

COUNCILMAN WHO IS BEING RECALLED IS OUT FOR MAYOR

C. F. Stone of Klamath Falls Can Nullify Action of Constituents by Resigning; Will Run Against Sanderson.

(Special Dispatch to The Journal.) Klamath Falls, Or., April 11.—The voters of the Fourth ward have taken every step necessary for the recall election to be held on Councilman C. F. Stone. It is likely the election will be held at the same time as the general city election, the first Monday in May. Stone has announced himself as a candidate for mayor and it is very probable he will resign as councilman before the election. In this event he is responsible for the recall will have accomplished their purpose. All the voters of the Fourth ward say they desire to be rid of Stone so they can be represented by a man willing to carry out their wishes.

It is very likely there will be but two candidates for mayor. There is some talk that the Socialists will put a ticket in the field, but many of the leaders of this party are strongly in favor of taking no part as an organization. If the Socialists do not take part, most of the members of the party will support Mayor F. T. Sanderson for reelection, as he has gone on record in favor of municipal ownership of the light and water plants. C. F. Stone, the other candidate, as a councilman was in favor of granting the Klamath Falls Light & Water company a 50 year franchise, and it is presumed that as a candidate for mayor he will favor granting a similar franchise to the Klamath Power company, the corporation which has just recently bought the light and water plants from Moore Bros., who owned the Klamath Falls Light & Water company.

Political prognosticators pick Mayor Sanderson for a winner. He has the common people with him. The Good Government league leaders are divided, however. Some favor Sanderson and others wish to put up a new man who is in no way allied with the Moore interests and not identified with the present city administration.

ALBANY GUARDSMEN GET FINE RIFLE RANGE

(Special Dispatch to The Journal.) Albany, Or., April 11.—Members of company G, Fourth Infantry, U. S. G., located here, will have one of the best rifle ranges in the state this summer. Grounds for the new range, which is situated in Benton county about a mile and a half from Albany, will afford practice shooting up to 1000 yards, and will be in readiness by May 1. It is expected to develop a strong team that will enter the annual state contest this summer.

Captain Stanley Hammel states that the roster of G company shows a full complement of men and that the local company evinces keen interest in all matters pertaining to the organization. This in a large measure is attributable to the pride taken in the fine home provided the company by the new armory building recently completed.

RAISES FUND AMONG CHINESE WOMEN HERE

Mrs. S. K. Chan and a number of assistants have raised a fund for the famine sufferers in China, among the Chinese women of Portland. There will be a report and social from 2 p. m. to 5 p. m. Good Friday for all those interested, including Americans, at the Baptist Chinese mission, 235 Burnside street. Any desiring to contribute to this fund can do so by sending the funds to Mrs. S. K. Chan, 226 1/2 Morrison street.

SUNNY MONDAY

There is not an ounce of rosin in Sunny Monday Laundry Soap. Rosin is used in all other laundry soaps—because it is cheaper than the fats and oils used in Sunny Monday. Sunny Monday costs more to manufacture than any other laundry soap of which we know. It is kind to clothes—will not shrink flannels or woollens, or turn clothes yellow. Sunny Monday is just as pure as its whiteness indicates; it is the safest and most economical laundry soap you can use.

THE N. K. FAIRBANK COMPANY CHICAGO

ST. JOHNS PLANS FOR BIG CARNIVAL

Voting on Choice for the Queen Will Begin in a Few Days.

Great preparations are being made throughout the city for the carnival, which is to be held at St. Johns for a period of five days, from April 24 to April 30, inclusive. Voting papers will be out in a few days, in order that everyone may record his choice for the carnival queen. Saturday, April 29, has been arranged for the Knights of Pythias day, and if present plans go through, another of the days will be devoted to Portland and one probably to Vancouver.

