

PLANS FOR RECALL AGAINST GILL GO MERRILY FORWARD

Seattle Council Acts at Once Following Judge Gilbert's Decision—George W. Delling Opposing Candidate.

(United Press Leased Wire.) Seattle, Jan. 10.—With the decision late yesterday at Portland by Judge Gilbert of the United States court of appeals overruling Judge Hanford's injunction, the opponents of Mayor Hiram Gill are deep today in plans for the recall.

As soon as Judge Gilbert announced his ruling, Corporation Counsel Calhoun, who brought the appeal, wired Seattle. Last night the council met and set the machinery in motion for the election on February 7, as previously agreed on.

George W. Dilling, ex-member of the legislature, a Poindexter insurgent and the manager of Senator Jones' campaign of two years ago, who was asked to run against Gill, announced that he was ready to make the race.

Immediate preparations were made to swell the registration, and Wednesday of this week was designated as ladies' day at the registration booths. Some of the women have been backward about registering, and setting the one day aside for women is expected to bring out a record number.

The registration booths will close January 25. It is therefore made necessary that about 3000 register every day to get a complete enrollment. The average has fallen but little short of this, the registration so far breaking all records.

At Olympia Senator Whalley is ready to introduce a bill, to be effective at once, providing for emergency measures in bringing about the recall. The advocates of the recall figure that this will leave no prospect at all that the election can be postponed or blocked.

Don't Catch Cold Washing Your Head

(From Chicago Inter Ocean.) At this season of the year washing the head, with the long hours necessary for drying the hair, is an unnecessary risk that can be easily avoided. "Too much moisture on the hair is a mistake in summer or winter, for it makes the scalp dry and the hair dull and faded. It is better to use a tonic shampoo powder once or twice a week. "Any woman desiring abundant lustrous hair should mix 4 ounces of orris root with 4 ounces of ether and keep this mixture in a sifter top can. Whenever the hair is oily or dusty sprinkle a tablespoonful of this mixture upon the head; then brush it thoroughly through the hair. "This treatment keeps the hair light, fluffy and beautifully lustrous, and ether encourages the growth of long and silky hair."

THIS \$500 FREE PIANO

If You Can Solve This Puzzle. Can You Solve It?

Takes any number from 7 to 15 inclusive. Do not use any number more than twice. Place one number in each of the squares, so that when they are added perpendicularly or horizontally the total will make 23. For the nearest correct answers we will give absolutely free the following prizes in order of merit. All prizewinners will be notified by mail and all prizes must be called for within ten days from closing of contest. It is not wrong to use this paper. Only one person in a family can enter. The winner of the first special prize in this great publicity contest will receive absolutely free the \$500 Reed-French Piano, or if they prefer they can have their choice of either of the other two by paying the difference as above. Other special prizes to be awarded in order of merit. This contest is being held by some of the world's largest manufacturers of high-grade pianos. These manufacturers believe they can make their pianos better known in this way in two or three weeks than it would be possible in any other way in the same number of years.

In Addition to the Above Prizes

every prize winner will receive, according to the merit of the solution, a bonus. The Draft for an amount from \$25 to \$137.50. These Drafts will be accepted by us at their full face value to apply on the purchase of any one of the above new pianos that we are introducing to the piano-loving public through this mammoth advertising plan. The above mentioned Draft will be given in denominations as follows: Three at \$137.50, three at \$125.00, three at \$100.00, three at \$110.00, three at \$100.00, ten at \$16.00, and all correct solutions will receive a Draft for \$25.00.

Think of it! If you solve this puzzle correctly you will receive, IN ADDITION to one of the above elegant prizes, which you get ABSOLUTELY FREE, a bona fide Draft, as explained in the last above paragraph.

These pianos have an enviable reputation in many of the largest cities and the manufacturers believe they can introduce them in this market more quickly and satisfactorily by giving those people THE SAVING of the enormous expense of an introduction through the ordinary methods. Any thinking person will readily appreciate that any manufacturer of a reliable piano can well afford to make the above liberal offer, if by so doing he makes his instruments as well known in this vicinity during the next three or four weeks as would take three or four years by ordinary methods of advertising.

This is the age of co-operation, and the manufacturers of these pianos correctly believe that the best way to introduce them to this market is to spend the advertising money in making SPECIAL OFFERS TO THE PEOPLE rather than by employing world-famous demonstrators at a fabulous expense, and making the people pay for such methods by asking a heavily inflated price for the piano.

In the event of a tie for any of the prizes, the cash value of the prize will be divided equally between those tying. ALL CONTESTANTS WILL RECEIVE A VALUABLE PRIZE FOR THEIR EFFORT.
