

Topics of Interest in the Realm Feminine

IN SOCIETY

The farewell dance given by Mr. and Mrs. Richard Koehler at Muriark hall last night was a brilliant event of the season despite the regrettable fact that Miss Koehler was confined to her bed with an attack of the grippe. She is rapidly improving, however, and it is hoped that she will soon be able to accept the many farewell courtesies planned by her many friends before her departure. Forest greenery and chrysanthemums decorated the hall. The music was screened with numbers of Christmas trees and chrysanthemums, while the tables were brilliant with enchanting carnations. In the receiving line with Mr. and Mrs. Koehler were Miss Carolyn Wilson, who has just returned from abroad. The guests numbered between 300 and 400 and in the assemblage were many stunningly gowned women.

Mrs. Koehler was wearing black lace dress over white satin.

Mrs. John Kosciuszko Kolobek wore a beautiful gown of lavender crepe de chine, elaborated with handsome silver trimming touched with mauve in a Japanese design of cherry blossoms and fans.

Mrs. Helen Ladd Corbett was stunning in a gown of goblin blue satin cut on perfectly plain lines with no trimming except a bit of white tulle about the neck. Her ornaments were diamonds.

Miss Felling had on a handsome gown fashioned of heavy yellow brocade. Miss May Felling wore turquoise blue satin with rare duchesse lace with rose point.

Mrs. Zeta Snow's gown was of unusual beauty made as it was of white embroidered chiffon over white satin. Her over dress was elaborated with roses in paste shades and the skirt and sleeves were touched with bands of black fox fur.

Mrs. Robert Wilson Forbes wore a charming combination of white net with touches of pink and lace. Miss Evelyn Wilson was also wearing white chiffon over the liberty satin.

Mrs. G. Walter Gates' gown was a striking creation of black spangles with touches of cloth of gold about the neck and sleeves.

Mrs. H. C. Cabell, of the Barracks, wore black lace with heavy gold embroidery, built over a foundation of yellow satin.

Mrs. George S. Whiteside was the charming hostess who presided at an informal luncheon yesterday, honoring Miss Young and Miss Susan Young of Danvers, Conn. About the table were seated the Misses Young, Mrs. John Eben Young, Mrs. Helen Ladd Corbett, Mrs. William MacMaister, Miss May Felling and Mrs. K. A. Mackenzie.

Mr. and Mrs. Thomas Robertson (Miss Kathleen Burns) are home from their winter journey and established in the Holt C. Wilson residence at Nineteenth and Everett streets. Mr. Robertson is convalescing from an attack of ptomaine poisoning.

Mr. Gurina O. Wold received about 60 guests yesterday, who came to his home and his wife from Washington, D. C. Mr. and Mrs. Peter Irving Wold, and Mrs. Robert Roscoe Boyer (Miss Gaeta Ivorova Wold), who is visiting from Vancouver, B. C. Receiving were Mrs. Wold, Mrs. Peter Irving Wold and Mrs. Boyer. In the dining room Mrs. Warren E. Thomas poured and Mrs. Gifford Nash served beer. Assisting were Miss Fanny Barber, Miss Alice Mulford, Miss Cora Wold and Miss Clara Wold. The table carried decorations of pink carnations. Mrs. Wold and her daughters were at home New Year's day.

UNKNOWN MAN HURT; CAN'T TELL OF ACCIDENT

(Special Dispatch to The Journal.) Medford, Or., Jan. 11.—As the result of a double cross fracture of the skull, believed to have been sustained Saturday night during a lodging house brawl, an unknown man lies at the point of death in the Southern Oregon hospital here.

Late Monday night the injured man was found wandering about the streets by the police, who placed him in the city jail for safekeeping. The extent of his injuries was not then known, and not until yesterday, when he was found by Dr. E. H. Porter aimlessly wandering up and down the street in front of the hospital, and his wounds were examined there, was it ascertained that he had suffered a fractured skull. He was operated on by Drs. E. Shearer and Seely, who trephined the skull and removed a large blood clot that was bearing upon his brain. His condition is said to be critical.

Nothing was found upon his person that would lead to his identity, and he has been unconscious since his admission to the hospital. Several times he has essayed to speak, and at one time, when questioned by Chief of Police J. G. Shearer, mentioned the name of a lodging house and said that he had been hit on the head with a piece of wood while engaged in a scuffle with a man there. An investigation of this statement, however, revealed the fact that no man answering his description had been there, and that no fight occurred there, either Saturday or Sunday night.

WILL MAKE NEW MAP OF CRATER FOREST

(Special Dispatch to The Journal.) Medford, Or., Jan. 11.—The local office of the United States forest service, which is also the office of the Crater Lake national forest, will shortly commence work on a new map of the territory over which it rules. The new map will be complete in every detail and will show all features, including classification of timber and the topography of the land. A map now being prepared in the office will, when finished, show the status of every acre contained in three sections in the reserve.

Just as soon as the snow will permit, Supervisor M. L. Erickson will start crews surveying additional free-use permit-summer home sites on the banks of Pelican bay. Ten were recently listed and were eagerly taken before the offer was a few hours old.

