

SEWERAGE PLANS FOR PENINSULA ARE NOT ADOPTED

Councilman Rushlight Objects to Patented Sewer Pipe and 100 Property Owners Applaud.

By successfully opposing the adoption of plans drawn by order of City Engineer Morris, Chairman A. G. Rushlight of the council sewer committee this morning took away from one man the power ultimately to fix prices that will be charged for sewer pipe in the proposed sewerage system for the peninsula. Councilman Rushlight's announcement that he would not vote for a patented joint sewer pipe, as called for by the plans, was loudly acclaimed by 100 property owners of the Vernon district who had appeared before the committee to protest against the adoption of any plans contemplating the Columbia slough for a sewer outlet.

After Councilman Rushlight had called attention to the fact that the adoption of the lock joint type of sewer pipe would prevent competition, Councilman Ellis declared that he had not known the plans were drafted to include such pipe. He said he would never vote for any patented sewer pipe and moved to reject the plans. The motion was unanimously carried by the committee and another resolution instructing the city engineer to draft a new set of plans adopted.

Wants Detailed Investigation.
This latter resolution provides that the city engineering department shall make detailed investigation, covering at least a period of one year, in order to ascertain the conditions that prevail in the Columbia slough at various stages of high and low water. There are four plans to be considered. One would provide for the construction of a trunk sewer for the peninsula with an outlet in the Columbia slough. If that were channelled to the Columbia river, another would provide for the carrying of the sewage across Columbia slough into Oregon slough. Another contemplates a great trunk system emptying into the Columbia river and still another proposed trunk sewer would have an outlet in the Willamette river.

A Dairy Necessity
Nothing absorbs impurities so quickly as milk. To insure healthful milk and butter, absolute cleanliness is necessary. All milk buckets, strainers, etc., should first be rinsed with cold water to remove the new milk which would curdle in hot water. Then wash in warm water to which a tablespoonful of Gold Dust washing powder has been added, rinse and scald thoroughly with hot water, then leave in the air and sun for at least twelve hours before they are used again. Have plenty of cloths, washing these in the Gold Dust suds, same as the utensils.

Inter-District Debate Is Tonight

From left to right—Ora Keebler, Kathrine Kirkpatrick, Minnie Wetzel, Lebanon team.

(Special Dispatch to The Journal.)
Lebanon, Or., April 21.—The Lebanon High school debating team left yesterday for Grants Pass, where it will meet the high school team of that place tonight. The question will be, "Resolved, That national conservation of our natural resources is preferable to state conservation." The Lebanon team, consisting of Kathrine Kirkpatrick, Minnie Wetzel and Ora Keebler, will uphold the affirmative.

The debate will be for the inter-district championship, Lebanon having won the championship of the central Oregon district and Grants Pass the championship of the southern Oregon district. One peculiar feature in this debate is that in 1908 Lebanon won the state championship, and brought home the city Regent's cup, in 1909 Grants Pass won

the cup, and in 1910 Pendleton won it, and now all three of these schools have won the championships of their districts. Under the rules any school winning the cup twice gets it to keep.

The Lebanon debating team has not only made good in debate, but all of the young members stand at the head of their classes. Miss Kirkpatrick, first speaker and leader, is valedictorian of her class, having won the place by getting the highest grade, which was a general average of 93 for the whole four years in the high school course. Miss Keebler is salutatorian and has an average of 92 1/2, while Miss Wetzel is only half a degree behind. The Lebanon people hope the girls will finally bring home the Regent's cup to adorn the new \$40,000 High School building Lebanon recently built.

ally refused the demands of Senator La Follette that the progressives be given a quarter representation on all committees.

LA FOLLETTE'S DEMAND DENIED BY SENATE
(United Press Leased Wire.)
Washington, April 21.—The Republican regulars in the senate today form-

BLOSSER INDICTED BY GRAND JURY

Will Be Tried for Attempting to Rob Sellwood Bank—Other Cases.

