

LAWYER VERY UGLY TOWARD GOVERNOR

Writes That Improper Motive Must Have Influenced Guilford Pardon.

(Special Bureau of The Journal.)
Salem, Or., April 7.—Because Governor Oswald West pardoned Howard Guilford at the request of his young wife, instead of on their petition, his attorneys write the governor accusing him of getting Guilford out of the state to protect unnamed persons. Guilford was sentenced to one year on the rockpile for attempting to bribe a juror in the W. Cooper Morris case. Hinshaw & Critchlow, his attorneys, of Portland, had petitioned the governor to pardon and it was refused them. Hinshaw & Critchlow offered to get Guilford a pardon for \$50, according to what Mrs. Guilford told Secretary Ralph Watson.

Guilford will be pardoned by the governor without any conditions whatever, though the governor understands that Guilford's people will take him and his family to Massachusetts again and take care of them until they can get on their feet. They will be given a new start, though Guilford and his family, says Governor West, can remain in Oregon if they wish.

PUBLIC DOCKS PLANS WILL BE HASTENED

Pendleton, Or., April 7.—There is opposition in Pendleton to the Sunday closing of the postoffice, so because Sunday is the only day ranch hands, harvesters and other temporary employes have to come to Pendleton and get their mail. Business men are to present a petition against the closing. The Commercial association is opposed.

MOTHERS PLEAD FOR YOUTHS AFFECTED BY BAN ON FIRECRACKER

If you take away the boy's firecracker on the Fourth of July, you should substitute something else to appeal to his fancy and inspire his patriotic fervor. Such is the argument of the Oregon Congress of Mothers, which has passed resolutions asking Mayor Simon and other city officials to provide some sort of program to entertain the crackerless patriots.

EXPERIMENTS IN RICE INAUGURATED AT O. A. C.

(Special Dispatch to The Journal.)
Oregon Agricultural college, Corvallis, Or., April 7.—That rice may be added to the many crops produced in Oregon is a possibility. The experiment will be under way within the next two months, under the auspices of the agricultural college and the federal government. A tract of land on the college farm is to be set aside for experimenting with some 20 varieties of rice, which have been found well adapted to some portions of California. The test will be of climatic conditions and soil properties. It is reported that in some parts of California the yield has been between 100 and 150 bushels to the acre. The market price of this rice is about 90 cents.

Physician Said Appendicitis

Gall Stones Expelled by the Great Kidney Preparation

I thought I would do you a favor and let you know what Dr. Kilmer's Swamp-Root has done so far for me. About one year ago I was taken sick with a terrible pain in my right side. My family physician pronounced it appendicitis. About two weeks ago I received your almanac and read in it about weak kidneys, and my back hurting me so much, I thought I would try your Swamp-Root and to my great astonishment, after using one bottle, I expelled three gall stones, which weighed 135 grains—just think of it. My kidneys are not well yet, and so I have concluded to continue with Swamp-Root. Mr. Schwake, the druggist, thought that it never was appendicitis and that the doctor had made a mistake. It was no doubt, gall stones that caused the trouble, or they would not have come away so soon after commencing with Swamp-Root. I shall always praise Dr. Kilmer's Swamp-Root to all those who suffer from kidney, liver and bladder troubles and am very thankful that I ever discovered such a worthy remedy. I feel confident it will cure me entirely of all kidney and liver trouble.
