FAMOUS OLD SHIP SOON TO BE SOLD TO SATISFY CLAIM

Glory of the Seas, Flagship of American Merchantmen, Is from the sound on June 1. Still Said to Be Sound in Timber.

Marine men today are discussing th downfall of the famous old merchan man Glory of the Seas, which is soo to be auctioned off to satisfy libe against her in the sum of \$2330. Sh was ordered sold by the admiralty cour at Victoria yesterday.

The Glory of the Seas was built 1869 at Boston by Daniel McKay, build er of such vessels as the Sovereign of the Seas, Great Republic and Dreadnaught. The Glory of the Seas was known as the flagship of the American merchantmen which flew the Stars and

She was employed as a tea ship operating from Pacific coast ports, and was in those days looked upon as the finest specimen of American merchantmen.

A few months ago the Glory of the

Seas was sold to Captain McDonnell of Vancouver for use in the hardwood trade in the New Hebrides. When she was taken out of the water recently it found that her timbers were as sound as ever and as good as the day she was built. She is one of the heavvessels affoat and her main yard is 96 feet long and has a circumference of 72 inches in the middle.

She was libeled for unpaid wages and soon will pass into the hands of others who probably will not understand the sentiment that every old sea captain who touches Pacific coast ports feels for her. Her ultimate fate is not known, but those who have recently seen here out of water declare she is as fit as ever and will retain her ability for many years.

THETIS TO OLD POST

U. S. Revenue Cutter Will Be Returned to Alaskan Waters.

The revenue cutter Thetis will be re turned to her old post in Alaskan waters this summer, according to advices received here this morning from Seat-

Upon her arrival from Honolulu, where she has been for the past several years, she will attempt to transport several hundred head of reindeer from the mainland to Kodiak island. These reindeer were brought from Siberia many years ago and have increased from a herd of 1200 to 27,000.

The plan to establish a herd on Kodiak island is mainly for the benefit of the inhabitants, who are always in need of fresh meat. The island is sparsely settled and is said to be ideal for the reindeer.

MALARKEY CORNER AGAIN SOLD. PRICE \$110,000

A new top notch figure was reached today for North Portland property when a 60x100 foot lot at the northwest corner of Sixth and Couch streets was sold for \$110,000. The property was sold by S. Morton Cohn and was taken over by an investment company which was organized for the purpose by tocal capitalists. The deal was negotiated through the offices of the Stewart Fry company.

The property has long been known as the Malarkey corner from the fact that Charles A. Malarkey owned and conducted a fish market there for many years. Mr. Malarkey bought it over 20 years ago. He sold it last July to S. Morton Cohn for \$90,000. It is improved with a two story frame building which brings in a monthly rental of

Speaks to Spanish-American Warriors Last Night; Refuses Further Invitations.

(United Press Leased Wire.)
San Francisco, March 30.—Colone Roosevelt said today that he would make no further public addresses in this city; that the remainder of his stay here would be devoted exclusively to his family and to recreation. He will therefore decline all further invitations.

The colonel will leave here Sunday evening for Reno, Nevada, where he will spend Monday. Returning Monday night to Sacramento, he will be the guest of Governor Johnson until Tuesday, when he will start for Portland to speak be-fore the Commercial club and the Press club. Hence he goes to Seattle and home by the northern route.

Colonel Roosevolt spoke last night to the Spanish war veterans in Duboce hall. He was introduced by Commander Forrester as "comrade." Roosevelt paid a high tribute to the veterans and compared the present conditions of the army and navy with those of the first days of the Spanish war.

My practice is confined wholly to the aliments of men, and the fact that I invariably cure every case that I accept for treatment PROVES that my methods are correct. In-deed, I have for twenty-five years made a specialty of men's aliments and have so closely studied them that I am able to meet every phase and condition of each individual case, and to effect a permanent cure in a very condition of each individual case, and to effect a permanent cure in a very short time. I am never for a moment in doubt as to my course. I know just WHAT to do and HOW to do it, to obtain satisfactory RESULTS. This explains why my practice has grown to be by far the largast in the western part of America.
