

# ST. JOHNS SEES MANY CHANGES

## Two Old Time Residents Going to Live on Farm; New Building Planned.

George and Hubert Simmons, who have long been residents of St. Johns, have traded their home for part payment on a big ranch near Springfield, Or., and have left the city. George Simmons at one time had a tobacco store in the city and both brothers have many friends in the neighborhood. As a result of the successful fair and bazaar held early in the present month, the Knights of Pythias are contemplating the erection of a two story brick building at the corner of Charleston and Jersey streets. A committee has been appointed to discuss plans and specifications. It is intended to start building operations early in the spring. The laying of the concrete on Fessenden street which under Contractor P. J. Peterson had progressed for several

blocks, has been held up owing to the advent of frost, and it is not likely that any further work will be done on this street until the first of April next.

**New Attorney Arrives.**  
Percy Stroud has taken offices in the First National bank building and intends to engage in the law business in the city. He is a graduate of Wisconsin university and of the law school of Chicago university, and he has taken in hand some of the law work of the present city attorney, who has left St. Johns, owing to the increase of his practice in the city of Portland. Whether or not the appointment of city attorney will devolve on Mr. Stroud seems at present unsettled, but at any rate he will receive a hearty welcome to St. Johns and the good wishes of the residents for a lucrative practice.

John Christine today opened up a first class tobacco and fruit stand immediately opposite the Palm cafe, of which Mr. Glover is proprietor, and as this is always a busy corner he expects a large amount of patronage from the residents.

Mr. Fess, a newcomer to St. Johns, has taken over the new St. Johns hotel. He intends to remodel and enlarge it considerably and when the alterations are complete, this hotel will be as well equipped and furnished as any in St. Johns.

**The Interest in Fight.**  
Arrangements are being made for a special boat to run to Vancouver to see the boxing bout on December 21. Considerable interest is being taken by many St. Johns residents in the contest, as young Krueger, who is figuring as one of the principals, was to have taken

part in the last evening's entertainment which was scheduled to be given by the St. Johns Athletic association and which came to such an untimely end.

The Salvation Army, which has for many years been working in the vicinity, has now secured a long lease on the Holbrook room next to Frank Clark's store, and intend to open up a branch department in St. Johns. The room is being remodeled and arranged to suit the requirements of the army organization. No actual aggressive work will be done in this city until the beginning of the year, when Staff Captain S. Bradley of Corps No. 1 will be in charge, being assisted by Lawrence Greene. At present Lieutenant Greene is engaged in looking after the wants of any poor folks he may find in the city, presenting them with a ticket entitling them to a family basket at the Christmas dinner to be given at the headquarters in Portland on Saturday night. Owing to the general desire of the reality men to be present at the adjourned ferry meeting last night, the usual weekly meeting of the reality board was set over until Wednesday next. The question of the general publicity campaign will then again come up for discussion.

**TIE ELECTION CASE IN CALIFORNIA SETTLED**  
(United Press Landed Wire.)  
San Francisco, Dec. 20.—The appellate court yesterday afternoon decided the case of Miss Pearl McKenna of Mendocino. The case of Miss McKenna was complicated with meningitis and would probably have resulted fatally without the typhoid. The new water plant and filter system is now completed and in operation and it is probable that no more cases will result among the student body.

**"LORD'S OREGON LAWS" SOON TO BE ISSUED**  
(Salem Bureau of The Journal.)  
Salem, Dec. 20.—"Lord's Oregon Laws" is the copyrighted title of the new codification of Oregon statutes authorized by the legislature two years ago. The last form sheets have gone to the bindery

and the entire edition will be ready within a month or so. The first copies to be ready for the legislative session when it convenes in about three weeks, are now being bound and packed to await to the opening of the session.

Ex-Governor W. F. Lord who had charge of the work will go to California for his health next month after which with his son, W. P. Lord, Jr., he will open law offices in Portland. The larger portion of the new code is being bought by the George Rodgers Paper company of Salem through Allen, Eaton of Eugene procured the bid from the state, bidding lower than Rodgers but submitting the greater portion again to Rodgers.

F. S. Murphy, a Salt Lake City lumberman, is at the Oregon hotel.  
W. P. Blanner of Nome is at the Oregon.  
R. C. Adams, United States superintendent of construction at Baker City, who also is in charge of repairs being made on the post office building here, is at the Hotel Portland.

**CAUGHT IN ACT OF HOLDING UP LANDLADY**  
Detectives Hanson and Abbott last night arrested William Han at 1814 North Second street as he was in the act of holding up the landlady. This man is suspected of being the same who last Saturday night entered the Parker House and attempted to hold up the people in the house, but was frightened away. In police court, however, he was charged with carrying a concealed weapon and on explaining that he was drunk, was fined \$25 and the gun taken from him.
