

TETRAZZINI WILL SING AT FOUNTAIN

For Love of San Francisco Great Songstress Will Give Open Air Concert.

(United Press Leased Wire.)
San Francisco, Dec. 21.—At Lotta's fountain in the heart of San Francisco, before thousands of persons, Luisa Tetrazzini, who Walter Damrosch has styled the greatest diva of the present age, will sing on Christmas eve. Tetrazzini has promised that the people of her "beloved San Francisco" shall hear her voice in the open air in a special program. A staging will be built at the fountain, presented to the city by Lotta Crabtree, the songstress who won the hearts of the men of 19.

Tetrazzini will appear on the stage at 8 o'clock in the evening. A number of choir boys will also appear and a splendid orchestra under the leadership of Paul Steindorff will accompany the singers.

The diva will sing "Last Rose of Summer," and as an additional Christmas gift to San Francisco, "Home, Sweet Home."

Between the numbers the choir boys will sing Christmas carols.

Already the demand for window space overlooking the thoroughfares converging at the fountain is great and the lucky holders are asking big prices for space.

S. P. SURVEY TO COAST VIA ELMIRA COMPLETED

(Special Dispatch to The Journal.)
Eugene, Or., Dec. 21.—Members of the Southern Pacific surveying crew which has been at work for the past several weeks on a preliminary survey between Junction City and the coast via Elmira and the Siuslaw country, are in Eugene and say that the work of running the line is practically complete. The crew has reached the old Drain-Coos Bay survey at Gardiner, Douglas county, where they will quit work and soon go to San Francisco for further orders. If the road is built along this route the old survey from Gardiner to Marshfield will be used.

Members of the crew in Eugene are of the opinion that the company does not intend to immediately build this line, but has made the preliminary survey so that in case that it wants to rush a line to Coos Bay in a hurry it could do so, without having to first pick out a suitable course. The members of the crew say that the company demanded a very exact survey and that a good route was found, with a maximum grade of one-tenth of one per cent.

BANKS SHOW OREGON CITIZENS ARE AMONG RICHEST IN COUNTRY

(Salem Bureau of The Journal.)
Salem, Or., Dec. 21.—According to the state bank examiner's biennial report, Oregon citizens are on an average among the richest in the Union, based on the individual deposits in her state, private, foreign and national banks.

The total of individual deposits in Oregon November 10 equaled \$184,239,306.40, which was a total of \$155 in the banks of Oregon subject to draft for every man, woman and child in the state, according to the federal census taken last April. The population of Oregon is 572,718 and \$104,250,300.40 represents the demand and time certificates, deposits subject to check and savings deposits. The latter alone was \$11,115,355.31 November 10.

JACKSONVILLE BALL PARK FOR CITY LOTS

(Special Dispatch to The Journal.)
Jacksonville, Or., Dec. 21.—The Jacksonville ball grounds on Fifth street, the first and best ball grounds in Jackson county, if not in southern Oregon, have been sold to Mayor T. T. Shaw and Roy Ulrich of Ulrich Bros., this city. The lack of interest and the poor showing made by the team the last two years is responsible for the sale. The grandstand, bleachers and fence will soon be removed and the grounds cut into city lots. One or two residences are already planned. It is said that the grounds have not paid expenses during the last two years. While this is a hard blow to baseball in Jacksonville, it is not certain that the boys will not be able to find another location for a ball park. Between the new water works and the extension of the Rogue River Valley railroad, building lots are looking up in Jacksonville. Yesterday a total of 10 lots were sold to different parties, the last four at an advance of \$50 apiece over the first six.

WOULD ABOLISH CAPITAL PENALTY

Woman Circulating Petition Hopes Washington Legislature Will Change Law.

(United Press Leased Wire.)
Seattle, Dec. 21.—Mrs. Katherine Stirtan today began a campaign for the abolition of capital punishment in the state of Washington. Mrs. Stirtan is circulating petitions that will be offered to the next legislature and she declares that hundreds of voters have expressed their willingness to sign them. Mrs. Stirtan said today:

