ments to Colonists.

William McMurray, general passenger agent of the Harriman lines in Oregon. has received a telegram from Traffic Manager Gerrit Fort of the Union Pacific at Omaha, stating that there are prospects for a very large colonist busines from now until the end of the colonist period, April 10.

"Am not in position to give any definite figures, but we anticipate the same heavy rush on the last days of the perlod," concludes the telegram.

The influx of settlers has been heavier this season than ever and entire satisfaction is expressed by the railroads and the commercial bodies that have been instrumental in inviting settlers to come here to ald in the development and for the good of themselves and the state as a whole. Some complaints have been voiced re-

cently concerning "knockers" at work Theodore Manner, a member of the inincoming trains, warning people surance firm of James Manner & Co., against going to certain sections of the and Manner's sister, who gave her name Pacific northwest in hopes of interest-

Have You a Modern Kitchen?

Third and Oak 89 Third

Not Unless You Have Banished Coal Dust and Ashes, Kindling Wood and Debilitating Heat

> The modern home would be as complete without water and sewer as it would without a Gas Range and a Gas Water Heater.

While no two women may agree on any other subject, yet of the thousands that are using Gas Ranges, all are agreed that they are the most convenient and durable, economical and perfect cooking and baking appliance they ever used or saw.

Our 1911 ranges are now ready for delivery.

Just as we promised-they represent the combined features of quality and convenience.

The experts who wrote the specifications have examined and tested ranges for the past twenty years.

We had them made of highly finished, almost indestructible, rust-proof material.

With broiling and baking ovens both lined with asbestos to hold the heat.

And with hundreds of other features that makes them the most perfect and complete gas stoves yet produced.

Select one of the many styles shown in our Display Room, and you, too, will realize all the comfort and satisfaction a complete Gas Range can bring.

Our ranges were designed and built to be used in the kitchens of Portland homes.

We can meet the requirements of any kitchen, regardless of size.

We sell Gas Ranges and Gas Water Heaters on installments - at cost - connections free.

We ask you to call and look over our proposition for yourself. If you have no time to visit in person, call us up (Private' Exchange 26-A-6274) and we will send an expert to talk it over with you.