Convention of Auto Engineers. New York, Jan. 11.—The American Society of Automobile Engineers began its seventh annual meeting in this city today, with President Howard E. Coffin presiding. The two day's session will be devoted to the business of the society and the discussion of technical subjects by engineering experts. The report of the secretary shows a large increase in the membership of the society during the past 12 months.

FEMINISM OF TODAY

By Darra Mora.

IN ONE of the eastern cities recently an actress was displeased with the criticism of her histrionic efforts by a local newspaper writer. She decided that his remarks were rude and ungentlemanly. She flew into a temper and then, with determination written in every feature, she "bearded the lion in his den" and, according to the best authority obtainable, mangled that sarcastic critic's thoughtful countenance considerably.

In view of the show of physical force which she will approach, the capabilities of man not only in mental powers but also in physical strength. The ever increasing mentality of woman is perfectly apparent; her growing physical strength is just beginning to dawn upon masculinity. This manifestation of physical power has already added perceptibly to the tremors that affect the masculine spine—and as in the case

Coming on the heels of the deadly demonstration of the eastern actress is the statement of Dr. Sargent, physical director of Harvard University. He writes: "Woman is fast nearing the point when she will approach the capabilities of man not only in mental powers but also in physical strength." The ever increasing mentality of woman is perfectly apparent; her growing physical strength is just beginning to dawn upon masculinity. This manifestation of physical power has already added perceptibly to the tremors that affect the masculine spine—and as in the case

of the critic and the actress woman is showing her mettle to the annoyance of the usually styled "stronger sex."

For centuries man has conducted the affairs of the world, and of "his women," according to his own ideas, which ideas he has been disposed to regard as "sacred," "divine right" and all that sort of thing.

And why? Because of his superior physical strength. For practically all authority is based on the last analysis—on muscle, physical force. But when woman has developed into as strong and brawny an animal as man, what can stop her from getting anything she wants? This movement is what philosophers and scientists call feminism. We read in the daily press of women chauffeurs, women ice men, women carpenters, women architects and even women baggage men. Surely when woman enters such vocations her improvement physically is assured.

The dominance of woman in this country today shows what can be attained by the use of a superior feminine will. What will be man's position when woman is able to back that will by a goodly display of muscle? Again a mental picture of the irate actress and the critic who overstepped his mark passes before us!

Pointed Paragraphs

Dogs make good friends. Dogs can't talk.

A lazy man has to work hard to find an easy job.

He is a wise man who doesn't strive to know too much.

Charity is seldom satisfactory. The best way is not to need it.

The man who says nothing doesn't have to swallow his words.

None of us comes within a stone's throw of what we should do.

An old bachelor would rather eat a green persimmon than kiss a baby.

Ever notice how much oftener you meet a man after he lets you owe him money?

It must be awfully monotonous for a woman to have a husband who never hurts her feelings.

Every girl thinks she could love as no other girl ever loved if she could only meet the right man.

When a married man mysteriously disappears people wonder whether he ran away with a woman or from one.

Owing to the high prices of the necessities of life, many deserving millionaires are compelled to subsist on the luxuries.

Grants Pass Boosters Boost.

(Special Dispatch to The Journal.) Grants Pass, Or., Jan. 10.—The membership contest of the Commercial club between General South's and Dr. Bywater's forces closed Monday night at a rousing meeting. Bywater won 188 new members, making the total 428. A grand banquet for members and their wives will be given January 19. All stores will close in the afternoon. It is expected it will be the biggest day in the history of the city. Grants Pass now has the largest club in the state to the proportion of population, Portland included. An interesting vote taken last night showed that 70 per cent of the 200 members present located here within the last five years.

Bridges Work Smoothly.

The Hawthorne bridge and all the bridges are in good condition now, and it's a good thing, for tomorrow morning there will be hundreds of impatient shoppers on their way to the closing out sale of the Oregon Shoe Store, 247 Morrison street. All shoes at about half price.

Yellow Package Wauna is the best. For sale by all druggists.

"CHERIE" LEADERS ARE A FUNNY PAIR

"The Visitor" Makes a Second Number One Sketch at the Orpheum.

By A. L.

The bill at the Orpheum this week is certain proof of the old adage, "A bad beginning makes a good ending." So do not be discouraged at the opening.

Clayton White and Marie Stuart have headlines written all over them. They are so funny that no one cares whether their skit, "Cherie" is burdened with plot or not. The plot, such as it is, deals with John Harrington, newlywed, who starts out with \$3000 to pay on a bungalow. He runs foul of someone's pet pony, drops the money on it, lands three day jail and loses his wife's necklace. Bruce Asscott, a friend of John and of all the ponies that are going, calls to fix things and meets Cherie-Bertman, the Harrington's unmarried friend just home from Paris. What happens is better seen than described. Majorsch and Philip Perry fill all requirements. Miss Stuart and Mr. White alone are worth the admission.

