

AMERICANS LEAVE ENSENADA, URGED BY U. S. OFFICIAL

Trouble Threatens in Lower California and Americans Advised by United States Consul to Leave.

(United Press Leased Wire.)
San Diego, Cal., April 21.—Wednesday afternoon United States Consul George Schmucker at Ensenada sent here for the steamer San Diego, and advised all American citizens in the vicinity of Ensenada to leave Mexico at once, declaring that their lives were endangered and that he could offer them no protection. He also sent mounted messengers out to the surrounding country to pass the word to all American citizens on the outlying ranches.

The steamer left immediately on receipt of the message, and returned to San Diego today. Mrs. F. H. Sawday, American wife of a U. S. consul, is expected to bring up another load, due to arrive here Sunday morning.

Reports from Alamo, 80 miles southeast of Ensenada, are that the rebel stronghold under Berthold is entirely out of provisions and so desperate that the rebels must take action. They cannot get supplies by sea, as Alamo is about 50 miles inland, and the Mexicans maintain an effectual quarantine.

BattleShip Will Not Be Sent.

Reports that Admiral Thomas would send the flagship California from here to Ensenada were denied today. American refugees who arrived from Ensenada by the San Diego today are: Josephine Tucker, Edward Tucker, Mrs. F. R. Sawday, Mrs. F. H. Sawday, Carlotta Fuentes, Elena Fuentes, Florence Moorhead, Albert Schatzel, A. V. Travis, Minnie Edwards, Mrs. Carrie Callis, Marjorie Callis, Robert Callis, Clara Cameron, Mildred Cameron and Agnes Cameron. Another party will arrive Monday. None of them came from Alamo.

All the valuables belonging to citizens remaining in Ensenada have been turned over either to the American consulate or to the officers of the Mexican cruiser General Guerrero.

Recruiting Office Crowded.

(United Press Leased Wire.)
San Francisco, April 21.—Anticipating American intervention in the Mexican uprising the recruiting army officers here are besieged with applicants for enlistment. Similar reports have been received from recruiting stations all over the country.

At the Presidio, the adjutant's office is busy with applications of former

WASHINGTON MILITIA OFFICERS ORDERED TO SAN DIEGO MANEUVERS

(Special Dispatch to The Journal.)
North Yakima, Wash., April 21.—Captain L. O. Meigs, commissary of the Second infantry, W. N. G., has received orders from Adjutant General Fred Llewellyn to report at San Diego for 14 days' participation in a joint encampment, maneuvers and field practice of the regular army and militia. Captain Meigs will leave Saturday by way of Seattle, and will be accompanied by Major Carroll of the medical corps and by Captain C. S. Sapp of the coast artillery. The trio is to take the places at the front of three other members of the Washington guard, who will leave for their homes Tuesday.

REBELS IN CONTROL OF DURANGO; MANY HUNDREDS ARE ARMED

(United Press Leased Wire.)
Durango, Mexico, April 21.—Durango state is overrun with rebels today following recent rebel successes attained in the capture of nine Durango towns. Every village and ranch in the section has given its contribution of fighters until there are now reported to be 2000 rebels under arms.

Most of these have been organized into a semblance of military order by Luis Maya and are operating northeast of Durango City. Among the towns they have captured are San Dimas, Victoria, San Juan Del Rio, Otaca, Indio, Tepahuane, Guatmap, Boso El Rayo and San Juan de Guadalupe.

CONCORDIA YIELDS TO REBELS WITHOUT SHEDDING OF BLOOD

(United Press Leased Wire.)
Mazatlan, Mex., April 21.—Headed by Manuel Salazar, more than 300 rebels took possession of Concordia, an important town in Sinaloa, which is now serving as the provisional capital. Francisco Nebbia has been named as prefect, succeeding Juan Fug. Not a shot was fired, the government merely changing to rebel hands.

A demand has been made for the surrender of Villa Union, but the federal troops here are preparing to defend the town.

Ammunition Stored in Texas.

Austin, Texas, April 21.—More than a quarter of a million ball cartridges were unloaded at the capitol today and are being stored in the basement. The ammunition is being shipped from the Frankfurt arsenal and is in boxes of 1200 rounds each. In addition to the quarter of a million rifle cartridges there are nearly 100,000 revolver cartridges. No explanation is made by Governor Colquhoun or Adjutant General Hutchings.

The city of Singapore plans to lower its high death rate by the construction of sewers at a cost of about \$2,000,000.

BANKER'S DAUGHTER WEDS MECHANICIAN

(United Press Leased Wire.)
Baltimore, April 21.—Miss Margaret D. Hambleton, daughter of the late Frank S. Hambleton, millionaire banker, today is the bride of Owen Frank Monahan, expert mechanic, whom she met while Monahan was repairing her mother's automobile. Mrs. Hambleton is reported to be the daughter of a man in love with Monahan and strongly objected to the match.

After their secret marriage, a friend of Monahan's told the butler, the butler told the cook, the cook told the chambermaid, the chambermaid told Mrs. Hambleton's maid, and the maid told Mrs. Hambleton. The couple have gone south on an automobile trip.

LONGWORTH POSSIBLE SUCCESSOR TO HILL

Washington, April 21.—Official circles here today say that if Congressman Nicholas Longworth, son-in-law of former President Roosevelt, wants to succeed Dr. David Jayne Hill as ambassador to Germany, all he has to do is to say the word. It is known that Longworth is on President Taft's list of possible successors to Ambassador Hill but no positive choice has yet been made.

BOMB WRECKS FRONT OF HOUSE; NO ONE HURT

(United Press Leased Wire.)
Oakland, Cal., April 21.—An attempt was made at 2 o'clock this morning to blow up a lodging house on Fifth street by means of a crude bomb which exploded on the porch, partially wrecking the front of the building. No one was injured.

Twenty persons were asleep in the house at the time. The proprietor reported the case to the police and detectives are investigating.

The Mason & Hamlin PIANO

do not rest their claims of piano superiority on past reputation, enviable though it be, but on the real artistic quality of their product of today. The Mason & Hamlin Piano is a piano that embodies in its constructive principles not only the best of the past, but also the most advanced and scientific of modern ideas.

At home and abroad the Mason & Hamlin Piano stands preeminent. There is in its tone, its action, its construction a subtle quality, indescribable, that wins the highest admiration of the real musician on first acquaintance, that, as the acquaintance grows, weds him to the piano forever.

Mason & Hamlin pianos cost more than other pianos because they are better than other pianos—better in tone, in action, in finish and in every attribute that appeals to the lover of the very best.

We cordially invite your personal inspection and test of these beautiful instruments.

KEEN KUTTER LAWN MOWERS

So light running that your "youngest" can now mow the lawn without help.

KEEN KUTTER Mowers are fast cutting and easy running because of the triple gear and the fine ball bearings. A KEEN KUTTER will last longer than any mower on the market and is easily kept keen and sharp. To sharpen, merely reverse the blades and they sharpen themselves. A cheap mower will cost more in the end on account of repairs, will not do the work properly and will require twice as much labor.

The KEEN KUTTER is a money saver, a time saver, a temper saver—and will keep your lawn looking like velvet.

Price \$7.00 and upwards, according to style and size.