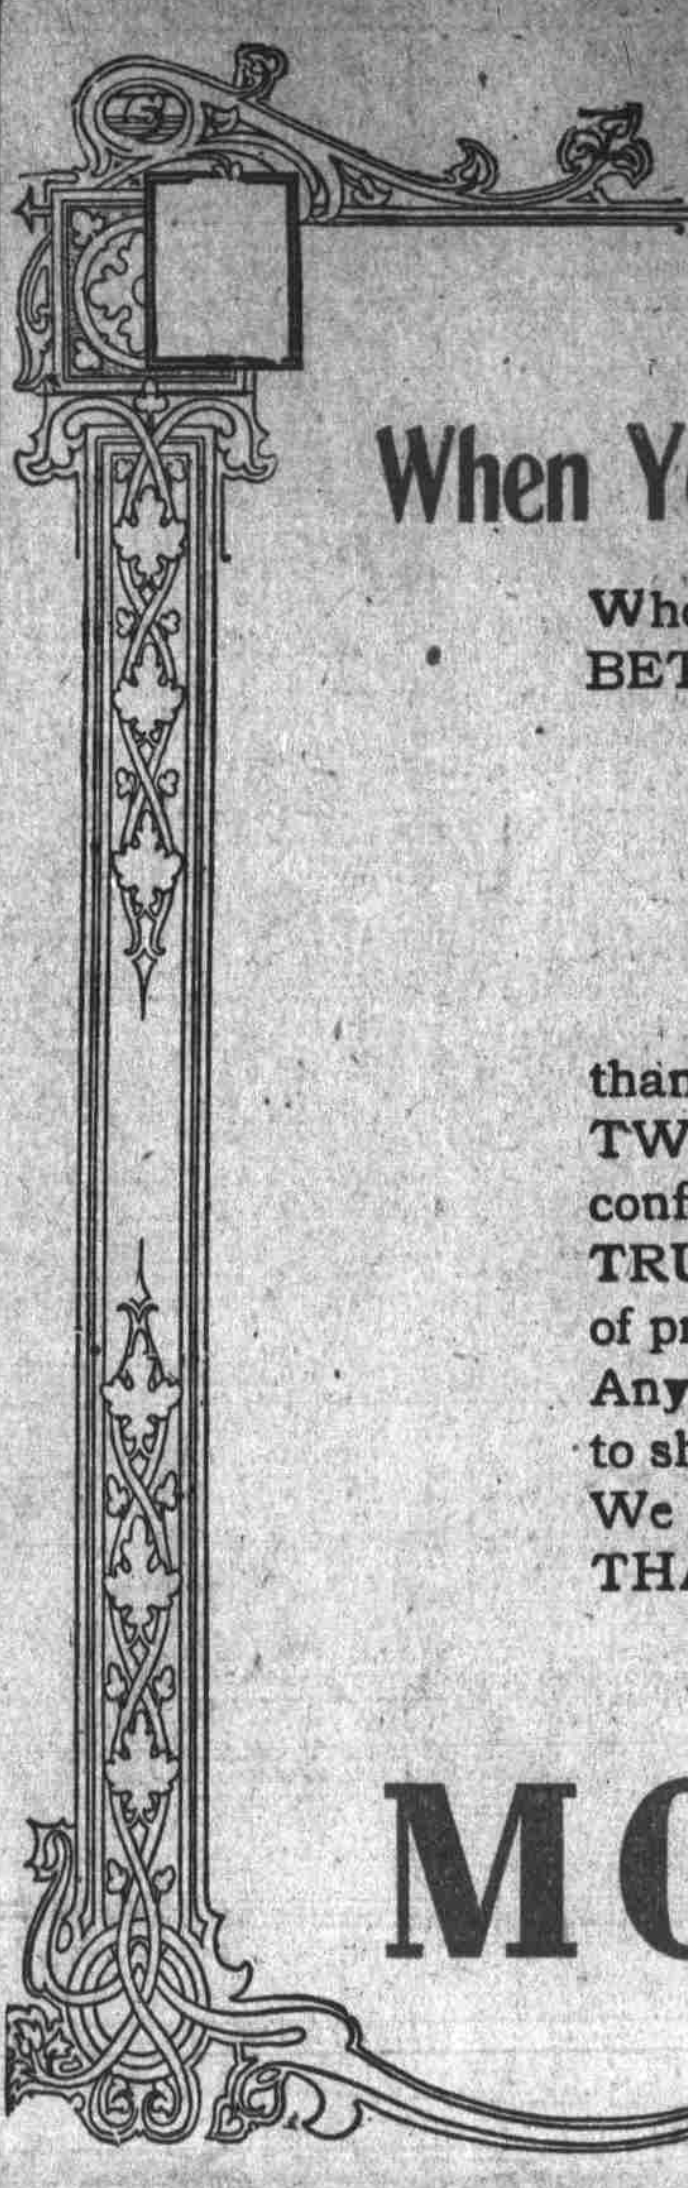

"I have talked with judges, attorneys, men of many professions and prominent business men and I find the sentiment against capital punishment is far more general than the public realize. I believe the next legislature will repeal this inhuman law of the dark ages if citizens will take time to sign these petitions."
