

# NO STATE FUNDS FOR COUNTY FAIRS

## Bryant's Bill Would Permit Counties to Appropriate Funds for Purpose.

(Special Dispatch to The Journal.)  
Salem, Or., Jan. 21.—A bill, which in event of its passage would prevent the annual inroads upon the state treasury for the purpose of assisting various counties in holding their fairs, was presented in the house yesterday by Representative Bryant of Multnomah. It has the indorsement of the live stock interests.

The bill gives the power to the county court to appropriate \$2000 for the purpose of holding an agricultural fair and also empowers the courts to appoint a superintendent. Provision is made for the formation of a district by any two counties for the purpose of holding a fair. Of the \$2000 appropriated by each county, at least two-thirds must be used for medals and awards as prizes for the best display of live stock or agricultural products. No portion of the appropriation may be used as prizes in speed contests of any kind.

Several bills have already been presented, asking state aid for county fairs. One of these, asking \$1000 for the Yamhill county fair, was reported favorably with the amendment that the county contribute a like sum. The bill was then referred to the ways and means committee. Action upon this and similar requests will be probably deferred until the fate of the Bryant bill is known.

## LIBBY INTRODUCES REGENTS' MEASURE

Salem, Or., Jan. 21.—Representative Libby of Marion yesterday reintroduced his measure providing for a single board of regents for the three state institutions of higher learning, namely, the University of Oregon, the Oregon Agricultural college and the State Normal school at Monmouth.

The measure is almost identical with the one introduced by Mr. Libby at the twenty-fifth session in 1909 and which was defeated. It provides for a board of regents to consist of three members, no more than two of which are to be members of the same political party. They are to receive no pay aside from traveling expenses and necessary clerk hire.

## FIXES SALARIES OF SCHOOL SUPERVISORS

(Special Dispatch to The Journal.)  
Salem, Or., Jan. 21.—A measure providing for the fixing of the salaries of all the county school superintendents in the state was introduced in the house yesterday by Representatives Belknap and Thompson, of Crook, Grant, Klam-

## Bills Introduced in Oregon Senate

Salem, Or., Jan. 21.—Bills introduced in the state senate yesterday were as follows:

S. B. 116.—By Malarkay, combining office of state dairy and food commissioner with state board of health.

S. B. 117.—By Chase, providing for sanitary investigation to protect pupils of public schools.

S. B. 118.—By Barrett of Washington, imposing license of \$100 per month on itinerant peddlers of drugs and nostrums.

S. B. 119.—By Barrett of Washington, regulating deposits of money by state treasurer in banks.

S. B. 120.—By Callkins, making seller of intoxicants to habitual drunkard liable in damages to members of drunk-

ard's family.

S. B. 121.—By Joseph, appropriating \$5000 biennially for premiums for Oregon apple show.

S. B. 122.—By Nottingham, prohibiting possession of any except game birds and those destructive of crops.

S. B. 123.—By Nottingham, authorizing board of regents of normal schools to pay traveling expenses of students residing over 100 miles away, under certain conditions.

S. B. 124.—By Joseph, prohibiting combinations in restraint of trade and imposing penalties.

S. B. 125.—By Joseph, authorizing purchase and use of voting machines.

S. B. 126.—By Nottingham, making appropriations for support of state institutions.

## Bills Introduced in Oregon House

Salem, Or., Jan. 21.—Eighteen bills were introduced in the house of representatives yesterday as follows:

H. B. 165.—By Beals, fixing the terms of the county court of Tillamook county.

H. B. 166.—By Beals, regulating the examination and registration of visiting nurses.

H. B. 167.—By Neuner, appropriating \$150,000 for improvements for the Oregon State fair.

H. B. 168.—By Bonebrake, increasing the salaries of all the county officials of Benton county.

H. B. 169.—By Fouts, creating a district court and abolishing the justice courts in cities of more than 100,000 population.

