

ATTACK ON T. R. AND STEEL TRUST

Kentucky Member Draws Parallel With the Temptation in the Wilderness.

(United Press Leased Wire.) Washington, Feb. 3.—A bitter attack on former President Roosevelt and on the steel trust was made in the house yesterday by Congressman Stanley of Kentucky, during the debate on the agricultural appropriation bill. Stanley argued that the trust restrains trade. "I insist that this lawless, defiant and pernicious monopoly be investigated immediately and the guilty, no matter how

powerful or how high, be brought to justice," he shouted. Referring to the trust's obtaining Roosevelt's presidential sanction for its absorption of the Tennessee Coal & Iron company on the pretense of preventing a panic, he said: "Never since the Prince of Darkness appeared, to the Nazarene, was there such a vista of evil and far reaching dominion unveiled to the vision of God or man. The saviour said, 'Get thee behind me, satan,' but the hero of San Juan said, 'I'll get in front of you, Omnipotent devil. I'll stand between you and this colossal and law defying act of plunder; I'll paralyze the arm of justice and still the voice of popular clamor while you sandbag your competitor and loot a dominion in the south as rich and vast as an empire.'"

Three Bad Men Captured.

(Special Dispatch to The Journal.) The Dallas, Or., Feb. 3.—Three alleged hold up men were bound over to the grand jury by the justice court here Monday. They were Richard Brown, Frank Ryan and Charles Smith. Their offense was robbing Thomas Olson at Celilo Tuesday night. Of late holdups have been frequent at Celilo, but it has been difficult to apprehend the robbers.

MAYOR FAWCETT OBJECTS TO RECALL

Sportsmen Active in Movement—Other Commissioners to Be Indicted.

(United Press Leased Wire.) Tacoma, Feb. 3.—The recall petition against Mayor Fawcett, which has been in circulation for two weeks, is being numerously signed, and indications now point to a sufficient number of signers to make it effective. The prevention of the scheduled Lester-Martin prize fight on Wednesday at the instance of the city commissioners, who, it is claimed, were influenced in their action by the demands of a mass meeting of

church voters, has aroused the sporting fraternity and hundreds of admirers of the sport are signing the recall blanks. Nearly 1000 names were added to the petition yesterday. Mayor Fawcett stated today that he was entirely confident that he would defeat any candidate the opposition might put up against him in the coming election. In the meantime a committee of citizens is framing a recall petition for the other four members of the city commission. To Build Fruit Evaporator. Forest Grove, Or., Feb. 3.—J. N. Hoffman, an attorney and business man of this city, will erect a fruit dryer and evaporator on Council street this spring, according to present plans. The building will be constructed mainly of corrugated iron, will be 50x75 feet, and will be of three tons capacity. The equipment of the plant will be modern in every respect, and capable of handling all classes of fruits and vegetables. A vast amount of fruit goes to waste every year in this section, owing to lack of an evaporator, and the new plant will therefore be a boon to the farmers and fruit raisers of the western section of Washington county.

SENATE DEFERS ACTION ON FAIR

Will Act Wednesday; New Orleans Says All Over; California Organizing.

(United Press Leased Wire.) Washington, Feb. 3.—Following an executive session the senate committee postponed action on the Panama exposition question to next Wednesday. New Orleans, Feb. 3.—Presidents of six big New Orleans exchanges and commercial organizations came out today with the statement that their city should accept the will of the house of representatives and not carry the fair

flight farther. Volving the sentiments of the others, A. F. Leonhardt, president of the board of trade, said: "We have lost the exposition fight and we should accept the inevitable. We should yield gracefully and assist San Francisco to make the celebration a success. We would have expected the same from San Francisco." Sacramento, Feb. 3.—Before the present legislature adjourns bills will be introduced providing for the method of expending \$5,000,000 to be collected under the Panama-Pacific exposition tax voted at the recent special session of the legislature. The bills are being prepared by Senator Wolfe of San Francisco. In addition to this a measure legalizing the appointment of a fair commission by the governor and broadly outlining the state's policy toward the exposition will be presented. A state building and exhibit will be provided for out of the \$5,000,000, and the remainder of the fund will go to the fair commission to be distributed as it shall deem expedient. Pennsylvania Belated Boost. (United Press Leased Wire.) Harrisburg, Pa., Feb. 3.—The Pennsylv-

vania legislature yesterday adopted a joint resolution favoring San Francisco for the Panama exposition. For New High School. (Special Dispatch to The Journal.) Forest Grove, Or., Feb. 3.—A petition has been circulated among the voters of this district, requesting the school board to submit the proposition to the legal voters of bonding the district in the sum of \$30,000 for the purpose of purchasing a site and constructing a new high school building. Forest Grove is badly in need of a new school building, and the proposition will likely meet with the endorsement of the majority of the property holders. Notwithstanding the district now has two large public school buildings, the high school is crowded to its capacity, and in another year will be unable to meet the growing needs of the city. Dallas Couple Wed. (Special Dispatch to The Journal.) The Dallas, Or., Feb. 3.—David Lindquist and Miss Rosy Rupp were married at the Lutheran parsonage in this city Monday. Mr. Lindquist is a leading jeweler of this city, and a member of the common council of The Dallas. His bride is a popular young lady of Dur-
