(United Press Leased Wire.)
London, April 6.—After a careful investigation the London Evening News has reached the conclusion that Europe's uneasiness in regard to the plague scare is fully justified.
"We have been living in a fool's paradise," says the News. "The fact that there has been no plague in England since 1679 is due to mere chance. Visitation of the plague have nothing to do with cleanliness and sanitation."

The question of vacating enough east side streets to give the O-W. R. & N. Co. room for a freight depot between East Second and Third streets will be discussed at an important meeting of the East Side Business Men's club tonight. General Manager J. P. "If Champ Clark becomes a candidate, I am for him for president against any other man, Republican or Democrat," declared W. M. (Pike) Davis this morning. Champ was practicing law in the little town of Bowling Green, Pike county, Missouri, in the days when "Pike" Davis was unknown to Oregon. Champ and Davis were friends, and Champ has said that if he were ever to leave Missouri he would come to Oregon, as Davis did. When the new speaker came to Oregon on a lecture tour, Davis called all the Missourians

The county commissioners of Multnomah county have petitions every day from persons wanting something done for relatives whose minds have become deranged. Multnomah county has furnished more patients for the hospital than any other county.
