Believed Man Who Shot Engineer is Hiding in Hills Near Washtucna.

(Special Dispetch to The Journal.) Colfax, Wash., March 16.—With little chance for escape the murderer of Engineer Anthony S. Lowe, who was shot through the head by a hobe thought to be F. E. Jones, a painter of Seattle, is sull at large, pursued by a posse from several directions from Washtucna.

Deputy Sheriffs Harry Dent, Ed. Denison, Art Herdon and Tom Cottle are heading a posse out of Pasco in the hills near Washtucna, Sheriff A. J. Coss of Ritzville, is heading another posse in western Whitman county.

Every train has been searched, and the officers have every reason to believe that the hobo is in the hills after shooting Engineer Lowe, because he had ordered him off the tender of the engine on the S. P. and S. train at Washtucna. The hobo shot Love through the left eye, the bullet entering the brain causing instant death.

BOMBS PUT UNDER JUAREZ BARRACKS BY INSURRECTOS

(Continued from Page One.) several bombs had been found at different places in the officers' quarters. This would indicate that the persons responsible for the dynamiting are still

Navarro detailed a special guard to search the town and ordered them to shoot on sight any person caught with a bomb in possession.

The rebel junta here announced to-

day that a general uprising in the interior of Mexico would take place early next week and that simultaneously the organized insurgent forces would attack the border towns.

INSURRECTOS ENTER UPON CAMPAIGN OF BRIDGE DESTRUCTION

Washington, March 16.—Because the Mexican railways refused to comply with General Madero's order to cease to transport federal froops, the rebels began today a campaign of bridge destruction, from which the junta here predicts that all rail communication with interior Mexico will be cut within 24 hours. The junta points to the activities of the insurgents as the best answer to the reports that Madero is suing for peace.

The junta issued the following state-

"The report that the revolutionary soldiers intend to dynamite the railroads leading into the interior of Mexleo is true. The action was necessary to stop the sending of federal soldiers and supplies. The railroads had been warned time and again.

"General Madero told them that if they ceased, the revolutionists would interfere with their traffic, but if they continued, their rails and bridges would be dynamited. They did not heed the warnings, and must suffer

INSURRECTO FORCES FROM MEXICALI LOOK FOR FIGHT AT TECARTE

Mexicali, Mexico, March 16,—The significance of the departure of Generals Berthold and Leyva yesterday with the major portion of the Mexicali garrison was apparent today when couriers returning from the Cocopah mountains re-ported that the rebel band was well on its way to Tecarte to reinforce Louis Redriguez and his force of 35 men holding that place.

The couriers said that Leyva and Berthold planned to make the big fight at Tecarte and if defeated there to fall back through Picachos pass, contesting every foot of the way. This was borne out by the actions of Captain McDonald and his men, who were left to guard Mexicali, in building trenches to the south of the town, from which direction the retreating men would come.

Louis James was arrested early today while attempting to run the border blockade with a small amount of ammunition. James is an American.

BATTLE IN PROGRESS NEAR DOUGLAS, ARIZ., YAQUIS JOIN REBELS

El Paso, Texas, March 16.—A battle between Mexican troops and General Blanco's insurrecto force near Douglas, Ariz, is in progress, according to advices received here today. Passengers from Sonora report that

a large body of Indians, well armed and mounted, are hurrying from the Yaqui country to join the insurgents,

day to see a few old friends and get away from the Seattle job for the time

Worst Grafters He Has Seen. "Seattle is the cleanest town in the United States today," said Mr. Burns, who is staying at the Portland. "I believe it was the worst up to the time of the shake-up. There has never been a worse set of grafters in any town that I have seen.

Wappenstein will go to the penitentiary beyond question. I believe every other man indicted will land there too. The trouble with Seattle was and the trouble with most cities today is that nobody but the crooks who are in it for what they can get have time to attend te public affairs. Everyone is too busy looking after the details of his own business to take the trouble to go out and vote and get honest men in office.
"If it hadn't been for the women of Seattle I doubt if the place could have been cleaned up the way it has been. They spent their time and money bring-

ing the attention of the men to condi-

crooks out of San Francisco. But the reform movement has triumphed in Cal-ifornia beyond a doubt, as shown by the lection for state officials last fall. "Abe Ruef? Why Ruef is out of danger now and he is just where he belongs. I think he'll admit now that I'm something of a prophet. While working on the San Francisco graft cases I said to him, 'Abe, you are going to the

penitentiary if no one else connected with this affair does. It was a good thing I added that last part to my promise," laughed Burns. Burns took occasion to compliment the present city officials of Seattle, especially the district attorney, who he says surprised everyons by proving to be anything but the "easy mark" he had been picked for and showed that he could do exactly what he set out to

without fear or favor. Concerning the Humboldt gold robbrought Burns here at this time, he said: We have this case entirely settled excepting for the recovery of the bullion, and that part of it will be done very soon. We will get every ounce of gold that was stolen. The case has tions there. They kept at them until been entirely cleared up in all its de-

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay. Backache seems an invention of the evil one to try woman's souls. Only those who suffer this way can understand the wearing, ceaseless misery.

We ask all such women to read the following letter for proof that Mrs. Pinkham's medicine cures backache caused by woman's diseases.

