ment force of importance in Chihuahua, and there is little doubt that a new march on Juarez would end in an easy,

possibly a bloodless, victory. Secure in the belief that there will be no fighting at Juarez for some days at least, most of the inhabitants of the city, who last week fled across the line into Texas, are returning to their homes and celebrating their escape from bombardment. The city of Juarez, however, is still under martial law.

SECESSION OF SONORA TO BE MADE BASIS OF ADVANCE UPON CAPITAL

(United Press Leased Wire.)
Huachuca, Ariz., Feb. 7.—A decisive
rebel victory at Juarez would be the signal for the secession of the state of Sonora, according to advices received here today from border towns, where, in anticipation of such an event, provisional officials are said to be preparing to cross the border into Sonora. Sonora in their possession, and a temporary capital established at Juarez, the rebel leaders believe they would have the revolution well in hand and that an advance on Chihuahua and then on Mexico City would follow. It is belleved here today that General Orozco will return shortly to the attack on Juarez. His delay is said to have been caused by the failure of additional troops, organized in Guaymas, Hermosillo and Nogales, to arrive.

Parties arriving today from Cananea report that insurrectos who recently coandoned Surahuapa are reorganizing on the Yaqui river preparatory to moving to General Orozco's assistance

(Special Dispatch to Tae Journal, a Douglas, Ariz., Feb. 7. — Six aero-planes, to be used by the Mexican rebels to shell the federal forces out of mpregnable positions on mountain tops, it is reported here, will be shipped across the border within a few days. Aviator Smith of Douglas, owner of a Curtiss biplane, is said to have received overtures from both the revolutionists and the Mexican government. Smith is said to have tentatively agreed to accept the government's offer,

Washington, Feb. 7 .- By the first of next week it is expected that six aeroplanes, among them the Curtiss fleet now in California, will be patrolling the Mexican border from Brownsville, Texas, to the Pacific coast. The first of these machines to get into action will be that owned by Robert J. Collier, which is now in transit, by rail, to the disturbed border. Lieutenant Foulois and A. L. UNCLE SAM GETS BUSY WITH FILIBUSTERS: SAID TO BE CROSSING BORDER

(United Press Leased Wire.)
Los Angeles, Cal., Feb. 7.—Private adices received here indicate that a band of 100 armed Americans forced their way across the border today and joined General Orozco's rebels.

Huachuca, Ariz., Feb. 7.—Several Uni-ted States army officers of high rank are expected to arrive here this week to assume charge of the border patrol. Their coming, it is believed, will prove that Uncle Sam plans to take advantage of the trouble in Mexico to engage in a set of war maneuvers of his own. The signal service will be given a thorough test.

Several bands of American adventurers bent on joining the forces of General Orozco have been turned back.

Honest Advice to Consumptives

Somehow there exists a vast amount of skepticism as to the possibility of curing consumption. . . We state none but facts, and are sincere in what we assert none but facts, and are sincere in what we assert. . . If ourselves afflict-ed with tuberculosis, we should do pre-cisely what we ask others to do—take Eckman's Alterative promptly and faith-fully. . . The reason we should do this, and warrant we have for ask-ing all consumptives to take it, is that we have the reports of many cures, one of which follows: of which follows:

1619 Susquehanna ave., Phila., Pa. Gentlemen: "For two years I was afflicted with hemorrhages of the lungs. the number totaled nearly one hundred. Our family physician advised another climate, as to remain would probably be fatal; however, I remained, and in February of 1902, I was taken with a severe ruary of 1902, I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough. Which no medicine I had taken could alleviate. I was again advised to go to another part of the country. It was at this time, March, 1902, that I learned of Eckman's Alterative. In a short time my cough was gone and I was pronounced 'well' or 'cured.' Since that time I have had two slight attacks of pneumonia and I have resorted to no other medicine to effect a cure.

I am at present in excellent health I am at present in excellent health

and feel that as long as I can obtain Eckman's Alterative. I have no fear of consumption. I cannot speak too highly for the good it has done."
