SAILOR DEPORTED

Strathness Takes Out Negro Deserter From Strathspay.

When she left down today, laden with wheat for the United Kingdom, the British steamer Strathness, Captain Roberts, took James Jones, colored, a native of Wales and a deserter from the British steamer Strathspay, of the same line.

Jones has been in the county jail for some time awaiting deportation by the United States immigration officials and Inspector J. H. Barbour succeeded in getting him away on the Strathness, as she was headed for British territory.

Climate Failed—Medicine Cured

It has been abundantly shown that rest, fresh air, and good food do help many persons suffering from tuberculosis. But, to be really honest, it must be admitted that climate cured him more than "arrested." Something more is needed.

Dr. Eckman's Alternative is a medicine made for the cure of tuberculosis. It has cured this disease again and again. Often these cures have been effected where no intelligent physician would have believed it possible. The patient, where money was scarce, good food and good cooking unusual. Left cures resulted. Now we argue and urge that Eckman's Alternative should be used in every case of tuberculosis. In addition to good, nourishing food, and fresh air, the patient should use Eckman's Alternative. I have been saved from a premature grave, and, feeling that I might benefit suffering humanity, I take pleasure in writing you a brief history of my sickness, which you are at liberty to use. 1904, I was taken with typhoid pneumonia. My lungs became very much affected; my sputum was stained and Tuberculous Bacilli were found. On February 23, 1905, I was advised to go to Fort Worth, Texas. While there an abscess in my right lung broke and discharged. I grew worse, and became very much emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Texas, and arrived in Canon City, June 3, very feeble. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive.

On the 14th of July I began taking Eckman's Alternative. Through Eckman's wonderful remedy for consumption, it being very highly recommended, I might say, by the best of our stout and well-known kind of work about my grain elevator. I have not an ache nor pain in my lungs, and eat well, sleep well, and never feel better. I would be glad if every person afflicted with tuberculosis took Eckman's Alternative.

"MOST BEAUTIFUL WOMAN IN AMERICA" SEEKS DIVORCE

Joseph Supple to Build Speedy Gasoline Craft for Tillamook Run.

A contract has been secured by Joseph Supple, shipbuilder, to construct for T. B. Potter a triple screw gasoline passenger boat to operate between Portland and Tillamook during the summer months that is expected to be the speediest craft of its tonnage on the Pacific coast.

Three engines aggregating 450 horsepower will be used to propel the craft, which will be 120 feet long, 18 feet beam and will have eight feet depth of hold, and it is stated that she will easily make 17 miles an hour without being crowded.

The idea of the triple screw type is that in case of a breakdown of one or two of the engines there will be a remaining one with which to get the craft into port and also for use on those occasions when great speed is wanted. It is said that with one of the engines she will be able to make about 10 miles an hour.

The boat is expected to be ready for service by June 1 and the estimated cost is about \$50,000.

It is expected that suit will be heard very shortly now.

A Reasonable Plea for the Stomach

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work—Especially When It Costs Nothing To Try?

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach? Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and a found to contain nothing but natural digestives.

Chemical Laboratory, Telegraphic address, "Diffindo," London, Telephone No. 11929 Central, 20 Cullum St. Fenchurch St., E. C.

London, 9th Aug., 1905.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's) for the purpose, and find that they are Stuart's Co., 85 Clerkenwell Road, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adaptable for the purpose for which they are intended.

(Signed.)
John R. Brooke, F. I. C., F. C. S.

There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the recommendations of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases originating from improper dissolution and assimilation of foods, because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy, one grain of these tablets being strong enough (by test) to digest 3000 grains of steak, eggs and other foods. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

Ask your druggist for a fifty cent package or send us direct for a free trial sample package and you will be surprised at the result. F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.
