Pennsylvania Man Thankful

Marshall, Mich.

Dear Sir:-Perhaps it will interest you to know Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on: it just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in. It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it.

My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am.

Yours very sincerely.

Bald Prairie, Texas. J. E. LONG. Dear Sir:

I began using your Appliance for the cure of rupture (I had a pretty bad case) I think in May, 1905. On November 26, 1905, I quit using it. Since that time I have not needed or used it. I am well of rupture and rank myself among those cured by the Brooks Discovery, which, considering my age, 76 years, I regard as remarkable.

Very sincerely yours.
