

WOOD BOY PARK AT CHAMPOEG

Bill Provides for Appropriation of \$10,000—Bill to Govern Corporations.

(Special Dispatch to The Journal.)
Salem, Or., Jan. 19.—A bill was introduced in the house yesterday afternoon by Representative Johnson of Marion appropriating \$10,000 for the purpose of purchasing 10 acres adjoining the provisional government park at Champeog in this county for the purpose of providing a place to celebrate suitably the occurrence of the early history of Oregon that had their scene of action here.

The bill provides that the money shall be expended under the supervision of the president of the Oregon Historical Society.

Measures of Marion introduced two measures yesterday morning recommended by the corporation department providing for the licensing and regulation of foreign corporations not regulated under the present law. They also provide for the retirement from this state of foreign corporations who fail to comply with the proposed law or fail to pay their license fees in this state. The law governing domestic corporations in this state under this proposed act will be applied to foreign corporations.

Representative Jones has introduced a bill appropriating \$500 annually for the next two years for the use of the Clackamas County Fair association.

Representative Shaw of Linn county has introduced a bill providing a penalty of from \$5 to \$25 fine for not labeling food products with the net weight of the goods contained in the package offered for sale.

A bill was introduced in the house yesterday by Representative Pierce of Coos county providing that county courts may employ road masters at a compensation to be fixed by the county courts for laying out and improving roads within a certain district.

PROVIDES FOR TAX ON ALL WATER POWERS

(Special Dispatch to The Journal.)
Salem, Or., Jan. 19.—Repeal of the tax on new water powers, imposed by what is known as the Eaton act of 1909, is provided in a bill introduced in the senate by Carson of Marion. Instead of places graduated license tax on all water powers as well as new. This is in accord with recommendations made by State Engineer Lewis.

Lewis argues that the present tax retards development of new water power projects, and urges it would be better to place a license tax on all water power. It is estimated the revenue would be about \$10,000, which it is proposed to apply to topographic surveys and maps.

ONE BILL PASSED BY SENATE AT MORNING SESSION

(Continued from Page One.)
area to all county and district offices. It requires that whatever the number of candidates for any particular office, the name of each candidate shall appear at the head of ticket as many times as the name of any other candidate.

Two bills were passed by the house this morning. The first came from the Douglas county delegation and is designed to protect and prevent the pollution of the waters of the Umpqua river. House bill No. 87 was presented by Fouts of Multnomah on request of the Southern Pacific railroad. The road recently retained the arrest of a man who was in the habit of carrying 150 pounds of dynamite with him on a passenger train. It was afterward discovered that there was a federal law governing the transportation of explosives, but no intra state measure. The bill was passed unanimously and provides a fine for anyone who violates the law by the transportation of explosives.

Loosens Tight Coughs

Home-Made Cough Syrup.
Here is the cheapest and most powerfully effective cough cure known to medical science. Buy of your druggist, (or have him order it from the wholesaler) two and one-half ounces of essence mentho-laxene. In the package is full directions for making a splendid laxative, curative cough syrup. This amount makes a full pint at a saving of from \$2 to \$3 as compared with ordinary labeled cough syrups, and it is really better to cure because it cures the system of the cold and cough by its laxative action.

It is no trouble to make, just buy the mentho-laxene and make a syrup according to directions accompanying. This is the formula:
Essence mentho-laxene . . . 2 1/2 ozs.
Granulated sugar syrup 1 1/2 ozs.
Directions tell how to prepare the syrup at home. It is certainly a blessing for old people and loosens the tightest cough in an hour, while children like to take it, and it prevents pneumonia, fever and other complications by its tonic and laxative action: fine for any throat or lung trouble, and you can actually feel it working and penetrating the tissues of throat and lungs with its curative properties.

EAST SIDE BRANCH LIBRARY GUTTED BY FIRE

Library building, where 5740 volumes were burned early today.

Fire breaking out at 8:30 o'clock this morning gutted the East Side Branch library, causing a loss of approximately \$2500 to the building. The books, which numbered 5740 volumes, were totally destroyed, representing a loss of \$5740. An overheated furnace is given as the cause of the fire.

When the firemen arrived flames were bursting out from all sides of the building. The doors were locked and Assistant Chief Lunden Kios and his men were compelled to break down the doors to gain entrance. When the front door was torn away the firemen met a blast of flames and were unable to play the hose directly upon the fire from close quarters. After a time the water smothered the flames and attempts were then made to rescue the books, but the fire

had gained such headway that nothing was saved. Engines Nos. 7 and 13, hose No. 3 and truck No. 4 responded to the alarm. It is supposed that between 700 and 800 books are in circulation and are saved. These books are to be returned to the general library. In the library was an especially fine collection of books for children and a number of other standard sets of unusual value.