Some disappointment has been caused through the action of the Inland Empire Wheatgrowers union in ending for the present negotiations with the city for the lease of the city dock. The committee which visited St. Johns some time ago expressed themselves as highly satisfied with the location of the dock, and it was thought that terms could be come to with the union that would be satisfactory to both parties. It appears, however, that the distance of St. Johns from Portland militated against the acceptance of the city's proposal, and it is thought that no very great inducements were offered by the O. R. & N. for the regular supply of cars to handle the grain quickly in St. Johns. The union has now decided to lease for one year Columbia dock No. 2, from Allen & Lewis, and there is therefore no prospect of the wheatgrowers coming into St. Johns for 12 months at least.

The census returns for the state of Oregon, which have now been published by the census bureau, show that St. Johns, with a population of 4872, comes

ninth on the list of the cities of the state, being eighth behind The Dalles. It is satisfactory to note, however, that the population exceeds that of such growing cities as La Grande, Roseburg, Corvallis and Oregon City, and is more than double the population of Hood River, which has made such strides lately, and also more than twice the population of the whole of Crook county.

Cecil Magone, a student at the St. Johns High school, received many congratulations yesterday on his success at the track meeting at Columbia university on Saturday. Cecil is only 17 years of age at the present time, and his feat in beating all comers, including some veteran jumpers from the universities, is one to be proud of. The height cleared was five feet nine inches, and his success came as a surprise to many of the onlookers.

PRESBYTERY OF OREGON OF U. P. CHURCH MEETS

(Special Dispatch to The Journal.) Albany, Or., April 11.—The annual convention of the Presbytery of Oregon of the United Presbyterian church is in session, about 30 delegates from outside towns being in attendance. An open meeting was held last night at which the service was conducted by Rev. Mr. Findley, pastor of the U. P. church of Portland.

Among those now present are: Rev. Mr. Findley, Rev. Mr. and Mrs. Du Boise, Rev. John Archeson, and Messrs. James Dalgleish and Leet of Portland; Rev. Mr. Dick Warm Springs; Rev. Mr. Wheeler, Nex Perce; Rev. Mr. Gilchrist, Oakville; Rev. T. J. Wilson, Eugene; Rev. A. M. Archeson, Seaside.

Holland produces about 143,000,000 pounds of butter and 178,000,000 pounds of cheese a year.

FILE M'MILLAN WILL; BEQUESTS LIBERAL

The will of the late George W. McMillan, athlete and grain merchant who was killed in a railroad accident April 7, was filed yesterday afternoon in the county court. The instrument shows he was liberal in his bequests, as several amounts were left friends and relatives. The widow, Frances McMillan, is named as executrix, without bond. The value of the estate is placed at \$15,000, but it is understood there is insurance of greater value than this amount.

The will was made March 27. The bequests are as follows: One thousand dollars to each of three sisters, Mrs. Frank Knox, Long Beach, Cal.; Mrs. John Fryer, Los Angeles, and Mary J. McMillan, Portland. A brother, James McMillan, of Broken Bow, Neb., \$500; Miss Adele Greiner, secretary to the deceased, \$1000; George Wilson, an employe of Mr. McMillan, \$250; Consuelo McMillan, daughter, life insurance policy of \$3000. The remainder of the estate is given to the widow and the daughter.

The will states that each of the bequests shall be paid as soon after the death as possible. Money was either in the bank or on deposit in some way to meet such bequest. The amount left George Wilson was made upon the condition that he be in the employ of Mr. McMillan at the time of the latter's death.

WILL DELIVER SERIES ON "CHILD AND THE STREET"

"The Child and the Street" will be the topic of a series of addresses to be given by Miss Mary Brown this week in various parts of Portland. Miss Brown has given years of her life to the study of this subject and will be able to illustrate it to the helplessness and entertainment of all who hear her. The meeting will be held under the auspices of the different W. C. T. U. organizations of the city and the members urge every one who is interested in the children to attend them. Different phases of the subject will be taken

up at each meeting, so persons attending all will be able to get an all-around view of the topic. The following are the places of addresses:

Thursday, April 13, 2:30 p. m., Sunnyside Friends church; evening, Methodist Episcopal church, Sunnyside; Friday afternoon, Woodstock, probably school house; Saturday afternoon and evening, Albina; Monday, April 17, afternoon and evening, St. Johns; Tuesday, 2:30 p. m., Arleta; evening, Lenta; Wednesday, 2:30 p. m., 302 Goodfrough building; evening, Nazarene church; Thursday, afternoon and evening, East Side Baptist church.

