

## LITTLE DOING AT NEW POSTAL BANK

Believed Klamath Falls Institution Will Be Success When Spring Work Opens.

(Special Dispatch to The Journal.)  
Klamath Falls, Or., Jan. 19.—The postal savings bank in this city is not causing a rush on the part of depositors to get their funds into the custody of Uncle Sam. The depositors so far are mostly salaried persons or children. The business man or person who uses a check book has not deserted his favorite bank to place his spare cash with the government.  
It is the opinion of Postmaster R. A. Emmitt that the bank will do a good business, but that for some time it will be quite slow. There is but a small payroll in this city during the winter and very little foreign labor is employed. In the spring when work opens and hundreds of foreigners will be employed on the streets and the government and railroad work the postal savings bank should do a big business and make a showing that will be a credit to the city.  
The bank has been open for a week and it has not exceeded a dozen depositors and the amounts are all below \$100. Most of the depositors began with \$1.

## SOCIALISTS SHOW SUCH FRONT THAT MINISTERS RESIGN

(Continued from Page One.)  
started to save Denjuro Kotoku, his mistress Suga Kanno, and the 22 other Socialists condemned to die. It is believed that since their fate is now directly in the hands of the mikado, the protests against their execution will be more likely to succeed than if Katsura  
Foley's Kidney Remedy—An Appreciation.  
L. McConnell, Catherine St. Elmira, N. Y., writes: "I wish to express my appreciation of the great good I derived from Foley's Kidney Remedy, which I used for a bad case of kidney trouble. The bottles did the work most effectively and proved to me beyond doubt it is the most reliable kidney medicine I have ever taken and shall always have my endorsement." Skidmore Drug Co., two stores—Main store, 151 Third street; branch store, Morrison and West Park streets. Woodard-Clarke Drug Co.

had stood his ground. To the emperor or now will come direct all demands that a commutation of the death sentence be granted.  
To add to the Socialists' confidence, it became known today that a powerful anti-Katsura party will seize the occasion of the premier's resignation to make desperate efforts to oust him from imperial favor. Any change in the government, they say, must be to the advantage of the condemned, as Katsura's prosecution of the alleged conspirators has been particularly bitter.  
Throughout all Japan today petitions to the mikado are being circulated praying for clemency for the Socialists. These will soon be in shape for presentation. Before the emperor can call together the elder statesmen, the unofficial body to whom he turns for advice in crises of moment the petitions it is expected, will be presented. To these "fathers of the nation" will be submitted the petitions in favor of Kotoku and his comrades. Not until they have decided upon the course to be pursued will the fate of the Katsura ministry be known, it is believed.  
In no case, it is said, will Katsura's iron measures be continued. "Kotoku's partisans, since the conviction and sentence of their fellows, have shown that Socialism in Japan is widely and generally believed, and that any attempt to suppress the propaganda by the measures adopted in Kotoku's case will be certain to prove seriously embarrassing to the government."

## CITY CREMATORY SEVERELY SCORED BY "DOC" WHEELER

(Continued from Page One.)  
afternoon without having previously announced my coming, and I found an "awful" mess. There was a frightful stench and the smoke in the dumping room was so thick that I could not stand it. I had to leave. Drivers of the garbage wagons had difficulty in urging their teams through the smoke into the dumping room.  
Cracks in Stack.  
"The stench from the chimney was almost as bad. Even out in the open air the nauseating smell was such that I did not linger any longer than was necessary for me to complete a cursory inspection of the large cracks at the base of the stack. Not only are there cracks at the bottom of the stack, but there are noticeable apertures near the top. Out of these smoke or steam, I don't know which, was pouring. Everything was in marked contrast to what the health board saw when it made its official inspection several weeks ago. But on that occasion the contractors were expecting us.  
Dr. Smith exhibited to the board a note book on which he had jotted down a great many defects observed by him in the course of his unofficial inspection. He again called attention to the defective ash car system, which has been described by The Journal before. He told the board that he saw un-

