

SUDDEN STOP PUT TO SALARY RAISES

Thirteen Requests Denied, Burgard Asking Where the Coin Is to Come From.

After adding an annual expense of something like \$25,000 to the city payroll by increasing salaries, the ways and means committee of the city council yesterday called a sudden, sudden gavel. On motion by John H. Burgard, 13 salary raises were denied. Mr. Burgard declared he was not opposed to giving municipal help adequate compensation, but that he would like to know first where the money is to come from. Mr. Burgard was recently elected by the council to fill the vacancy caused by the resignation of T. C. Devlin. He is presumably a candidate for reelection and because he has not been in the lawmaking body long can consistently vote against further increases of salaries.

Councilman Baker and Rushlight advocated the increases asked for yesterday, declaring they believed the city should pay for service and that to provide more efficient services more employees are necessary and old employees must receive compensation commensurate with the value of the service given. These councilmen contend that if it was necessary to make all the other raises already allowed deserving workers who now apply for more salary should be accorded like treatment.

Councilman Baker was especially active on behalf of School Nurse Rachel D. Shatto, who applied for an increase of \$18 a month. She has been receiving \$18 a month for the past two years. The city health board was unanimous in recommending the increase of her salary.

P. G. Butcher, sealer of weights and measures, asked for an increase of \$2 a month but his request, like those of 11 patrol sergeants of the police department, was unfavorably recommended to the council.

Councilman Rushlight and Councilman Baker voted for all the increases considered, and Councilmen Burgard, Cellars and Wallace voted against them.

YOUNG WOMAN TEASES MONKEY WITH HATPIN SIMIAN SNATCHES IT

A thoughtless young woman, while teasing the baby monkey at the City Park zoo yesterday afternoon, suddenly had the hatpin snatched out of her hand by the young simian. The monkey evidently taking the black knob of the pin for a nut made several ineffectual attempts to crack it. An extremely large monkey then tried to take the "nut" away from the babe and got a swift dig in the eye with the business end of the pin. The small simian, realizing what a formidable weapon was in its possession, set out after the rest of the monkeys. Soon the cage was an uproar. Monkeys of all sizes were jumping in every direction with the youngest member of the family in hot pursuit. A keeper, attracted by the noise, succeeded, after much coaxing, in getting the dangerous weapon away from the small monkey. The young lady wisely did not return for her hatpin although the keeper still hopes she will. He wants to interview her.

SAVAGE NEW MANAGER FOR HOTEL MARION

(Salem Bureau of The Journal.) Salem, Or., March 21.—W. H. Doolittle will retire as manager of the Hotel Marion April 1, and will be succeeded by Charles H. Savage, formerly manager of the Cottage hotel, but who has been connected with the Marion since it opened last November, as day clerk. Savage was elected manager of the Marion at a meeting of the directors of the hotel company last Thursday. The hotel will also be conducted on the European plan after April 1, instead of on the American, as it is at present, and other changes in the conduct of the big hostelry will be made by Mr. Savage.

Plows Under Diamond Ring.

(Special Dispatch to The Journal.) Condon, Or., March 21.—A. J. McDanel of Rock Creek, one of the prominent ranchers of that section, lost a diamond ring from his finger while plowing last week. The ring was valued at \$200 and is probably under the sod. He has no hopes of finding it.

JAPS IN HONOLULU HONOR WASHINGTON

Cholera in Honolulu was practically stamped out when he left there to return to Portland, says Richard C. Hart, chief clerk of the United States light-house service here. He says that it was confined to about 20 cases in the native district.

Mr. Hart returned last night from a vacation of six weeks, nearly all of which was spent in the islands.

War talk there, he says, is about the same as it is here, but the islanders did not seem to be very much excited about it, and everything appeared quiet. He saw a parade on the night of February 22 in honor of Washington's birthday. In this several thousand Japanese took part, and he said if they were soldiers there was nothing of it in their appearance.

When within about three miles of the dock on the way to Honolulu Mr. Hart said that two Japanese, who were being deported after arriving in San Francisco as stowaways, jumped overboard from the Siberia and attempted to escape by swimming ashore. The men were recaptured.

RIVERVIEW CEMETERY ESCAPES ASSESSMENT

At the request of Chairman A. G. Rushlight, of the council committee on sewers and drainage, City Attorney Frank S. Grant has submitted an opinion, holding that the Riverview Cemetery association can not be forced to pay an assessment levied against a parcel of its property for a sewer in Taylor's Ferry road. The opinion is based upon a decision made by Circuit Judge C. U. Gantenbein in a suit to compel the same cemetery association to pay assessments for a number of lots abutting on property owned by the association and used for burial purposes. The opinion also holds that the assessment will have to be paid out of the general fund of the city and that a similar assessment will have to be paid out of the same fund.

