GUINEA HENS HAVE NOTHING ON EDDIE

Athletic Hero of Championship Games Noisiest Man in the Team.

Philadelphia, Dec. 21.—Few of the fans outside of Philadelphia know that Eddie Collins is not only an Evans in second base, but in jawing and yelling at the other performers.

The impression seems to prevail that Collins is a brilliant ball player, but a silent one. Far be it from such. Eddie is one of the noisiest ball players that there is. His face is always open and some of these days he will inhale a gaspener if he isn't careful.

"Get a wiggle, there! For the love of Mike, do you think you're playing checkers? Aw, say, if I had a 4-year-old baby and he couldn't stop that one I'd disown him! What! Call that base running? You look like a goat tied to a post! Say, look at him now; didn't slide, and caught standing up! Hate to sell that nice white uniform, huh? G'wan, now, tell it to Sweeney, you big ivory head!"

Thus doth Mr. Collins keep things stirred up vocally throughout a game, and the effect upon the Athletics is the same as is produced by John Evers' diatribes when he upbraids the Cubs. And maybe the Cubs didn't miss that flow of language in the big series?

EUROPE KICKS ON AMERICAN PLANS

Fear Bringing Olympic Games to Cleveland Would Mean Failure.

Paris, Dec. 21.—Tremendous opposition will be made to the holding of the Olympic games at Cleveland, Ohio, in 1916, by England and the countries of the continent, according to the Excelsior, a Paris sporting publication, today.

The announcement in Paris that the American Athletic union had endorsed Cleveland and referred it to the international committee has created a sensation in Paris and generally in French athletic circles.

Opposition to the games being held in the United States is said to have developed more from the extra cost for eastern hemisphere men to attend than from any particular discrimination against Americans.

Washington High School 11 Wants Plenty of Team-work.

Coach Earl's husky interscholastic football champions, who are preparing for their championship game with Oak Park High school of Chicago here December 23, have changed their plans somewhat with regard to practice.

WILL PRACTICE ON EAST SIDE GROUND

Earl has begun to teach his men all the football he knows. He realizes that the Chicagoans are a fast and brainy bunch. They would have to be good to clean up all the other Chicago schools in the easy manner they did.

Earl is going in to balance his eleven in all departments. He doesn't want the line to shine more brilliantly than the tackles, guards or halves.