consumed fragments of paper floating out of the top of the chimney.  
Quibble Over Pay.  
Dr. Wheeler informed the board that a legal question has arisen as to who shall pay for two extra men employed on the dumping floor. Dr. Wheeler contends that the contractors should bear this extra expense, and he bases his contention on the specifications.  
"Engineer Fred P. Smith, of the Public Works company, made the statement that the specifications provided that the contractor should pay for these men, but I am unable to find any such provision," said Dr. Wheeler.  
"Well, gentlemen," said Dr. Smith, "I will never vote to accept that plan, as it is at present. I can't understand why the city's inspectors permitted the contractor to do the work in the manner it has been done."  
While the board was in session Dr. Wheeler made a detailed report of the official six months' test so far as it has proceeded since December 31.  
"We have been assured by the company wide latitude in an effort to help them make a successful showing," said he, "but I think the time has now come to draw the line. We have furnished them all kinds of fuel from slabwood to nut coal and they are not satisfied. They have assumed a belligerent attitude and have flatly refused to remedy defects pointed out by me. They have refused to burn some loads of wet garbage, although their contract with the city demands that such garbage be consumed. We have had to burn the garbage refused by the company in our old plant."  
"Well, what have we a new crematory plant for if it will not burn stuff that the old one can incinerate?" asked Mayor Simon.  
"I have been disposed to be lenient with the company thus far," continued Dr. Wheeler, "but the plant has been burning only about 100 tons of refuse a day up to this time. The specifications call for a plant that will destroy 150 tons of all classes of refuse every 24 hours. During the months of April, May and June great quantities of garbage will pour in to the plant and then we will compel the company to adhere rigidly to the specifications. It will have to receive all kinds of refuse. I hope it will make good but the city will demand that the 150 ton test be completed."  
Dr. Wheeler exonerated Superintendent Harry N. Napier of the old crematory from the charges made by the contractors before the health board that the superintendent had been unnecessarily arbitrary. He intimated that the company is trying to have Superintendent Napier discharged so that the city cannot keep such a close watch on its movements.  
Dr. Smith warmly commended the conduct of Mr. Napier. He declared that the superintendent's services have been invaluable in safeguarding the city's interests. The superintendent has submitted daily detailed reports of the crematory test to the health officer. These show just what is being done and exactly how much the incineration of refuse is costing. According to the reports the cost has been double what the company guaranteed it would be.

## MAIL CLERKS IN INDIGNANT MOOD

Hitchcock's Economies Fall Upon Them Unduly, They Say; Threaten Strike.

(United Press Leased Wire.)  
Minneapolis, Jan. 19.—A tie-up of the country's mail system, and a walkout of the railway mail clerks is likely unless Postmaster General Hitchcock discontinues certain phases of his postal savings policies, according to members of the Twin Cities Railway Mail Clerks' association.  
Tentative plans for a walkout of the railway mail clerks have been made, it is said. This will be ordered, the clerks say, unless the practice of requiring the clerks to work overtime without extra pay is stopped.  
Speakers last night who addressed an indignation meeting of the Twin Cities clerks, although they assented to the assertions made before the meeting, said:  
"The mails surely will be tied up all over the country," one of them said. "Although the amount of mail handled is daily increasing, the number of railway mail clerks has been decreased by Hitchcock. His policy of economy is a good one, but the clerks bear more than their share of the saving. A general strike of mail clerks certainly will follow unless some remedy is applied."

## WANTED: 50 MEN AND WOMEN

To take advantage of special offer made by leading druggists advertising today for fifty men and women to take advantage of the special half price offer they are making on Dr. Howard's celebrated specific for the cure of constipation and dyspepsia and get a fifty cent package at half price, 25 cents.  
So positive are they of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles, that they agree to refund the money to any customer whom this medicine does not quickly relieve and cure.  
With Dr. Howard's specific at hand, you can eat what you want and have no fear of ill consequences. It strengthens the stomach, gives perfect digestion, regulates the bowels, creates an appetite, and makes life worth the living.  
If you cannot call at a leading druggist's store today, send them 25 cents by mail and they will send you a package, promptly charged paid.  
Leading druggists have been able to secure only a limited supply of the specific, so great is the demand, and you should not delay taking advantage of the liberal offer they are making this week. For sale by Woodard, Clarke & Co.

## SUES FOR REWARD POSTED FOR MURDERER

(Special Dispatch to The Journal.)  
Medford, Or., Jan. 19.—A sequel to the Smith-Mock murder case, which occurred here last summer and as a result of which the latter is now serving a

life sentence in the state penitentiary, occurred this morning when Mrs. Alice Trask, who lives on a ranch in the Applegate district, filed suit in the circuit court to recover a reward of \$100 offered by Sheriff W. A. Jones for information which would lead to the arrest and conviction of Mock.  
Mock was arrested at the Trask ranch by a posse composed of Deputy Sheriff J. A. Manning and Jack and Kim Garvin. They had been informed of the murderer's whereabouts by Mrs. Trask

and after the capture was made. Manning alleged, they agreed to divide the reward into four shares.  
Manning collected the entire reward, \$100 offered by Sheriff Jones and \$25 posted by the county, and gave Mrs. Trask his personal check for \$17.50. She accepted it but later returned it and is now bringing suit for the entire amount offered by the sheriff.  
Three sessions daily at Oaks' rink, catering to ladies and gentlemen only.

# Midwinter Reduction Sale Benjamin in Clothes

Your interest in this Midwinter Reduction Sale is not merely because you can buy clothes here now at reduced prices—it's rather because it gives you an opportunity to buy clothes of the recognized highest standard at less than usual prices—the clothes themselves are what give meaning to such reductions as these:

- \$20.00 Suits, Overcoats, Raincoats, now **\$15.00**
- \$25.00 Suits, Overcoats, Raincoats, now **\$18.75**
- \$30.00 Suits, Overcoats, Raincoats, now **\$22.50**
- \$35.00 Suits, Overcoats, Raincoats, now **\$26.25**
- \$40.00 Suits, Overcoats, Raincoats, now **\$30.00**