It is seldom that one bill presents two such excellent sketches as "Cherie" and "The Visitor," which is Porter J. White's offering. It is a cleverly written dramatic playlet where an attorney for the defense, by impersonating a laborer who confesses to murder, traps the prosecuting attorney into admitting the justification of the plea of unwritten law.

The Victoria Four, Messrs. Storm, Reals, Billbury and Moon, sustain the musical end. They sing and sing well, both old and new songs, and were decided favorites. The act is so balanced that it is thoroughly delightful.

A novelty is presented by Hugh Lloyd in a bounding rope act. Without balance of any sort he performs feats that are nothing short of marvelous.

Small Pox Scare Vanishes.

(Special Dispatch to The Journal.) La Grande, Or., Jan. 11.—Dr. N. Mollitor, the county health officer, has returned from the lower Grand Ronde district where he was called by rumors of an outbreak of smallpox. He found that only one case had broken out and that the men were not exposed. He made a thorough inspection of all the camps in that vicinity and found, on the whole, that sanitation was of the best. The one case reported from there was brought down by a man who caught the infection at Haines, where several cases have been reported.

SALOON QUESTION OPEN AT OLYMPIA

Governor Hay Advocates Daylight Saloons and County Option; Capital Removal.

(United Press Leased Wire.) Olympia, Wash., Jan. 11.—Governor Hay's advocacy of daylight saloons only, from sunrise to sunset, and his further declaration for county option as against the present city option, has brought the liquor question to the fore as one of the big questions of the legislative session. The "wets" had hoped that Hay would avoid the question, or at the most come out for county option only. Hay's stand means that the liquor question will be fought out, probably with all the bitterness of the session of 1909, when the present law was enacted. In that session the houses were sharply divided on the liquor question and every other bit of legislation was affected by it. It is prophesied here by leaders in the legislature that the same thing will occur this session. Both sides have big lobbies here.

Everett, shown by the last census to be the fourth city in the state, is hot after the capital. Already a delegation of Everett boosters has arrived and a bigger delegation is coming within a few days. Olympia has been the capital since the organization of the territory.

Armour-Withers Wedding.

Kansas City, Mo., Jan. 11.—A wed-

A CLEVER WOMAN

Some women are born handsome, but through carelessness and inattention grow plain and unattractive.

The clever woman of today is the one who, though born into the world lacking natural beauty, has through keeping abreast of the times and listening to the voice of reason, turned plainness into beauty.

Beautiful hair is more responsible for handsome women than any one factor, and for that reason, every woman should use Parisian Sage, the greatest and quickest acting hair beautifier and rejuvenator in the world.

It gives to dull, faded and lifeless hair a lustrous and character that will, in a few days, increase the beauty of any woman.

Parisian Sage, the international hair restorer, does not fall out, it cures dandruff in two weeks, and immediately stops itching of the scalp.

It is guaranteed by Woodard, Clarke & Co., the druggists, to do all these things, or money back. Make up your mind today to try Parisian Sage on this liberal basis, and remember there is nothing just as good. 50 cents a large bottle at Woodard, Clarke & Co., or by express, all charges prepaid, from Giron Mfg. Co., Buffalo, N. Y. The girl with the Auburn hair is on every bottle.

TRY THIS IF YOU AGHE ALL OVER FROM A BAD COLD OR THE GRIPPE.

Breaks the Worst Cold and Ends Grippe Misery in a Few Hours.

Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress

begin to leave after the very first dose. Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

PENDLETONIANS AGAIN FEAR FOR ROUND-UP

Pendleton, Or., Jan. 11.—Pendleton people are again aroused over the possibility of having another wild west show started in the northwest in opposition to the Round-up. Their present source of alarm is an article which appeared in the Sunday edition of the Portland Journal in which it was stated that a movement was on foot to bring the Cheyenne wild west attractions to the Oregon metropolis at the time of the annual Rose Festival. Inasmuch as C. B. Irwin, who controls all of the performers at the Cheyenne show, has been in Portland, the directors of the Round-up association are inclined to give credence to the report, but they believe that the Portland Commercial club would refuse to endorse such a movement because of the action which it took at the time when Pendleton protested so strongly against a similar movement.

It is very probable that another red hot protest will be drawn up and forwarded to Portland, because it is regarded here that a wild west show in that city would be an encroachment upon the rights of this city.

FRANK L. SMITH CASE CONTINUED TO JAN. 19

A warrant charging Frank L. Smith of the Frank L. Smith Meat company with selling Mrs. J. L. Wigle, September 1, 1910, a case of condensed milk not fit for human consumption, was issued yesterday and the case called before Judge Taxwell. A continuance until January 19 was granted. The arrest was made at the instance of Mrs. Sarah Evans, city food inspector. The contention of Mrs. Evans is that Mrs. Wigle purchased a case of milk stamped with the government inspection mark. When a can was opened it was found sour. Mrs. Wigle asked Mr. Smith to make the loss good, but says he refused and Mrs. Evans was appealed to. Mrs. Evans declares Smith would not talk to her. The matter was taken up with Smith's attorney, who asked that no action be taken on the matter until a settlement could be made. Mrs. Evans called to effect a settlement and had the warrant issued.