NEW COUNCIL AT EUGENE GETS ON PAVING HARNESS

(Special Dispatch to The Journal.) Eugene, Or., April 11.—At last night's meeting of the city council, the four new councilmen, W. J. Warnock, F. R. Wetherbee, W. A. Bell and A. N. Striker,

Actress Tells How Youth Is Preserved

(From New York Theatrical News)—One of America's leading actresses—who for thirty years has stood in the front rank of her profession, and who still plays young girls' parts in a manner to cause our fathers to say, "She doesn't look a day older now than when I first saw her,"—recently told an interviewer how she retained her beauty.

"I never use paint, powder or other cosmetic, except on the stage. I attribute my complexion today to the use of mayatone, the only thing I know that preserves a woman's complexion in its natural daintiness. I buy an original package of mayatone from my druggist and dissolve it in eight ounces of which hasel to make a solution with which to massage my face, arms and neck daily.

"I have been on the stage more years than I care to tell, but you see my skin is not coarse nor saggy. Mayatone keeps my face free from pimples, blotches and blemishes and prevents the growth of downy hair that annoys so many women. This treatment is not harsh—indeed, it is absolutely harmless and I would advise any woman not satisfied with her complexion to try mayatone. It certainly does wonders for me."

took their seats in the council, but Mayor-elect Berger was not inaugurated for the reason that he was called to Rochester, Minn., a few days ago on account of the serious illness of his daughter. Mayor Mallock will continue in office until Mr. Berger's return.

Petitions for paving nine blocks of

the city's streets were accepted. As soon as the material for paving is designated and the contract is let a plan will be sent here and will probably be kept busy during the summer, as there are other petitions for much more paving being circulated.

Greatest Nerve and Blood Tonic

No. 2 M. I. S. T. No. 2

I have given personal inspection to the working of M. I. S. T. on the human system, and must say that it entirely meets with my professional sanction.

D. H. LOOMIS, Late Demonstrator of Anatomy, Philadelphia Medical College

What We Guarantee M. I. S. T. No. 2 Will Cure

RHEUMATISM, no matter how long standing. Any case of inflammation of the bladder or Enlarged Prostate Gland, no matter if the patients have been for years forced to use a catheter. BLOOD POISON IN ANY STAGE. ANY CASE OF DIABETES.

It is no stimulant. Its effects are permanent and lasting. Will cure any case of Stricture without local treatment. Will remove entirely from the system Cancer and Cancerous Gernms. In addition to the above, M. I. S. T. No. 2 has cured many cases of Paralysis, Locomotor Ataxia, Spinal Trouble and apparently incurable diseases of the nerves.

M. I. S. T. has been on the market for over 20 years, and has cured thousands of sufferers. It is prescribed by leading physicians all over the country. It is pleasant to take and absolutely safe. It never increases, or diminishes the action of the heart. If you are suffering from any chronic disease you are urged to write to us, no matter how many doctors or kinds of medicines you have tried without relief. We GUARANTEE TO CURE YOU.

FREE That you may judge of the value of the Great Specific for your self, we will send you one week's treatment by mail FREE, only asking that when cured yourself you will recommend it to others. Write confidentially to our medical department, giving symptoms. \$1 per box, or six boxes for \$5.

M. I. S. T. CO., Toledo, Ohio

For sale in Portland by Eben Perry, Manager, 322 Sherlock building, Third and Oak. Have this in future reference. Hours 8 a. m. to 6 p. m. Phone Main 7924. Open Sunday from 9 to 12 m. Mrs. Fannie M. Robley Clerk in Office.

Metropolitan Life Insurance Co.

OF NEW YORK

JOHN R. HEGEMAN, President

INSURANCE SUPERINTENDENT'S REPORT

The New York Insurance Department has had the Company under examination, pursuant to law, for about fifteen months. After this examination the Superintendent of Insurance said:

THOROUGHNESS.—"It is thought that no Company of this character under the supervision of any Insurance Department in the United States has ever been so thoroughly examined by such a Department."