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness on each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and am enjoying good health. It is now more than two years and I have not had an ache or not two years and I have not had an ache or pain

everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testiment and I praise it to all my neighbors. think my test imony will help others you may publish it."—Mrs Ollie Woodall, Morton's Gap, Kentucky.

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you that it 'has done, not what we think it will do. We are stating facts, not guesses.

We challenge the world to name another remedy for wo-man's ills which has been so successful or received so many testimonials as has Lydia E. Pinkham's Vegetable Compound.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

A Genuine Rupture Cure Sent On Trial To Prove It

Don't Wear a Truss Any Longer

After Thirty Years' Experience I Have Produced An Appliance for Men, Women and Children That Actually Cures Rupture

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Send attached coupon today and I will send you free my illustrated book on

send you free my illustrated book on Rupture and its cure, showing my Appliance and giving you prices and names of many people who have tried it and were cured. It is instant relief when all others fail. Remember, I use no salves, no harness, no lies.

I send on trial to prove what I say is true. You are the judge and once having seen my illustrated book and read it you will be as enthusiastic as my hundreds of patients whose letters you can also read. Fill out free coupon below and mall today. It's well worth your time whether you try my Appliance or not. Appliance or not.

Pennsylvania Man Thankful

Mr. C. E. Brooks. Marshall, Mich. Dear Sir .-

Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It was very easy to wear, fits neat and snur, and is not in the way at any time, day or night. In fact, at times I did not know I had it on, it just sdapted itself to the shape of the body and seemed to be a part of the body as it clung to the spot, no matter what position I was in. be a part of the body and scened to
be a part of the body as it cluing to the
spot, no matter what position I was in.
It would be a veritable God-send to
the unfortunate who suffer from rupture if all could procure the Brooks
Rupture Appliance and wear it. They
would certainly never regret it.

My rupture is now all healed up and
nothing ever did it but your Appliance.
Whenever the opportunity presents itself I will say a good word for your
Appliance, and also the honorable way
in which you deal with ruptured people. It is a pleasure to recommend a
good thing among your friends or
strangers. I am.

Yours very sincerely.

JAMES A. BRITTON.
80 Spring St., Bethlehem, Pa.

Recommend From Texas Farmer

Brooks Rupture Appliance Co., Marshall Mich.

Gentlemen.—

I feel it my duty to let you, and also all need a filter as I was, know what your Appliance has done for me. I have been ruptured for many years and have wern many different trusses, but never got any relief until I got your Appliance. I put it on last November, but had very little faith in it, but must say I am new cured. I have laid it away—have had it off for two weels and doing all kinds of farm work with east. While I was wearing it, I had no filt on the structure of the little boy and more, for it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly say I am new cured. I have laid it away—have had it off for two weels and doing all kinds of farm work with east. While I was wearing it, I had no filt of the say.

No. 717 S. Main St., Akron, O.

The above is C. E. Brooks, the inventor, of Marshall, Mich., who has been curing rupture for over 30 years.

If ruptured write him today.

lagrippe and coughed a great deal but it held all right. Words cannot express my gratitude towards you and your Appliance. Will recommend it to all ruptured people.

Yours sincerely,
J. E. LONG, Bald Prairie, Texas.

Others Failed But the Appliance Cured

E. Brooks, Marshall, Mich. Dear Sir .-

Cured at the Age of 76.

Mr. C. E. Brooks, Marshall, Mich.
Dear Sir.—

I began using your Appliance for the cure of rupture (I had a pretty bad case) I think in May 1905, On November 20, 1905, I quit using it. Since that time I have not needed or used it. I am well of rupture and rank myself among those cured by Brooks' Discovery, which considering my age 76 years. I regard as remarkable.

Very sincerel" yours.

SAM A. HOOVER.

Jamestown, N. C.

Child Cured in Four Months.

21 Jansen St., Dubuque, Iowa.

Brooks kupture Appliance Co.
Gentlemen.—The eaby's rupture is altogether cured, thanks to your Appliance and we are so thankful to you.

If we could only have known of it sconer our little boy would not have had to suffer near as much as he did. He were your brace a little over four months and has not worn it now for six weeks.

Yours very truly,

ANDREW EGGENBERGER.

Ten Reasons Why

You Should Send for Brook Rupture Appliance. It is absolutely the only Appli of the kind on the market today in it are embodied the principle inventors have sought after fo

2. The Appliance for retaining the rupture cannot be thrown out of post Being an air cushion of soft rub ber it clings closely to the body, ye never bilsters or causes irritation. Unlike the ordinary so-called pade used in other trusses, it is not cumber some or ungainly. 5. It is small, soft and pliable, an positively cannot be detected through

6. The soft, pliable bands heldin he Appliance do not give one the un densant sensation of wearing a har 7. There is nothing about it to se foul, and when it becomes soiled can be washed without injuring it is the least.

the least.

8. There are no metal springs to the Appliance to torture one by out ting and bruising the flesh.

9. All of the material of which the Appliances are made is of the verbest that money can buy, making it durable and safe Appliance to wear.

10. My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirt years of dealing with the public, and my prices are so reasonable, my term so fair, that there certainly should be no hesitancy in sending free couper today.
