PILING UP IN SIX DAY BICYCLE RACE

CHICAGO'S ELEVEN PROUD OF RECORD

Football Champions of Middle West That Meet Portlanders Have Great Team.

Chicago, Dec. 19.—Turning their warlike countenances to the Pacific coast, Oak Park's intercollegiate football champions of the middle west, leave today on one of the longest jaunts ever taken by a high school gridiron aggregation.

Just what the result will be is a question all would like to know but confidence holds its own and until the final score is ticked off by the space eating telegraph wire he can but hope that his own champions will return the victor.

When he looks back on the facts as they surround the Oak Park team he is loath to believe that there is anywhere in this country a high school team that can defeat the long-conquering eleven hulled up by Coach Robert C. Zuppke of Oak Park.

Wenatchee, that thriving city of the Wenatchee valley and of the "Big Red Apple" fame, is out to do its best to wrest these honors away from the Windy City lads.

The above photograph shows a few of the contestants in the international six day bicycle race now being held in New York, bunched together on the floor in a spill on a "dead man's" curve, the most dangerous section of the track. Although the men look pretty well tangled up among the machines none was seriously injured.

INDOOR BUNCH HAS TORRID SESSIONS

Dilworths Topple Spaldings and Harry Smith Gets a Broken Rib.

After having the game won from the Dilworths Derbies Saturday night, the Spaldings took a balloon ascension in the ninth inning and when they again hit terra firma the Derbies had scored seven runs and led by the score of 11 to 2.

At the beginning of the last and fatal inning the Spaldings were leading by the score of 5 to 4 and when Briggs, the first man up for the Derbies, popped to Henderson, it looked like one of the best games ever played in the Armory would soon close.

Laird struck out, but Beagle dropped the third strike and threw wild to Austin to catch him. The ball rolled to left field, while the ball crossed the plate with the trying tally. Five hits, a base on balls and an error by Henderson followed and with the aforementioned result.

McKenzie pitched a beautiful game up to the last inning, when he also was landed on for five hits, Barrell was the star of the game. The score:

Table with 4 columns: Team, W, L, P. C. Dilworth 4, Spalding 4, McKenzie 2, Barrell 0.

Sunday Game Exciting. The first game yesterday between Columbia and Gorham was a red hot contest and was second only to the Dilworth-Spalding game when it comes to excitement, scraps and fireworks in general.

Nelson's catch in left field, Todd's catch which ended the game and the hitting and flailing of Dougherty were the features of the game. The score:

Table with 4 columns: Team, W, L, P. C. Dilworth 4, Spalding 4, McKenzie 2, Barrell 0.

Sunday's games were slugging matches. Company "B" fairly routing the regulars from Vancouver barracks with a score of 23 to 4.

Notes of Indoor Tossers. Captain Barrell of the Derbies is probably the best general in the league, several little plays coming up in Saturday's game which were his planning and which were successful.

Butterfly Wins Race. Lee Woodard's Butterfly was from Francis D'Arcy's Bull Pup in the dinghy race yesterday on the Willamette, with Art Sholen's Cat third and Duncan Irvine's Kitten fourth.

SWIMMER PLANS DIVE FROM BRIDGE

Withycombe Will Feature the Christmas Day Swim, Perhaps, by Leap.

Those who go down to the river Christmas morning to witness the annual yuletide plunge in the Willamette in the 100 yard race, will also see a high dive from the top of the Morrison street bridge, if the plans of R. A. Withycombe are carried out.

Several Multnomah club and Y. M. C. A. swimmers took a preliminary dip yesterday. Some went through the 100 yard course, while others crawled out after going only a few feet.

The race promises to be one of the most interesting ever held on the coast and no doubt thousands will line the river bank in the vicinity of Morrison bridge as last year.

COULON-CONLEY BOUT FOR COAST

Will Fight in Los Angeles if McCarey Can Secure Necessary Consent.

New Orleans, Dec. 19.—Johnny Coulon and Frankie Conley will meet for the bantamweight championship of the world in Los Angeles, if Tom McCarey's plans mature.

The little fighters are without a battle ground as the result of the temporary guletus put on the mitt game in Louisiana and unless they agree on another meeting their dispute must remain unsettled.

As soon as McCarey was apprised of the existing circumstances he got into telegraphic communication with both boys. He made them a proposition and is now waiting for their final replies.

EDITORS RECEIVE PLEDGES OF AID

Seattle Star's Fight to Be Heard of Later in Washington Legislature.

(United Press Leased Wire.) Seattle, Dec. 19.—Numerous sympathetic protests from the city and outside, have been received at the Seattle Star office following the sentencing of two members of the editorial staff of the Star late Friday afternoon for contempt of court.

The Fremont Baptist church congregation yesterday unanimously passed a 1000 word resolution commending the editors and pledging their utmost support in their fight for the people of the Duwamish valley, now in conflict with the traction company.

From all over the country messages have been sent to the Star by editors and publicists, urging them to continue the fight for a free press and the right to comment on court decisions, in conflict with the traction company.

Already bills are being drafted, talking from a judge the right to try his own contempt cases, and others wiping the principle of constructive contempt—that is, contempt outside the court room—from the statute books of the state.

That the matter will be fought out in the legislature, which meets early in January, seems certain. The contempt law involving the rights of a free press and the injunction law, will both come before the legislature.

One legislator has a bill which would take from the supreme court the right to pass upon the constitutionality of laws. This would serve to assure the people that laws passed in their behalf by the assembly would stand.

MARS SALES HIS LIFE BY SWOOP

4000 Feet Up When Engine Stops; Grand Glide Understood by Aviators.

(United Press Leased Wire.) Fresno, Cal., Dec. 19.—"Bud" Mars, the Curtiss aviator, is receiving the congratulations of his friends because he is alive. Had Mars for the fraction of a second lost his head during a flight here yesterday it would have been a different tale.

Mars literally fell from a height of 4000 feet. While trying for the exact altitude record his engine stopped in midair. Aviators Glenn Curtiss and Charles Willard, who realized what had occurred, were transfixed with horror, expecting to see their team mate meet the same fate that overtook Ralph Johnson at Denver, but the crowd thought his spectacular descent was only part of the regular performance.

Mars narrowly missed pinning into a row of automobiles that lined the starting field. He tilted his planes abruptly, however, swooped around and came to the ground in safety.

Minister Asked for Information. (Special Dispatch to The Journal.) White Salmon, Wash., Dec. 19.—As the result of a special sent to northwestern dairies of Rev. Tate developing an orchard in Hood River, preaching in White Salmon and taking a hand in politics to the extent that he was wanted to run for the Oregon legislature, the gentleman is now receiving letters containing clippings concerning himself from New York and other papers.

They all request information about the country and some want samples from the trees that grow the apples which they have been eating. Rev. L. Tate says these letters are coming so frequently as to break into his regular work, but it is a good indication of the general desire throughout the east for information of the west.