PAYMENT OF CLAIMS.—"The claims received averaged from 600 to 800 each working day; the percentage of rejections is small, being in 1909 less than one-half of one per cent."

CAREFUL INVESTMENTS.—"On an investment of \$100,000,000 in real estate mortgages this Company now holds through foreclosure but one piece of realty."

INDUSTRIAL POLICIES AT COST.—"On this basis this Company, from all of its departments, added to its surplus in 1909, after setting aside in that year as a liability its dividends and bonuses for 1910, about \$800,000; in other words, the volume of its business being considered, seems to have furnished insurance substantially at cost."

PROGRESSIVE MANAGEMENT.—"The Department Report shows during the last five years:

Reduction in the ratio of expense to premium income..	7.13%
Reduction in the ratio of lapse to issue.....	10.36%
Reduction of cancellations in first year of insurance..	8.92%

ORDINARY DEPARTMENT

In 1910 the Company wrote a larger amount of Ordinary business in the United States and Canada than any other company, by TWENTY MILLIONS!

In 1910 the Company placed Ordinary Insurance up to the Limit of the Law and was obliged to hold back hundreds of thousands of dollars of insurance by reason of the New York statute limiting amount in any one year.

MORAL: Get in early this year and avoid the rush at the end. Best plans; cheapest rates; all policies non-participating—that is, the money is not collected on promise of repayment in dividends, but is left in the pockets of the insured by reduction of premium.

INDUSTRIAL DEPARTMENT

OLD POLICIES.—A bonus has been declared to Industrial policy-holders amounting to nearly **SIX MILLIONS OF DOLLARS** payable in 1911 on Whole Life and Increasing Life and Endowment policies issued prior to 1907, which bonuses give reduction of premiums varying, according to period of persistence, from **EIGHT TO ONE HUNDRED PER CENT.**

The Company added not one dollar to surplus at the end of 1910 out of income from Industrial policies.

NEW POLICIES.—The benefits on policies issued since January 1, 1907, are over **TWENTY PER CENT. GREATER** than the benefits promised by policies issued previously.

In the last eighteen years it has declared **TWENTY-FIVE MILLIONS OF DOLLARS** in voluntary bonuses over and above all requirements of policies.

WELFARE WORK FOR POLICY-HOLDERS

Extracts from the Report of the Superintendent of Insurance of the State of New York.

"No summary of this examination of the Metropolitan Life Insurance Company would be complete which omitted reference to certain agencies for social service which it has inaugurated and is now conducting."

"CAMPAIGN AGAINST TUBERCULOSIS.—Among the activities of this Company begun since the Armstrong investigation is its participation in the nation-wide crusade against tuberculosis. As to policy-holders, its work has thus far been confined to the dissemination of the literature of prevention and instruction; a work which its great Agency force and close contact with the industrial classes makes easy, as well as effective. As a matter of mere business economics, the Company's activities in this direction entitle it to the approval of the Department."

"NURSING SYSTEM.—About two years ago this Company inaugurated a system whereby trained nurses would, upon request, be sent to the homes of sick or bedridden policy-holders in its Industrial Department. . . . While this service has been recently established, and while, therefore, the examiners are in some doubt as to its ultimate effectiveness either from the standpoint of saving the lives of policy-holders or minimizing unhealthy conditions, no one can make a personal investigation into what has already been done without being profoundly impressed with, not only the economic, but, more, the beneficent value of the work. Numerous cases where lives have been saved are already on record. Many instances showing improvement in home conditions due to the visits of the nurses are known."

LARGEST COMPANY IN THE WORLD

The largest amount of insurance in force of any Company in the world—\$2,215,851,388, covering 11,288,054 policies.

In 1910 the Company made the largest gain in insurance in force of any Company in the world.

Assets,	\$313,988,334.00	Paid to Policy-holders and Held for Their Security,	\$605,394,613
Liabilities,	285,246,250.36