H. B. 170.—By Pierce, increasing the salary of the assessor of Curry county.

H. B. 171.—By Belland and Linsenweber, authorizing the state board of pilot commissioners to dispose of the sail pilot schooner "San Jose."

H. B. 172.—By Hollis, creating a state fire marshal and deputy fire marshal.

H. B. 173.—By Hollis, providing for the publishing of the delinquent tax list.

H. B. 174.—By Brooke, for the establishment of an experiment station in

ath and Lake counties. It will decrease no salaries and will increase many.

Every county school superintendent in the state under this act, when it becomes a law will receive \$1000 and in addition thereto \$100 for every 1200 children in his county, according to the preceding year's school census, taken by him or his predecessor. No school superintendent, however, is to receive a salary in excess of \$2500. This law will go into effect June 1, 1911, if adopted by the legislature, as to all superintendents who devote their entire time to the duties of the office, and on January 1, 1913, it is to apply to all county school superintendents without discrimination as all superintendents on and after that date are to devote themselves exclusively to the duties of the office.

The act specifies that it does not apply if it decreases anybody's salary and does not apply in counties having more than 200,000 inhabitants.

## JOSEPH'S BILL AIMS AT CRUEL TRUSTS

(Special Dispatch to The Journal.)  
Salem, Or., Jan. 21.—Senator Joseph has introduced an anti-trust bill, modeled on the successful statutes of California and Ohio. The bill provides imprisonment for violation of the act by those engaging in combinations in restraint of trade, whether to raise or lower the price in establishing monopoly and destroying competition. The bill will hit the plumbers' trust and combinations of retailers in all classes of goods.

SOLDIERS MAY CAMP IN CRATER FOREST

Medford, Or., Jan. 21.—The local office of the forest service has learned that the department of the interior and the war department are negotiating for the establishment of a camping ground for soldiers stationed in the district of the Columbia in the Crater Lake national forest. If the present plans go through a territory comprising 125 square miles will be turned over for the use of the soldiers. The location of the proposed ground, believed to have been recommended by Brigadier General P. A. Maus following a visit here last year, is at the headwaters of Klamath lake and when the Pacific & Eastern railroad line is completed will be in direct rail communication with Medford.

# BILL TO AMEND THE WATER CODE

## Additional Appropriation of \$50,000 Is Asked for in McKinney's Measure.

(Special Dispatch to The Journal.)  
Salem, Or., Jan. 21.—Representative McKinney of Baker county, chairman of the committee on irrigation, introduced a measure in the house yesterday afternoon which amends the water code of 1909 in several respects, in compliance with the recommendations of the state engineer and the members of the water board of control. It also provides for an increase in the salary of the state engineer, as recommended by Acting Governor Bowerman in his message to the legislature.

The amendments to the water code are principally to facilitate the work and the practice before the water board and they relate for the most part to matters of procedure. They will operate so as to make the law conform to what the experience of the board in the two years the bill has been in effect has demonstrated it should be. The bill also readjusts the fees making some of them lower than those in effect at present.

The amendment asks for an additional appropriation of \$5000 for surveys to be made in connection with adjudications of the water board of control. The receipts from fees for the adjudications for the past year have been greater than the appropriation made for the work of the board for the year and the state engineer and other members of the board are of the impression that further appropriations for the water board would not be injudicious.

# EATON TAKES MUCH TIME OF HOUSE

## And Time Is Worth \$1.15 per Minute; McKinney Also a Time Consumer.

Salem, Or., Jan. 21.—Eaton of Lane and McKinney of Baker appear to be due for verbal chastisement from some of the representatives who believe these two men have become the chief offenders in wasting time of the house with useless debate. Eaton is blamed for introducing unnecessary resolutions and talking upon them and McKinney for using too much time in answering Eaton.

Defeated in his first attempt to require the resolutions committee to re-

# GRANGERS FRAME GOOD ROADS BILL

## Would Be Substitute to Association's Bill; Changes Suggested.

(Special Dispatch to The Journal.)  
Salem, Or., Jan. 21.—Officers of the state grange and about 10 representatives have framed a bill which will be offered as a substitute to one of those drawn up by the Oregon Good Roads association and introduced by Representative Eggleston.

