

WALLA WALLA MAY TRY COMMISSION

Commercial Club Decides to Get Petitions Out Under New Allen Bill.

(Special Dispatch to The Journal.) Walla Walla, Wash., April 6.—Walla Walla will vote on the adoption of a commission form of government under the Allen bill, passed by the last state legislature, and which provides that cities under 20,000 may have this government by adopting the uniform charter provided by the bill. A committee consisting of J. H. Morrow, C. S. Bowers, R. H. Johnson, George Kellough and Starr Sherman, is engaged preparing petitions for the voters of the city to sign, and when they are signed by 167 or more people the mayor will proclaim an elec-

tion, at which the people may decide the proposition for themselves. There has not been a larger attendance of the Commercial club in months than the one that decided to take this action; and the overwhelming majority received showed plainly the position taken by those present, only three voting against immediately taking steps to put the matter before the people. The opposition, led by Mayor Eugene Tausick and John P. Kent, favored waiting until the city could annex contiguous territory and become a city of the first class; but those in favor of immediate action, led by President S. R. L. Penrose of Whitman college, C. M. Rader, George Kellough and Starr Sherman, had the meeting with them.

THE SOUND SLEEP OF GOOD HEALTH

Can not be overestimated and any ailment that prevents it is a menace to health. J. L. Southern, Eau Claire, Wis., says: "I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley Kidney Pills but a short time and now sleep as sound as a rock. My general condition is greatly improved and I know that Foley Kidney Pills have cured me." Good results always follow the use of Foley Kidney Pills. They are a prompt corrective of urinary irregularities. Try them. Skidmore, two stores, main store 112 Third st., branch store Morrison and West Park sts. Woodard, Clarke Drug Co.

GOLDEN POTLATCH SEATTLE'S STUNT

Affair Is to Be Annual, to Last Full Week and to Start July 17, '11.

(Special Dispatch to The Journal.) Seattle, April 6.—On July 17, 1897, the steamer Portland arrived in Seattle from Alaska, bringing a ton of virgin gold from the rich new fields of the Klondyke, and starting the great gold rush which gave the first impetus to Seattle's growth and prosperity. On July 17, 1911, Seattle will inaugurate an annual carnival to celebrate the gift of gold, the celebration to be called the "Golden Potlatch, '97," and to consist of a week of pageantry and merrymaking, in which the whole city will take part. The name and general nature of the festival were decided upon by a

committee of leading citizens this week. The citizens are subscribing funds by purchasing official buttons. The celebration will further be known as "A Hot Time in a Cool Place," a catchy reference to the attractive summer climate of Puget sound. Seattle's festival will be widely advertised throughout the east and south as an extra attraction to summer tourists, and the railroads will assist in calling the nation's attention to this unique celebration of an event which marked the beginning of the present great prosperity of the northwest. Water pageants and fetes, street parades, electrical displays and carnival features of every sort will be prominent.

Frequent Washing Not Good for the Hair

(Marian Harlow in Woman's Sphere) "The best method of promoting a healthy scalp, and a growth of long, glossy hair, is to use a good dry shampoo once a week. Women find frequent washing of the head hardens the scalp and makes the hair brittle, straggly and thin. "Dry shampooing exercises the scalp and invigorates the hair follicles and when this condition exists the right amount of oil is fed the delicate tissues and hair roots and the hair takes on new life. "The best dry shampoo powder is made by mixing 4 ounces of orris root with 4 ounces of starch. A tablespoonful sprinkled on the head, then thoroughly brushed through the hair, makes the head feel good and gives the hair a rich, glossy appearance."

OFFICERS WILL BLOCK SMUGGLERS' SCHEMES

(United Press Leased Wire.) San Francisco, April 6.—Immigration officials here today sent warnings to San Diego and other cities near the Mexican boundary that a big rush of contraband Chinese into America may be expected within the next few weeks. The immigration officials here have information that a steamer with a cargo of opium and 800 Chinese aboard, is now enroute to Manzanillo, Mexico. From that port, it is believed the yellow men will try to reach the United States by crossing the line from lower California or by making landings at points along the coast.

Giroux Manufacturing Company, Dear Sirs: "Some three months ago I heard of PARISIAN SAGE, and as my head would itch a good deal, I thought I would try it. I never used any remedies before and was bald on top of my head. I wish you could have seen my head before using your PARISIAN SAGE. I am using the third bottle, and have a lot of hair where I was bald. I do not want you to take my word for this, but would like your salesman to go to Jacobs Drug Store at 10th and Chestnut Sts., Philadelphia, and ask for the sales lady, Miss Smiley, she can tell him all the facts and the many persons I have sent to her for your PARISIAN SAGE. I would also like him to come to see me, and see the new hair sprouting up

from my head. The itching in my scalp quickly disappeared. I am auctioneer at the Bazaar, Cor. Ninth and Sanson Streets, and come in contact with five or six hundred people twice a week.