JUDGE DECLINES TO BOW TO BOSS COX

(United Press Leased Wire.) Cincinnati, Ohio, March 21.—The attempt of George B. Cox, political boss of Cincinnati, who is under indictment for perjury, to swear Judge Gorman off the bench during the Cox trial on the ground of prejudice has been defeated. Judge Charles Hunt, who will preside at the trial, declared that he was not authorized to pass upon the Cox affidavit of prejudice.

Hill for Forestry Board.

(Salem Bureau of The Journal.) Salem, Or., March 21.—L. S. Hill has been recommended to Governor West by the Oregon & Washington Lumbermen's association for appointment to the state board of forestry. Under the act creating the forestry board recommendations for appointment to it are to be made by the Oregon State Grange, the United States forestry department, the Oregon Woolgrowers' association, the Forest Pile association and Oregon & Washington Lumbermen's association.

A Good Shampoo In Cold Weather

(From French Beauty Monthly.)

"The true secret of keeping the hair fine, soft and silky is the use of a dry shampoo powder. It is better than washing the head with soap and water and applying hair tonics. Too much moisture ruins the hair—makes it dull, faded and brittle. "Mix together four ounces of theox and four ounces of orris root and you will have a perfect tonic shampoo powder. Whenever the hair is dusty, or when you want to dress the hair for a special occasion, mix with a little of this mixture on the head and brush it thoroughly through the hair. "This will bring out all dirt, oil and dandruff, cool and refresh the scalp and leave the hair clean, fluffy and lustrous. Theox keeps the hair from thinning and graying, preserves its natural color and encourages its growth."

TROOPS TO HOLD MINERS IN CHECK

Armed Strikers at Gillespie, Illinois, Mines Threaten Strikebreakers.

(United Press Leased Wire.)

Gillespie, Ill., March 21.—Troops arrived here today prepared to prevent rioting by 2000 idle miners who have threatened to assault any miner attempting to return to work. Strikers policed the town last night, driving the city patrolmen from the streets. Nine deputies who were sent to Benid last night to protect miners who wished to return to work, encountered 300 armed miners and were forced to leave town under penalty of death.

Three shafts of the Northwestern Coal company are affected by the strike. Officials refused to recognize the strike and ordered that work be resumed. After two local unions discussed the situation one of them decided to return to work. Members of the other local armed themselves and threatened to kill any worker returning to the mines. Sheriff Etter appealed to Governor Deneen for assistance, and the latter sent 300 troops here to protect miners who wish to return to work.

Miners Defy State Troops.

Nine detachments of state troops this afternoon are marching on Benid where they intend forcibly to disperse 300 foreign miners who are threatening bloodshed. They were due at Benid at 3 o'clock and will order the strikers to stay away from the mines.

The foreigners are heavily armed and declare they will pay no attention to the state troops.

Armed with shotguns, rifles and revolvers, foreigners prevented 300 Americans from going to work today.

300TH ANNIVERSARY OF BIBLE CELEBRATED

London, March 21.—The great celebration to mark the 300th anniversary of the publication of the authorized version of the Bible, for which plans have been going forward for more than a year, had its formal beginning today at Buckingham Palace, where King George received in special audience a deputation representing the British and

means \$10 in records, Victor, Edison or Columbia. Play them while you are paying for them.

\$1 a week and the purchase is complete.

We are today extending to every one who owns a Columbia, Victor or Edison Talking Machine a special purchase privilege, which before has never been open. For \$2.00 we will place alongside of that talking machine of yours a \$10.00 outfit of Records of your own selection. And instead of asking pay in advance, we will agree to accept the price in eight additional payments.

This is merely a convenient means of securing your records in series broad enough to make an interesting assortment, without paying out the money before you have any enjoyment of the music. The sooner the better. Today is here.

On Sunday next anniversary sermons will be preached in churches and chapels throughout the United Kingdom and on the Wednesday following the celebration will culminate in a great national gathering at the Royal Albert Hall.

BRYAN TO REMAIN IN NATIONAL POLITICS

Lincoln, Neb., March 21.—That William J. Bryan is to take an active part in the next presidential election is generally believed here, because of the presence of Champ Clark, Governor Shafroth of Colorado, and between 1200 and 1300 other prominent Democrats at a complimentary dinner tendered Bryan last night by the Lincoln Bryan club. It is believed that preliminary plans for the 1912 campaign were discussed at a gathering of leaders after the banquet.

WILL DALY OUT FOR COUNCILMAN AT LARGE

Will Daly, president of the State Federation of Labor, will be put into the primary race for councilman-at-large by the Workingmen's Political club, an organization of about 2000 voters, founded by the waterfront labor union.

Tobias Smith, business agent of the Longshoremen's local, and one of the founders of the political club, says the club has two other candidates in sight. They will seek the positions as councilmen in the seventh and eighth wards, respectively. Mr. Smith said that the club's platform would be made public some time this week.
