

TAWNEY CHARGES 'JINGOES' EXPECT TO RAID TREASURY

Ridicules General Wood and Hobson and All Who Say Country Unprepared; Time Enough After Attack.

(United Press Special Wire.) Washington, Dec. 16.—The war department has joined the jingoes and is trying to "Hobsonize" the country, according to Congressman James A. Tawney, chairman of the house committee on appropriations, who hears in the cry of unpreparedness for war the prelude for an assault on the treasury.

Tawney does not believe the United States is defenseless, and he does not believe there is an immediate demand for a record breaking appropriation for the war department. He means to hold the financial fort against Hobson, McLaughlin and their war department friends.

Efforts to get the confidential report of the secretary of war in reply to McLaughlin's resolution asking about the country's ability to repel a foreign invader, said Tawney today, "are a part of the propaganda by military enthusiasts to secure the support of congress for larger appropriations. Anyone hearing Hobson's lecture on 'The Yellow Peril' and then reading this confidential report will find difficulty in distinguishing one from the other.

Says It Means Treasury Raid. General Leonard Wood and Congressman Hobson realize that the Democrats will control the lower house in the next congress. The appropriations for the army will be controlled by that party. They believe that if they can get larger appropriations from the present congress they can get still larger ones from the next.

That is the secret, according to Tawney, of the fuss that has been made over the report handed to the house and then withdrawn when Speaker Cannon refused to accept a "confidential" communication.

There are no facts to warrant any alarm, as Tawney sees it. He thinks the American people are the equals of everybody else and have no need to shiver over a peril of any kind. "No one but a coward will admit inferiority," he said, "and what is true for an individual is true for a nation. Advocates of militarism ignore entirely our chief weapons of defense—our great national resources and the spontaneity with which the people's patriotism would be aroused in the event of an assault by a foreign foe. They also ignore our geographical isolation."

BREAKS ARM ON ROCKPILE; SUES SHERIFF FOR \$10,000

Charging the guards at Kelly Butte with failing to call a physician to treat him after he had sustained a broken arm and it had become black and swollen, James W. Weston has begun suit in the circuit court against Sheriff R. L. Stevens for \$10,000 damages. Weston was given six months on the rockpile for a misdemeanor in the municipal court last August, and it was while serving this time he says he broke his arm.

Weston alleges the injury took place on September 19, and although he repeatedly asked for a doctor, none was called until nine days later. The delay, he says, has caused him much suffering, he could not sleep and the bones of the forearm and hand will not knit as they should. He is being cared for at the county hospital.

John F. Logan, attorney for the sheriff, has filed a demurrer, asserting that if there is any liability at all the county should be sued, and not the sheriff.

Clarence Eaton to Lecture. Clarence C. Eaton, C. S. B., of Tacoma, who is to lecture on Christian Science at the Masonic Temple, West

Park and Yamhill streets Sunday at 3 and 5 p. m. was for some time previous to taking up this public work a newspaper correspondent and owner. He has for several years been a member of the board of lecturership of the First Church of Christ, Scientist, in Boston, and has lectured extensively throughout the country. These lectures are free and are provided semiannually by the local churches of that denomination for the purpose of affording the public an opportunity to hear the teaching of Christian Science expounded by an authorized and qualified speaker.

MISSIONARY CONVENTION TO BE HELD IN JULY

The next national missionary convention of the Christian church will be held in Portland probably between July 4 and 12, 1911, according to a decision reached last night at a meeting of the Y. M. C. A. of the local Christian church workers and L. N. McLean, the general secretary of the American Christian Missionary society, and A. McLean, general secretary of the Foreign Christian Missionary society, both of Cincinnati.

These two men made the trip to the west for the purpose of perfecting the details for the convention. Until last

night it was not fully decided where the convention would be held. A luncheon was held at noon today at Moore's restaurant, at which the two secretaries spoke at some length on the plans for the coming of the delegates. The date was fixed so that the convention here would follow the national Sunday school convention to be held in San Francisco.

SELLING MADE DOCKS COMMISSION CHAIRMAN

The public docks commission held its first meeting this afternoon at the city hall. Ben Selling was elected chairman and C. F. Wiegand, deputy auditor, was named as temporary secretary. The commission decided to hold meetings on the first Thursday in every month at the city hall. The next meeting will take place January 5, when it is expected organization will be perfected.

The marine engineers have a total membership on the coasts, lakes and rivers of the United States of 11,000.