Following the committee report, consideration of a bill by Cole of Multnomah, providing for publication of supreme court reports was indefinitely postponed, asking for a \$250,000 federal building in Roseburg, where there are many federal departments and scores of employees now using rented quarters was adopted. A resolution to revise the house calendar daily was adopted and Eaton of Lane, Abrams of Marion and Clemens of Multnomah named as the members of the committee to take care of the duties.

There was considerable objection to the form of a bill requiring the governor and secretary of state to annually report to the legislature estimates on the funds needed by state institutions and it went to the ways and means committee.

VETOED BILLS GO TO JUDICIARY COMMITTEE; 2 BILLS ARE PASSED

(Special Dispatch to The Journal.)
Salem, Or., Jan. 19.—The house this morning coincided in the opinion of the judiciary committee that bills vetoed by Governor Chamberlain following the 1909 session should not be considered at the present assembly. There were 15 vetoed bills before the house, all of which were referred to the judiciary committee Tuesday. Brooke of Malheur, chairman of the committee, declared this morning after the report had been filed that the members had taken up the subject in a painstaking way and had decided that it would not be wise for the house to reconsider these bills and pass them over the governor's veto. He called attention to the constitutional provision which provides that vetoes that must be considered at the next session. Since disapproval was expressed by the governor a special session has been held. The judiciary committee feared this gathering might be regarded by the courts as the "next session."

In order to safeguard the subject of proposed enactment, he suggested that members, so desiring, should reintroduce these bills, instead of endeavoring to pass them over the vetoes.

The house reconsidered the vote by which house bill No. 48 of the 1909 session, introduced by Methoney of Umatilla, had been indefinitely postponed, and then by motion refused to consider this or the other 14 bills. This leaves the way open for the reintroduction of the proposed measures.

Most of the bills vetoed relate to increases of salaries. It was proposed to favor some of the officials of Benton, Jackson, Klamath, Willowa, Tillamook, Marion, Lincoln and Coos counties, giving some of them the privilege of hiring additional clerical help declared necessary. Another bill related to the appointment of a board of trustees, and appropriated \$1250 for the permanent preservation of the old McLoughlin home in Oregon City. Because of clerical errors the governor disapproved of the bill to regulate and define banks, and to provide for a board of banking commissioners. Another bill was held to deprive the state board of horticulture of most of its power and to delegate to county officers.

James A. Whitmore, secretary of the "Men and Religion" movement, which has been inaugurated by the Young Men's Christian Association and Protestant churches of America, will visit Portland tomorrow and will speak at noon in the auditorium of the Y. M. C. A. It is expected he will outline plans for a series of meetings to be held later in the year in Portland at which the speakers will include some of the foremost religious orators in the country.

The "Men and Religion" movement was organized in the east and closely resembles the laymen's missionary movement which held a largely attended series of meetings in Portland last year. The laymen's missionary movement, however, as its name indicates, was promoted to stimulate interest in foreign missions, while the "Men and Religion" movement is for the purpose of interesting men in the work of the churches.

A party of prominent speakers has already visited a number of the eastern cities and its efforts have met with great success. This party will later come to Portland. The date of the meetings here is not known, but will probably be announced by Mr. Whitmore, who is an international secretary of the Y. M. C. A. as well as secretary of the "Men and Religion" movement. The meeting tomorrow noon will be open to all men, whether members of the Y. M. C. A. or not.

ILLINOIS MAY HAVE BANK GUARANTY LAW

(United Press Leased Wire.)
Springfield, Ill., Jan. 19.—If a bill introduced in the house here can be passed, Illinois will have a bank guaranty law almost identical with the Oklahoma measure. The bill provides for the establishment of a state banking board and the collection of an assessment of 1 per cent of the average daily deposits from all state banks and trust companies, for a guaranty fund.

PRESTON EXPECTS TO GET RUDKIN'S PLACE

(United Press Leased Wire.)
Seattle, Jan. 19.—It is believed that Harold Preston, a local lawyer, will be appointed to fill the vacancy on the state supreme bench occasioned by the appointment of Judge Rudkin to the federal bench. It is known that Governor

Hay is considering such an appointment. Friends of Preston say the appointment will probably be made today.

CITY FINDS LAND TITLES BAD MESS

Ownership of Tract in Glisan Between Front and River Still Puzzler.

After a month's continuous work on the part of the city attorney's office and the O. R. & N. legal department, the ownership of that part of Glisan street which is between Front street and the river, has not been determined. "The records are in a fearful mess," said City Attorney Grant this morning. "The O. R. & N. company has been abstracting the whole matter, and one of the dupliques in my office has been working on the title ever since Councilman Lombard's resolution to investigate the ownership of the foot of Glisan street was adopted by the city council."

