That the new building code which has been in effect only since the first pany, one of the largest concerns in of the year is badly in need of revision Oregon manufacturing sewer pipe and building appeal yesterday afternoon the Denny-Renton Clay & Coal company when the Majestic Theatra company petitioned to be allowed to build a wooden \$1,000,000. The deal involved the transbalcony in a projected moving pleture fer of the entire property and assets Park and Morrison streets. The petition company, consisting of the Portland was denied, but it was only due to the plant and fact that the site of the proposed theais within the inner fire limits that the board had any alternative but to grant it.

Investigation of the code shows that wooden balconies and other forms of non-fire proof building construction for dekelodeons outside of the fire limits are permitted.

"It isquite evident that the nickeldeon regulations will have to be subected to a sweeping charge," said City uliding Inspector Plummer today. "The board of appeal has recommended 17 mendments to sections of more or less of its Portland factories.
