A charge was brought against us last week by a man under the name of M. Deragisch. We find he has sometimes been called M. D. Muggil. His chief witness was a woman by the name of Margaret Muggil. The address they gave is 564 Hast Burnside street. The case has every appearance of treachery. We are gathering evidence to defend ourselves and to protect our good name. If anyone can throw further light on this case or give us any information about these people that would be of benefit to us, we ask you in the name of justice to come forward with your evidence at once.

Krakauer

A Piano Masterpiece

The Krakauer piano can be distinguished from its competitors in

Its exquisite tone quality-structural perfection—and outward beauty is different from all others.

The tone is pure, resonant and musical. The uniformity of quality at every point in the scale and the perfect balance and careful regulation of the action which results in such immediate and sympathetic response of the keys to the touch, make it the instrument upon which to do perfect justice to any composition which you may desire to render.

The Krakauer is built upon honor. When the name Krakauer goes upon the fall board, it is a guarantee that the best quality of material and workmanship have gone into the piano. The result is phenomenal durability.

The Krakauer is sold at a fair, reasonable price—as low as is consistent with high class workmanship.

The Krakamer is especially adapted to that class of purchasers who want every dollar of their money to count in the purchase. To that class we particularly appeal in selling the Krakamer.
