

RECALL OF HILL CAN PROCEED NOW

Judge Gilbert Overrules Restraining Injunction of Judge Hanford.

In an opinion in which he questioned the jurisdiction of the federal courts in the case in the first place, Presiding Judge Gilbert of the United States circuit court of appeals yesterday granted a writ of superseas against the injunction issued by Judge Hanford, also a member of the circuit court of appeals, and restraining the recall election Seattle will hold February 7.

granted by Judge Hanford warranted, considering it too great an interference in the local affairs of the city of Seattle. He said his opinion as to the rights of the case were such that when the matter came to be considered by the entire body of the circuit court of appeals for this district he would not sit on the case but would call for a district United States Judge.

Judge Gilbert said in his opinion a court should be very slow to tie the hands of the officers of a city in a matter involving an election to be held in the city. He said the instigator of the suit upon which Judge Hanford's injunction was based—Frank H. Scobey of Chicago—had at issue but a small amount of money that would go for excess taxes to pay the expense of the recall election, while on the other hand the city of Seattle stood for the orderly conduct of an election authorized by the laws of the state.

He said further that no great wrong could be done Scobey because the full circuit court of appeals was soon to take the question up and decide it. The case will be heard by this court January 30, in all probability.

WOULD INCREASE POWER OF PORTS

Bill Will Permit Ports to Purchase Tide Lands From State at Nominal Price.

(Salem Bureau of The Journal.)
Salem, Or., Jan. 10.—Increase of the power of ports in Oregon to purchase state tide lands within port districts for the use of the ports is proposed in a bill introduced in the Oregon legislature.

The bill will permit such lands as are needed by the ports of Portland, Coos Bay, Tillamook and others that may be organized to take over tide lands from the state at a nominal figure. These lands may not be alienated by the respective ports, and the title returns to the state if the port goes out of existence.

JAPANESE RESTAURANTS GET LIQUOR LICENSES

On recommendation of Police Sergeant Golts the liquor license committee of the city council yesterday afternoon voted to grant the applications of five restaurant liquor licenses for Japanese, the licenses having been held up at a previous meeting because the restaurants were not fitted up in accordance with the law. The orientals hastened to make alterations in the buildings in which the restaurants were located.

E. R. Rice appeared before the committee with a complaint that C. B. Williams had been granted a renewal of Rice's liquor license. Rice said that he had paid \$197 for the unexpired portion of the license for a saloon at 246 Front street. He opened the saloon in September, agreeing to pay the rent and buy beer from the Enterprise brewery, of which Williams was the agent. Shortly afterward Rice was taken ill and obliged to go to the hospital. He says Williams took advantage of his illness and by means of a power of attorney

took possession of the saloon and obtained a renewal of the license. The committee instructed License Commissioner Joe Hutchinson to cite Williams to appear before the committee at its next meeting to show why he is entitled to retain the license he now holds under power of attorney.

BODY OF MRS. SMITH, SUICIDE, TO GO EAST

The remains of Mrs. Ethel Smith, who committed suicide Sunday morning at the residence of J. D. Brown, 868 Cook street, will very likely be sent to Nebraska, where her parents reside. Coroner Norden says the woman came to her death by using illuminating gas. A bottle of chloroform was found in her room, but there is nothing to indicate that she used it. Two years ago the woman made a sensational attempt to commit suicide by jumping from the Morrison street bridge, but was saved by a steamboat man, who risked his life.
