upstairs.

When the man came back, says Gregorie, he asked for the guarantee, and was told it had been given him. When he insisted it had not he was told it would be mailed to him, but it never came. And immediately after, he says, as soon as he drove the horse, he found it was wind-broken and crippled in both fore feet.

Gregorie demands his money back, saying it was to be refunded if the horse did not prove to be as represented.

W. H. A. M'PIKE, NOTED DIVORCE JUDGE, DEAD

(By the International News Service.) Reno, Nev., Nov. 19.—Judge W. H. A. M'Pike, known from coast to coast as the "divorce judge," dropped dead last night in the Overland hotel at Fallon, 80 miles east of here.

While in the lobby of the hotel waiting for the westbound Goldfield express and talking to friends, he suddenly threw up his arms and collapsed. Judge M'Pike divorced such well-known couples as Mrs. Margaret McKim, William E. Corey and Virginia Harmed.

The jurist's body has been brought to this city.

New York state fish, game and forest-league has 90 clubs. The annual meeting will occur next month in Syracuse.

WOULD-BE PATRONS OF BROADWAY LINE PETITION CITY COUNCIL TO GET BETTER SERVICE.

Strenuous objection is made by patrons of the Broadway streetcar line to the service they are receiving from the Portland Railway, Light & Power company. Their patience has ceased to be virtuous, and a few men assembled recently and formulated a protest. A protest was placed in the hands of Councilman Lombard, who has turned over to the council for consideration. The complaint is as follows:

"The undersigned patrons of Broadway line beg to call your attention to the insufficient and unsatisfactory service we are receiving, and to request that the attention of the Portland Railway, Light & Power company be called to the same and relief be immediately granted.

"In the first place, the number of cars are not in keeping with the traffic, it being no unusual thing to find the 5:30 p. m. and several immediately following so crowded that it is impossible to find standing room on the platform. It is often during these cars are from 10 to 20 minutes late, it is asking a little too much of one should wait for the next car. A concrete example, take the car that supposes to leave Twenty-fourth and Fremont streets at 8 p. m. It is intended that this car reaches Twenty-second and Broadway at 8:08. As a matter of fact, it usually reaches above mentioned point at the time of 8:15 tripper leaves Twenty-second and Broadway—stops at every crossing, a load, often carrying more than the occupying standing room, and is followed by the tripper half filled. It would suggest that the crew of the 8:15 tripper be instructed to run through in such cases as soon as the car is full.

"It is apparent to all astute riders of the railway company is working under great disadvantage at present, the condition of the bridge necessitating the routing of nearly all the traffic over the Burnside bridge, and causing that a great many delays are caused at the curve at Union avenue and Burnside street, we would suggest that each case the defunct cars not yet closed around the loop for which the company has been granted a franchise, and which we do not intend to say how cars should be run, we most emphatically say we want better service."

The petition is signed by J. A. Brown, J. Biley, T. Baner, W. N. Gaten, E. E. Borden, E. Z. Ames, Charles W. Jennings, E. H. Stevens, John E. Hubbard, P. R. Johnson, Charles A. Shea, P. C. Barnes, R. C. Dantor, James Gill, H. Eckhardt, Thomas E. Cole, W. Armstrong, W. F. Kibbee and several others.

SENATOR PIERCE STILL OPTIMISTIC

Just Lost a \$19,000 Warehouse But Hopes to Make O. R. & N. Pay For It.

Richard Arnot of Australia, the world's champion sculler who recently defeated Ernest Barry in South Africa, will go to England next summer where he will again row against Barry. He will also very likely come to this country.

The Arundel senior four oared crew of Baltimore, who claim the American championship in rowing, is making for the national regatta in Washington and also the American Henley in Philadelphia, although they failed to accept a challenge to row the Vesper Boat club four of Philadelphia in the Middle States regatta in the Quaker City last Labor Day, are about to collect subscriptions to send the crew to the English Henley regatta in 1911.

It is estimated that organized clubs in the major and minor leagues this year controlled over 7000 players. In the major leagues 16 clubs paid nearly \$1,000,000 in salaries, it is said, while the class A leagues pay roll reached \$500,000, it is figured. The other minor leagues paid over \$700,000.

TO RESUME TWO MURDER TRIALS

Richardson and Lambert Cases Adjourned Over Sunday; Will Take Two Days.

The two murder trials which occupied the time of Judge Gaten and Gatenben in the circuit court last week will be resumed tomorrow morning at 10 o'clock. The cases are those of Arthur M. Richardson and his wife, Aurelling Jesse C. Hale, his wife's sister, who will complete his story tomorrow morning on direct examination and will then pass into the hands of the state for cross-examination.

In the case of Harvey Lambert, charged with the murder of his wife, whom he shot down in Woodlawn one day last July, the defendant has not yet been called to the witness chair. His testimony is likely to be reached some time tomorrow. It is an open question which case will reach the jury first. The attorneys hope to finish them Tuesday.

BOWERMAN'S MANAGER \$1,293.30 IN CAMPAIGN

(Special Dispatch to The Journal.) Salem, Or., Nov. 19.—John Cochran, as manager for Jay Bowerman in the late gubernatorial campaign, expended \$1293.30 in behalf of Mr. Bowerman, according to his sworn statement filed with Secretary of State Frank Benson today. This is part of the \$1075.43 gathered and disbursed by the Republican state central committee and was turned over by that committee to Cochran to be used in behalf of Mr. Bowerman. W. N. Gaten's campaign committee spent \$284 in effort to elect him circuit judge for Multnomah county.

PATCHED UP ARMY TEAM DOWNS TRINITY 18 TO 0

(United Press Special Wire.) West Point, Nov. 19.—The Army wound up its preliminary football season today by trouncing the strong Trinity team by a score of 18 to 0. The soldiers took no chances on injuring any of the regular men, saving them for the great struggle with the navy a week from today.

BOSTON TEA PARTY TEA PRESENTED UNIVERSITY

Princeton, N. J., Nov. 19.—John B. Tweedle, a Princeton graduate now living in the Province of Saskatchewan, Canada, has presented to the university library a shipment of tea which he says was part of that through into Boston by the Boston Tea Party in 1773. The sample is accompanied by an affidavit setting forth the means for believing that the article is genuine.