The substitute restricts the power of the county courts and prevents them from designating where roads shall be built. It provides that the roads can be constructed only on a petition and that the route of the road must be stated in the petition.

The grange will also have a substitute for the bill proposing a state highway commissioner. The farmers believe that the state engineer should take care of the duties, avoiding expense they believe unnecessary. They would then have engineers named in each county, subject to the approval of the state engineer.

# VETOED BILLS LEFT TO PERISH BY THE SENATE

(Special Dispatch to The Journal.)  
Salem, Or., Jan. 21.—Vetoed bills of the last regular session are definitely dead as a result of action by the senate yesterday in adopting a report of the judiciary and revision of laws committee recommending that these measures lie on the table.

This bill a total of 38 bills vetoed by Governor Chamberlain, the majority providing for increase of salary of county officials. Some of the bills have already been reintroduced, among these the vagrancy bill and salary increases for the sheriff and assessor of Marion county.

Lawyers of the senate disagreed as to the validity of action on vetoed bills at this time, as the law says vetoes should be acted on at "the next session" and they were ignored at the special session of 1909. All shades of opinion concurred in the recommendation that the best course to pursue is to let the vetoed bills alone.

# OLD PEOPLE

Made Strong by Vinol.

A prominent Boston lawyer says: "My father is 80 years of age and he owes his present strength and good health to Vinol."

"During the last two trying winters he never had a cold and was able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood making and strengthening tonic for old people I ever heard of."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction. Woodard, Clarke & Co., Druggists, Portland, Or.

# JOSEPH PROPOSES VOTING MACHINES

## Author of Bill Claims Speed and Economy Follow Their Purchase.

Boards of county commissioners and city councils will be authorized to purchase voting machines for use in elections if a bill introduced by Senator Joseph becomes a law. It establishes a state board, consisting of the governor, secretary of state and attorney-general, charged with the duty of inspecting the machines and keeping them within the limitations of the act.

Joseph says the bill is drawn so as to provide free competition in the choice of machines. He believes there will be a large economy in elections in the heavy voting precincts of the state by use of the machines. While the first cost is considerable, there is thereafter a large saving in supplies and cost of election officials, with certainty and speed in the announcement of election results.

The bill authorizes payments for the machines to be made as each county or municipality may desire, in cash or by the issue of bonds or certificates of indebtedness.

# TO VIEW SITE AT PENDLETON JAN. 26

(Special Dispatch to The Journal.)  
Salem, Or., Jan. 21.—Next Thursday the legislative committee named at the request of Governor Oswald West and State Treasurer Kay will leave Salem for Pendleton to view the site selected by Acting Governor Jay Bowerman at that place for the branch asylum.

The committee consists of Representatives L. L. Mann of Umatilla, J. C. Bryant of Multnomah and P. O. Bonebrake of Benton county, from the house, and Senator L. E. Bean of Lane county and Senator W. C. Chase of Coos and Curry counties, from the upper branch.

The committee will undoubtedly invite the committee of medical experts named by the board of trustees to accompany them. It will also select such other engineering and medical experts as it deems necessary to advise it relative to the site. These experts will be selected by the committee in first part of next week.

The purpose of the committee's visit will be to report to the legislature whether or not it deems the present location suitable for a building site and whether or not additional lands will have to be purchased by the state on which to locate the buildings for the new branch asylum. The committee held a short meeting after the adjournment of both houses yesterday and decided upon the date for visiting Pendleton.

Springfield will build four big sewers.

# Gambler Leaves Wife \$10,000.

## Goldfield, Nev., Jan. 21.—Ten thousand dollars is held for Lucille Brynes, a singer in a San Francisco cafe, by the coroner here, following advice from San Francisco that the woman had been located. The money was left by Frank Smith, a gambler, who died last week. Smith was supposed to be single, but papers found among his effects revealed the fact that "Miss" Brynes was his wife.

