

REGISTRATION BILL PASSED BY SENATE

List of Voters and Residences to Be Taken by County Assessors.

(Special Dispatch to The Journal.)
Salem, Or., Feb. 14.—After being styled by Senator Joseph as "the entering wedge for fraud" in elections in this state, Senator Carson's bill providing for registration of voters by county assessors in all counties outside of Multnomah was passed by the senate yesterday afternoon, the vote being 20 to 10.

Joseph referred to County Clerk Fields of Multnomah as the best authority on registration in the state and said Fields had termed the Carson measure a joke. Carson retorted by ridiculing the plan presented by Fields through "the redoubtable Joseph," saying the Fields idea of registration included an outfit carried under the arm, which resembled the layout for a game.

As finally passed the bill provides for the making of lists by assessors on their rounds, giving the name, residence and political affiliation of each man. This list is subject to revision later on by the county judge and assessor, who may add other names or take off those shown not to be entitled to vote. It also provides for the use of "blank A" on election day by voters not registered, but only one freeholder is required to swear to the qualifications of the voter, this freeholder being personally known to some of the officers of election.

Joseph declared this bill entirely impractical for Multnomah county and feared it would let down the bars for fraud in other parts of the state. Votes against the bill were cast by Albee, Barrett of Umatilla, Dimick, Joseph, Kellaher, Lester, Miller, Sinnott, Von der Hellen and President Selling, all other senators voting for it.

HAGUE COURT TO HEAR CASE OF SAVARKAR

The Hague, Feb. 14.—The Hague court of arbitration met today to consider and act upon the case of Vinayak Damodhar Savarkar, the Indian student recently tried by the British courts in Bombay and sentenced to transportation for life on a charge of sedition. The case differs materially from any that has heretofore been brought to The Hague international tribunal for adjudication.

Savarkar was arrested in London about a year ago on a charge of sedition and was extradited to India for trial. At Marseilles the captive escaped from the vessel on which he was being

taken to Bombay. A French gendarme seized him when he landed on the quay and immediately turned him over to the British detectives under the belief that he was a common thief. The French authorities later made a demand that Savarkar be turned over to them, on the ground that he had acquired the right of asylum on French soil, as he was not a criminal, but a political offender. This question of international rights is now to be settled by the court of arbitration. Meanwhile the young Indian student has been tried and convicted in Bombay, but the sentence will be held in abeyance until The Hague court renders its decision.

JUDGE ADVOCATE GENERAL RETIRES

Washington, Feb. 14.—After having served as judge advocate general of the army for almost a decade, Brigadier General George B. Davis relinquished his duties at noon today to his successor in office, Colonel Enoch H. Crowder, the next senior officer of the corps. The change is due to the fact that General Davis became 64 years of age today, and, therefore, under the law was relegated to the retired list.

The retirement of General Davis strikes from the list one of the few surviving officers of the Civil war. He entered the army in September, 1863, as a sergeant of the First Massachusetts volunteer cavalry. After the war he was admitted to the military academy. On his graduation, four years later, he was appointed second lieutenant of the Fifth cavalry. He served in that regiment for 17 years. He has held the office of judge advocate general since May, 1901. By virtue of special legislation and because of his service during the Civil war he is retired with the rank of major general.

Colonel Crowder, the new judge advocate general, is a native of Missouri. He was graduated from West Point in 1881. He served in the volunteer army in Cuba, during the war with Spain, and later in the Philippine insurrection, reaching the grade of brigadier general of volunteers. As the legal adviser to the governor of Cuba when the United States entered the island on its mission of pacification, from 1904 to 1909, Colonel Crowder materially assisted in the reestablishment of the Cuban government.

ATHENA COVERED WITH GLARE OF SNOW AND ICE

(Special Dispatch to The Journal.)
Athena, Or., Feb. 14.—The terrific blizzard which was raging Sunday afternoon so completely filled the road between this city and Weston that it was impossible for a horse or any vehicle to go from one place to the other. Wm. Littlejohn and Harry Bundy, the two delegates appointed to attend the baseball conference at Weston, started from this place about 12 o'clock with a team and buggy and when about half the way over they encountered a drift in the road which they attempted to go through. The snow was drifting so fast that before they could get started again the buggy was about half buried. A man with a team and wagon attempted to get the buggy and he reported that he could not get within half a mile of the buried vehicle.

Former State Senator on Trial.
New York, Feb. 14.—Frank J. Gardner, the former member of the New York state senate who was indicted last fall on a charge of bribery growing out of the efforts to defeat the anti-race track betting bill at Albany, was placed on trial in the supreme court here today. Gardner, who was a senator from Brooklyn, was indicted on the testimony of Assistant District Attorney Robert H. Elder of Kings county, who swore that Congressman Otto G. Foelker, while a state senator, was approached by Gardner and offered money if he would vote against the bill.
