

HAS NOTHING TO BE THANKFUL FOR

Japanese, Charged With Killing Partner, Spends Day in Jail.

It is a sad Thanksgiving day that Toyo Morimoto, a Japanese boy, is spending in the city jail. His life-long partner, S. Koamura, is dead at Ortina, Wash., and Morimoto is accused of being his murderer. Scars over the head of the Japanese boy tell the story of a terrible fight he had with his partner on the night of November 12, which ended in a shooting affair. The next morning and the death of Koamura. Morimoto left the little cabin immediately after the shooting, thinking that he had only wounded his partner. He had intended to write him a letter today, asking forgiveness. When arrested, the Japanese boy was informed that he was wanted for murder. He told Sergeant Keller all about the affair, and promised to return to Tacoma, where he is wanted.

According to the story received by the local police, which is corroborated by the boy, the two Japanese were cutting wood near Ortina. On the evening of the fight they were drinking.

YOUTH IS HELD AS BOLD THIEF

Burglary of Johnson Street Residence Charged to Harry Raymond.

Harry Raymond, 24 years old and well appearing, was returned from Seattle yesterday afternoon for burglarizing Portland homes. Personal property to the value of approximately \$500 was found in his possession and has been identified. Soon after breaking into the local homes he left for the northern city, and was captured there upon information furnished by the local detective bureau.

On the evening of November 16, Raymond entered the home of Mrs. P. Richards, 659 Everett street. It is charged that a lady's watch, five rings, two gold chains and several small pieces of jewelry were taken. Entrance to the home was gained by prying open a rear window with a chisel.

Following the Richards robbery, the home of Julius Pincus, 728 Johnson street, was entered. A costly set of mink furs, an astrachan coat, opera glasses and minor pieces of jewelry were taken. Entrance was gained by forcing a rear window with the chisel. The stolen property from both homes

COUGHING BURST BLOOD VESSEL.

Says Danger Avoided and Cures Coughs in 5 Hours.

A writer for the medical press states that coughing is responsible for the bursting of blood vessels quite frequently. A cough or cold means inflammation (fever) and congestion, and these in turn indicate that the body is full of poisons and waste matters. Simple relief, as found in patent cough medicines, and a whiskey, often result in more harm than good, as they cause more congestion. A tonic-laxative cough syrup will work marvels and here follows a prescription which is becoming famous for its prompt relief and thorough cures. It rids the system of the cause, except it be consumption. Don't wait for consumption to grasp its victim, but begin this treatment which cures some in five hours. Mix in a bottle one-half ounce fluid wild cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Take twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times a day. Give children less according to age.

PENDLETON FOLK AGAIN ALARMED

Rumors That Spokane Would Hold "Round-Up" Brings Forth Protests.

(Special Dispatch to The Journal.) Pendleton, Or., Nov. 24.—Pendleton is once more aroused over suggestions that the Round-up which was put on with such great success in this city last fall should be duplicated in another city in the northwest. Some time ago rumors emanated from Portland that that city was desirous of combining a wild west show with their annual livestock exhibition and the ire of local people burst into flame only to be subdued quickly by an emphatic denial from the Portland Commercial club that their city had any such object under consideration. Now the reports come from Spokane that the metropolis of the inland empire would put on a frontier show such as Pendleton has done and the citizens are wrath again. Believing that those who are back of the move have taken the matter without giving due consideration to Pendleton's rights, President J. R. Bailey of the Round-up association, has wired to the Spokane Merchants and Manufacturers' association, protesting

Washing. project that will require large appropriation. It is expected the senate may make some additions to the bill, but it is the hope of the committee that the house measure, as amended, may be adopted.

One May Overcome

constipation permanently by proper personal co-operation with the beneficial effects of Syrup of Figs and Elixir of Senna, when required. The forming of regular habits is most important and while endeavoring to form them the assistance of Syrup of Figs and Elixir of Senna is most valuable, as it is the only laxative which acts without disturbing the natural functions and without debilitating and it is the one laxative which leaves the internal organs in a naturally healthy condition, thereby really aiding one in that way. To get its beneficial effects, buy the genuine manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists. Syrup of Figs and Elixir of Senna is never classed by the well-informed with medicines which make extravagant and unfounded claims to cure habitual constipation without personal co-operation.

BULK OF NORTHWEST FUND FOR COLUMBIA

Washington, Nov. 24.—The river and harbor committee of the house will assemble in Washington Monday to take up the first annual river and harbor bill and expects to get the bill in shape for a report to the house on the second day of the approaching session. The committee will be guided solely by the recommendations of the army engineers and will attempt to limit the total appropriation carried by the bill to \$30,000,000.

The bulk of the appropriation to be made for the northwest will be for the Columbia, part for the channel from Portland to the sea and part for the Cello canal. Grays Harbor is the only purely