Ralph Lee Blosser, accused of attempting to rob the Sellwood bank recently, was indicted this morning by the April grand jury in a partial report made to the circuit court. He is charged with assault with a dangerous weapon upon Nicholas Jensen, the janitor of the bank. Blosser entered the bank early on the morning of March 27 and lay in wait for the janitor. When the latter appeared he bound his hands and forced him at the point of a pistol to hide in the bank. Blosser, however, became frightened and fled from the building. His wife committed suicide a few days later. Blosser says he wanted the money to provide better clothes for his wife.

Others indicted in the report are Howard Manning, who is charged with larceny from the store of A. H. Metzelaar; James Demopolis, assault upon Thomas Stack; John H. Davis, charged with passing forged checks upon the Citizens bank of East Portland; Jesse and Ed Zellars, charged with larceny; Lilly A. Algire and Will Smith, charged with a statutory offense; Harry Melser, charged with seduction of Emma Olson; Howard Leet, larceny from the store of A. H. Metzelaar; and Charles Mann, larceny from the dwelling of Leo Friede. All the persons indicted are in custody or have given bonds for their appearance.

The report was made in order to clean up the criminal business and allow more time for the investigation of alleged immoral conditions in the city.

Pendleton Burglaries Continue.
Pendleton, Or., April 21.—Burglars were again active in this city last night, the building occupied by the Pendleton Steam Cleaning & Dyeing works being

Breaks Up Hard Cold Relieves Catarrh Over Night

Vapor Treatment Surely Does Clean Out That Stuffed Up Head in Record Breathing Time.

Don't try to treat a cold with dangerous stomach disturbing drugs. Get directly to the filaried membrane by breathing Hyomei (pronounce it High-o-me). Get a bottle of Hyomei for 30 cents and try this rapid and economical treatment. Thousands are using it.

LA FOLLETTE'S DEMAND DENIED BY SENATE (Continued from page 1)

DAVE HEADS BROOKLYN IMPROVEMENT CLUB

Annual election of the officers of the Brooklyn Improvement club took place last night. L. S. Dave was elected president; A. L. Barbur, secretary and treasurer; A. C. Kautz, vice president; and A. L. Keenan, A. A. Hoover and Charles Puffer were elected members of the executive committee.

A committee of 94 members from the Brooklyn Improvement club was appointed to act in conjunction with a similar committee from the Kenilworth club to appear before the street committee of the city council today to urge the extension of Frankfort street and the adoption of the viewers' report recommending that equal damages and benefits be assessed to abutting property therefor.

ALL CANDIDATES, BUT 3, FILE NOMINATIONS

All but three candidates for city office who filed declarations of intention filed their nominating petitions on time yesterday, the exceptions being John A. Jeffrey, Democrat, for city attorney, George W. Lawhorn, Democrat, for councilman-at-large, and J. T. Wilson, Republican, for councilman from the Eighth ward. Their names will not be on the official ballot, yesterday being the last day for filing.

There were no new candidates yesterday, so the list stands as published by The Journal Wednesday, with the exceptions above noted. The Democrats have no candidates for auditor, city attorney, treasurer, municipal judge or councilman-at-large. For these offices

nomination may be made at the primaries by writing in names. This is expected in the case of Jeffrey for city attorney, who was out of the city yesterday and overlooked the petition filing.

Dr. H. Waldo Coe to Visit Taft.
(Special Dispatch to The Journal.)
Herriston, Or., April 21.—A telegram has been received from Dr. H. Waldo Coe, who is at Washington, to the effect that he would have an interview with President Taft in regard to the issuance of patents to the desert land owners who had made final proof and received letters of acceptance from the general land office. There has been some misunderstanding in regard to the bill sent to Congressman A. W. Lafayette by the interior department to compel a bill to cover this, and the president has given him an interview in behalf of this bill. Dr. Coe expects to stay in Washington for several days looking after business interests.
