

SENATE JOURNAL TO BE RE-REVISED

For Fourth Time Proceedings of Senate to Be Gone Over; Hunt in Charge.

(Special Dispatch to The Journal.)
Salem, Or., March 6.—A re-revision of Chief Clerk E. H. Flagg's senate journal began again today under Journal Clerk John Hunt. Hunt is the same man who was named by resolution of the senate to revise the journal in the first instance but he is working now under instructions from Chief Clerk Corey of the secretary of state's office. This will have been the fourth time that the journal of the proceedings of the senate of the Twenty-sixth legislative assembly of the state of Oregon has been revised. It is difficult to determine how much time the fourth revision will require. "Under the resolution adopted by the senate authorizing the secretary of state to prepare the journal for the printer," said Chief Clerk Corey, "we have authority to check over the journal to correct any errors that may have been made in revision and since there seems to be uncertainty as to the authenticity of this journal and so many stories are circulated as to the general unauthentic character, I thought it would be well to retain Mr. Hunt to aid the stenographers of this office in preparing it for the printer."
"Mr. Hunt is thoroughly familiar with the journal, having made the original entries of the proceedings and most of it is in his own hand writing. John Hunt has already found errors of minor character in Flagg's journal," he said. "There is not much cause for having bills and resolutions pass more than

once. We have this morning already noted where the same bill or same resolution has passed in Flagg's journal two or three times. These errors will be corrected. Otherwise the general form and character of Flagg's journal will be unchanged. The secretary of state also must make affidavits to accuracy of the journal."
Mr. Corey believes that after Hunt has completed his task the secretary of state can swear with some certainty that the journal is approximately correct. The action of the secretary of state in the matter has resulted in having the journal ultimately revised by the same person, Journal Clerk Hunt, as the senate itself by resolution instructed, but which resolution was found by the circuit court for Marion county to have no precedence over a former statute providing that the chief clerk should do the work instead of the journal clerk. It is estimated that the cost of revising the senate journal of the Twenty-sixth legislature will cost more than is ordinarily expended on the senate journal. Flagg went home Saturday under the impression that his journal had at last been sufficiently revised and was accurate so far as existing circumstances would permit.

Hens Are Natural Born Layers.

(Special Dispatch to The Journal.)
Freewater, Or., March 6.—Mrs. B. F. Williams of this city says she can beat the record of Marcus Johnson of Tarrytown, N. Y., who won a wager of \$500 that his sixty hens could lay one thousand eggs in the month of February. Mrs. Williams has 45 hens and pullets which for the month of February (this year) laid 650 eggs and the month previous (January) 778 eggs and during the month of January she had fifteen of them in the show room or on the road for 12 days.

Injunction Suit to Be Heard.

(Special Dispatch to The Journal.)
Hood River, Or., March 6.—The injunction suit filed by the citizens of Hood River who objected against the supplemental assessment made by the city for the street improvements made on State street, will be heard by Judge E. H. Shaw, tomorrow, Judge A. J. Derby will defend the city in the suit.

DIRECT LINE TO LOS ANGELES, CAL.

Harriman Officials Reported to Plan Cutting Time to Portland.

(Special Dispatch to The Journal.)
Reno, Nev., March 6.—The construction of a direct line between Portland and Los Angeles, via Hazen, is said to have been sanctioned by Judge Lovett and other officials of the Harriman lines during their visit to the coast. It is said it will form part of the \$75,000,000 expenditure planned by the Southern Pacific and the Union Pacific during the next five years.

STATISTICS SHOW LUMBER INCREASE

(Special Dispatch to The Journal.)
Spokane, Wash., March 6.—Statistics compiled by A. W. Cooper, secretary of the Western Pine Manufacturers' association, show there is an available supply of standing timber in the Inland Empire to construct 17,000,000 four and five room cottages or sufficient to house more than half of the population of the United States and Canada. Four hundred mills in the district, having a total capacity of 3,000,000,000 feet, cut 1,450,000,000 feet of 80,000 cars of lumber in 1910, as against 1,250,000,000 feet in 1909. The value of the product at the mill is estimated at \$21,000,000, of which amount \$14,000,000 was paid for labor. Six million dollars was paid to railroads for hauling the output. The value of the stumpage cut is placed at \$3,000,000. The report shows there is

HAWAII WILL BE TESTED BY FLEET

Warships on Pacific to Make Mock Attack; Fortifications in View.

(United Press Special Wire.)
Washington, March 6.—The Pacific fleet which has been maneuvering off the coast of California during the winter, is to proceed to the Hawaiian islands at once, it is announced to carry out plans for a demonstration to ascertain where successful attack must be made on the Hawaiian coast.
The ships will cooperate with the army and hydrographic office in the maneuvers. It is believed the aim of the demonstration will be to experiment to locate fortifications.
This is regarded as the most strategic point for fortification, it is claimed by many, in planning defense of the Pacific coast.
Carrying out the plans of the maneuvers, it is said, four or five cruisers of the Pacific fleet will attempt to make landings in places from which the department has reports from the hydrographic officers that landings might be made by vessels of heavy displacement.

I. O. O. F. LODGES HOLD SESSION AT LEBAM

(Special Dispatch to The Journal.)
South Bend, Wash., March 6.—An afternoon and evening session of the seventh semiannual district meeting of the I. O. O. F., held Saturday at Lebam, a thriving town about 20 miles east of

TELEGRAPHERS TO BECOME TELEPHONERS

Rural Delivery From Athena.

(Special Dispatch to The Journal.)
Athena, Or., March 6.—Postmaster H. O. Worthington has just informed the patrons of his office that he has taken up the matter of rural free delivery with the department at Washington and that they have granted the rural service, which will begin July 1, 1912. The district that will be taken in by this route will extend north of town to the Link Swaggart farm and on the northwest it will include the homes along Alkali flat and Gerking flat.

LORIMER'S THANKS TO PROVIDENCE

Perfunctory Welcome at Chicago; Rockford Citizens Rebuke Lorimer, Cullom.

(Special Dispatch to The Journal.)
Chicago, March 6.—Political and personal friends of Senator William Lorimer welcomed him home yesterday, while thousands of curiosity seekers lined the streets along which the parade passed. Two hundred and fifty automobiles and a number of bands were in line, but the fact that the welcome was forced and not spontaneous was apparent in many respects.
At his home Lorimer made a brief speech in which he declared that Divine Providence had saved his seat in the senate for him. The formal welcoming speech was made by Rev. Michael Bonfield in behalf of "the poor and needy" to whom Senator Lorimer had ever been a sympathetic and helping friend.

SCORES OF CHILDREN DIE IN MOTION PICTURE HOUSE

(United Press Special Wire.)
St. Petersburg, March 6.—Ninety persons, mostly children, were burned and trampled to death in a fire here yesterday in a moving picture theatre at Besseville. Forty were seriously injured. Five hundred were in the theatre when it caught fire from an explosion of the moving picture machine.
The audience became panic stricken, and in their mad rush for the exits clogged the doors and passageways. Men, in their frenzy of terror, beat down women and children and trampled them under foot.
Few of the bodies of the victims were recognizable.
Kills Ninth Bear.
Aberdeen, March 6.—Killing his ninth black bear for the year, Arthur Salmon, who is employed in a logging camp 19 miles up the Wishkah river, also captured a cub whose eyes were not yet open, and which has to be fed on a bottle. He has it at his home, and will make a pet of it. Mr. Salmon has also killed two cougars and several wildcats. He has spent but little time in the chase, but is both fortunate and lakiful.