Indigestion Causes Sallow Complexion

Bad complexion is the direct result of faulty digestion, likewise offensive breath, belching, sour stomach, dizziness and headache. Persons afflicted in this way will be glad to avail themselves of the information given below. It is the prescription for stomach troubles that is creating such a furor in the medical profession on account of its prompt and effective action. It is said to give immediate relief and if used for sufficient time will cure the worst case of dyspepsia. "Two ounces essence of Pepsin; three ounces syrup of Ginger; one ounce Catarrh compound. Mix and take one to two teaspoonfuls after each meal and at bedtime." Catarrh always comes put up in one ounce sealed packages. Any druggist should have it in stock by this time or he will quickly get it from his wholesale house. For best results mix the Pepsin and the Ginger, then let stand about an hour before adding the Catarrh. It will be more convenient to get the ingredients from the druggist and mix them at home. Any one having stomach trouble should certainly try this.

# ORANGE WEEK!

## FORTY-FIVE Carloads Coming—Are California's Finest—The "SUNKIST" Kind—ON SALE ALL NEXT WEEK!

### Attractive Prices and Special Displays of "SUNKISTS" At All Dealers

Forty-five carloads of famous "Sunkist" oranges—more than 18,000 boxes—are speeding eastward by fast freight, direct from the orange groves of California.

They will be here, on sale at every dealer's next Monday morning. The sale will continue through the week. It will be the biggest affair of its kind in history.

Last year's "Sunkist" Orange Sale was such a huge success, and everybody bought so liberally, that your local dealers were simply swamped with business. They were hardly able to supply the demand. We therefore suggest that you place your order for "Sunkist" oranges as early next week as possible. Then you will be certain of being supplied.

Every orange in every box is sound, tree-ripened and hand-picked—the most luscious, healthful fruit on the market. For "Sunkist" oranges are California's choicest crop.

Five thousand orange growers select their choicest and pack them under the name "Sunkist." Thus every "Sunkist" orange is perfect—solid, sweet and full flavored.

In "Sunkist" wrappers you get tree-ripened, hand-picked oranges of the most acceptable variety. Every orange is picked by a gloved hand. They are shipped by fast freight, and always reach your table in prime condition. Being seedless, fibrous and thin-skinned, there is but very little waste. They are the most economical oranges you can buy. Each one is packed in a germ-proof tissue paper wrapper and bears the label "Sunkist."

### All Physicians Advise Oranges

Physicians and food experts advise

people to eat more oranges. We are a nation of meat eaters. And in winter, especially, the system gets clogged, causing congestion, colds, fevers, etc. Those who eat fresh wholesome fruit freely, seldom require medical treatment.

### Serve Them for Breakfast and in Salads and Desserts

Oranges are the ideal breakfast fruit and "between meals" lunch. For salads, they are indispensable. Orange ices, sherbets, puddings, etc., are very popular and delicious desserts.

### "Sunkist" by the Box

"Sunkist" oranges reach you in such perfect condition, fresh from the orange groves, they will keep for weeks. Your dealer can make you a handsome saving if you order a box or half-box. They are cheaper than table apples, and the greatest health food.

### A Word About "Sunkist" Lemons

Fruit dealers at all times are supplied with "Sunkist" lemons. They are the same superior quality as "Sunkist" oranges. Never thick-skinned or pithy. "Sunkist" lemons are so juicy that two of them equal three of the commonplace kind. They, too, are packed in "Sunkist" wrappers.

### Save Your "Sunkist" Wrappers

By saving your "Sunkist" orange and lemon wrappers you can easily secure a full set of genuine Rogers orange spoons, dessert spoons and fruit knives. The patterns shown here are our new 1911 styles, designed exclusively for us. They are as attractive and stylish as money can buy. All are Rogers quality, standard A-No. 1 plate and are fully guaranteed by the maker. No advertising appears on any of our premiums.

Read on the right the description of these valuable premiums and how to get them. (a)