SUBMIT BIDS ON CONSTRUCTION OF DAM

Bids were opened yesterday afternoon in the office of the United States reclamation service for the construction of the dam across Lost river on the Klamath project. Three bidders were present. The dam is to be 260 feet long and 25 feet high. This is listed on the bids as Schedule A, and was bid on separately from Schedule

B, which is for the construction of 28 culverts and bridges in the vicinity of the dam. The following bids were submitted: George C. Clarke & Co., Everett, Wash., Schedule A, \$81,512; Schedule B, \$18,644; McGrath Construction company, Green Bay, Wis., Schedule A, \$112,375; Schedule B, \$11,247.50; Strange-McGuire company, Salt Lake City, Schedule A, \$103,740. This company has no bid on Schedule B, and the McGrath Construction company stipulated that neither con-

tract would be accepted unless both were awarded them. The bids were forwarded to Washington, D. C. last evening and it is likely that announcement of the successful bidder will be made before the first of the year. The American Federation of Labor at its recent annual convention in St. Louis, decided to erect in Washington, D. C., a temple to be dedicated to the cause of organized labor in this country. Plans will be prepared without delay.

"WHICH FAT?"

Any product which contains hog fat is subject to the taint or possibility of disease germs. Lard is made from hog fat—it may be pure and it may not. At any rate, it is at best indigestible, and will raise havoc with any but the hardiest stomach.

Cottolene is a vegetable product, which is far superior to lard for all shortening and frying purposes. It is an absolutely pure and healthful fat made from cotton oil.

Cottolene is a product of nature and is bound to be wholesome. It is the one dependable, healthful product for frying and shortening, and is carefully inspected and made to conform with all pure food laws.

Paying the Shoe Bill Is a Real Problem

The average family man buys shoes for five people and with prices as they are and with the way shoes wear out—he has his hands about full.

The worst of it is there's no prospect of things getting any better so long as you buy the average run of shoes—made of trust-tanned leather and saddled with the profits of four middlemen.

Endicott-Johnson shoes are made by the only shoe concern in the world that tans its own leather—builds the shoes complete from the hide to your foot and sells direct to your home dealer.

Endicott, Johnson & Co. can save you from 50c. to \$1.00 on every pair of shoes you buy—and give you twice the service and wear you ever got in any other shoe at equal prices.

The ENDWELL is their street and business shoe—\$3.00, \$3.50 and \$4.00.

ENDWELL shoes embody foot-comfort with all the latest kinks of fashion. You are not limited as to styles. You can get all the modish lasts—all the shapes of toe—all the colors of leather.

Look for the name stamped on every shoe—

ENDWELL

"Sunkist" Oranges for Health

A Veritable FEAST of "Sunkist" Oranges for Christmas!

Santa Claus Has Just Arrived, Bringing Millions of California's Finest Oranges—the "SUNKIST" Kind. On Sale All Week at Your Dealer's!

Oranges for breakfast! Oranges for lunch! Oranges between meals! Oranges served whole and in halves! Oranges in desserts and salads! Oranges in every conceivable form.

That is the program for Christmas and the Holidays. The people of this city and vicinity are to be given an orange treat such as they have never had before.

For millions of delicious, fresh, tree-ripened, hand-picked oranges, direct from California's fruit farms, have arrived. They will be on sale Monday morning. Your fruit dealer will supply you at a very reasonable price.

The Perfect Orange
"Sunkist" is not a species, size or variety of orange—it is a certain grade or quality, the choicest of each of 5,000 California Orange Farmers, who produce 60% of the state's entire crop. They pack all their perfect oranges under the one name, "Sunkist," and ship them by special fast freight.

It is a tree-ripened orange. Every "Sunkist" orange is firm, solid and sound. It is picked by a gloved hand. No orange that falls to the ground or becomes bruised or damaged in any other way, ever bears the "Sunkist" name.

You Save Money by Getting "Sunkists"
In addition to being the finest flavored of all oranges, "Sunkist" are also the most economical you can buy.

Being thin-skinned, fibreless and seedless, they are nearly all "meat" and no waste. You waste money when you buy any other kind of oranges.

Buy a box of "Sunkist" oranges and your fruit dealer will make you a special price. You will find no trouble in keeping them as long as you want to, because "Sunkists" reach you in excellent condition.

Most Healthful Fruit Known

Physicians now claim that the orange is the most healthful of all fruits. Hence, it is a food that can be eaten liberally and as often as desired. It is much more appetizing and healthful for children, men and women than candy, pastry and other too-rich foods.

Medical authorities state that to counteract the meats and other heavy foods we eat, one should eat oranges liberally. It is a universally known fact that orange juice is an excellent food for the brain cells and a tonic for run-down nerves. No better laxative than sound, ripe oranges can be found.

Save Your "Sunkist" Wrappers

By saving your "Sunkist" orange and lemon wrappers you can easily secure a full set of genuine Rogers orange spoons, dessert spoons and fruit knives. The patterns shown are new 1911 styles, designed exclusively for us. They are as attractive and stylish as money can buy. All are Rogers quality, standard A-No. 1 plate and are fully guaranteed by the maker. No advertising appears on any of our premiums.

Read on the right the description of these valuable premiums and how to get them.