The portion of Glisan street involved in the title quest is now occupied by the piers and abutments of the new O. R. & N. bridge. The Harriman interests took possession and proceeded with the substructure of the new bridge without making an effort to see if the property belonged to them. At the same time the city was being asked to pay \$100,000, or the equivalent, for the east side right of way of the Broadway bridge. It was believed by Councilman Lombard that if the foot of Glisan street should be found to belong to the city its sale to the railroad interests would more than bear the expense of purchasing the east side right of way for the Broadway span.

All of the substructure of the new Harriman bridge has been completed except pier No. 3, near the east bank of the Willamette. The rise of the river has jeopardized this work and emergency efforts are being made to get the nearly completed pier complete before the expected flood materializes.

The Doctor's Answers On Health and Beauty Questions

By Dr. Lewis Baker

The questions answered below are general in character; the symptoms of disease are given and the answers will apply to any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Elwood Sts., Dayton, Ohio, enclosing self-addressed stamped envelope, for reply. Full name and address must be given, but only initials or fictitious name will be used in my answers. The prescriber of any and every well stocked drug store. Any druggist can order of wholesaler.

Mrs. G. E.—Scrofula is a disease of the blood and requires long and persistent treatment. The symptoms are: Sores, running sores, eczema, ulcers, boils, carbuncles, erysipelas, sore throat, sore eyes, matter discharges, etc. Have the following prescription filled for both yourself and two children: Compound Sarsaparilla 4 ozs., Compound Cascara 1 oz., and Compound Fluid Balmwort 1 oz. Mix: Adult dose 1 teaspoonful four times daily. Children 1/2 oz. teaspoonful until the blood is altered and purified.

Skin Disease—Undoubtedly you are suffering from eczema. Spongy results are credited to the following formula when very carefully mixed with the true ingredients: Carbolic acid 30 grains, citrine ointment 1 oz., lanolin 1 oz. Have your druggist mix these three ingredients. Then buy a 2 1/2 dram package of rose-kayolin, a specially prepared out with water. It transforms unsightly hair into beautiful, fluffy, waving tresses and increases the growth wonderfully. Dandruff and itching are quickly eliminated. Try it and you will be well pleased.

Thin Girl—The following formula is said to be used by a noted beauty specialist for increasing the flesh of the bust, arms and neck. If properly used it should prove very satisfactory and round out your figure, as desired: Compound Tincture Cadomene 1 oz. (not cardamon), glycerine 2 ozs., rosewater 2 ozs., and 1 teaspoonful of borax. Mix. Shake well and apply to the neck, arms and bust, rubbing and massaging until completely absorbed. Then wash the parts treated with hot water and soap and dry thoroughly. Apply morning and night for several weeks or months, as the case may require.

Internally take 3-grain Hypo-Nuclene Tablets to increase the weight and strength.

Trouble—You are a victim of chronic liver disorder and nervous complications. Drowsiness, languor, unsteady gait, nervousness, headache, vertigo, sick headache, constipation, dizziness, despondent spells, dark circles under the eyes, etc., are a few of your symptoms. Have this filled for the liver treatment:
Fluid Ext. Mandrake 3 drams, Aromatic Cascara 1 oz., Compound Essence Cardiol 1 oz., Aromatic Syrup Rhubarb 4 ozs. Mix and take 1/2 to a teaspoonful after each meal and at bedtime. Continue several months if necessary. Also take this nerve- and system tonic: Comp. Syrup Hypophosphites 5 ozs., Tincture Cadomene Compound 1 oz. Mix, take a teaspoonful four times daily.
Man—Use same treatment as Trouble.

Georgia—Use same treatment as Trouble.

Asthmatic—A chronic cold, cough or chronic asthma, hay fever or incipient consumption, any one of which your case may be, will quickly be overcome by the persistent and regular use of the following: Oil of Eucalyptus 1 dram, Terereb 1 dram, Essence Mentho-Laxene 2 1/2 ozs., Glycerine 6 ozs. Mix. Continue shake bottle and take a teaspoonful every hour or two hours through the day. Also take nerve- and system tonic recommended for Trouble. This is very prompt and effective.

M. O. R.—You are suffering with chronic indigestion and dyspepsia. If your symptoms are pains under the shoulders, heart palpitation, shortness of breath after eating, belching, gas and heavy feeling in stomach. For quick relief, obtain a package of Tablets Tri-Optine and take pink after breakfast, white after dinner and blue after supper. As a tonic, restorative, take a teaspoonful before meals of the following: Compound Syrup Hypophosphites 5 ozs., Tincture Cadomene Compound 1 oz. Mix. Continue 4 to 8 weeks.
