### IN SOCIETY

Day after tomorrow, the Kirmess, As the time grows shorter the excitement becomes more intense and already the dancers are beginning to feel the thrills of an actual performance. The first full orchestra rehearsal was held yesterday at the Heilig and the result was a surprise and delight. The dress rehearsal is the big thing now and matrons and maids are scurrying about putting the finishing touches on costumes and paying visits to the photographer where charming costume picutres are being made. Hostesses are busy completing lists for box and supper parties, the grills are busy devising new decorations and the town is really furned over to the Kirmess. Mrs. Helen Ladd Corbett's box is to be given over to the Hungarians. Mrs. Corbett will entertain the young dancers in the Dance of the Seasons after the first performance. This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, hich is made from roots and herbs, has been the standard remedy for female ills. ### Send Flowers While There Is Life. An unknown author writes as fol-

"Do not keep your love and tenderness hidden until your friends are dead. Fill their lives with sweetness. Speak approving, cheering words while their ears can hear them and while their hearts can be thrilled and made happier by them; the kind things you mean o say when they are gone, say before they go. The flowers you mean to send for their coffins, send to brighten and sweeten their homes before they leave them. If my friends have alabaster boxes laid away, full of fragrant perfumes of sympathy and affection which they intend to break over my dead body, I would rather they would bring them out in my weary and troubled hours and open them that I may be refreshed and cheered by them while I need them: I would rather have a plain coffin, without a flower, a funeral without a culosy, than a life without the sweetness of love and sympathy. Let us learn to anoint our friends beforehand for their burial. Post mortem kindness does not cheer the burdened spirit. Flowers on the coffin cast no fragrance backward

### Health and Beauty Advice

G. E. A.: When you wear a veil face powder will not help your complexion much, as it rubs off tob easily. What you need is a good lotion that will not show on the skin. The next time you go to the drug store get four ounces of spurmax and dissolve it in one-half plat of hot water, adding two teaspoonfuls of giveerine. This lotion will clear up and whiten your skin make it soft and velvety and give you a beautiful complexion. It will rid your skin of that shiny, greasy, sallow look and make it appear charming and youthful. I find this excellent for cold sores, freckles and pimples. It costs very little and will protect your face from the winds, and prove a splendid beautifiler.

Charlies quickly and not only clears the hair and scalp well, but stops all irritation and gives the scalp a feeling of pleasing freshness. Canthrox makes a delightful shampoo and will make your hair soft and fluffy. You will have little trouble then to make your hair look nice. Never use soap for shampoing, as it makes the hair brittle, harsh and takes away the glossy look. (b) To get rid of dandruff and stop falling hair, see reply to Alma.

ounce of delatone and mix a little with water to make a thick paste; then spread on hairy surface and after two or three minutes remove and wash the skin and you wil find the hairs are gone. You will have to pay a dollar an ounce for delatone, but it is worth it as a second application seldom is required.

Harriet: For your tired, duil, inflamed eyes you need a good eye tonic. Dissolve an ounce of crystos in a pint of water. Two or three drops of this in each eye daily will strengthen your eyes and make them bright and sparkling. This tonic will not smart and has proven a great aid to those who wear glasses. A friend of mine who has remarkably clear, beautiful eyes tells me that she uses this simple tonic regularly to keep them bright and full of expression. Constance: Right now before warm

Constance: Right now before warm weather sets in is the best time to get rid of facial blemishes such as freckles, pimples, skin roughness, wrinkles, etc. But you should not use soap on the face very often, as it makes the skin dry and harsh. I recommend the use of a good greaseless face cream, which can be made by disolving one ounce of almozoin (get it at any druggist's) in one-half pint cold water, and add two teaspoonfuls glycerine. Stir and let stand an hour or so. It is inexpensive and you will find its regular use will improve your skin wonderfully. It keeps the skin soft and satiny, smooth and moist. Almozoin cream jelly is a fine and soothing cleanser and will receivent blackheads, premature wrinkles, vent blackheads, premature wrinkles, and when used as a massage cream will restore color to dark, sallow skin.

Carmen: It is a very easy matter to reduce your weight without leaving the skin wrinkled and flabby if you only know how. Here is the secret: Buy at any drug store four ounces of parnotis and put in 1½ pints of hot water. When cold strain and take a tablespoonful of the liquid before each meal. This is harmless and the pleasing way it will cut down your weight will surprise you. Avoiding rich, solid foods and taking plenty of exercise will assist greatly in getting rid of your fat quickly.

inflamed, tired eyes and granulated eyelids.

Alma: Your scalp needs a good, stimulating quinine hair tonic to remove the dandruff, stop irritation and falling hair. Get from any drug store one-half pint alcohol and one ounce quinzoin and mix it with one-half pint water and you will have a much better tonic than any of those ready-prepared tonics you have been buying. Brush your hair daily and, twice a week, apply this tonic to the scalp, rebbing it in gently. This will do wonders for your dull, lifeless, falling hair, and put your scalp in a healthy condition. This tonic will make youh hair soft sifky and lustrous. Keep the scalp clean by frequent shampoos with canthrox and you will not have further trouble with your hair.

Cora S.: (a) As your hair is short and thin and you have so much trouble to make it stay up and look neat, try shampooing it twice a month with a

the habit of making sales on the floor of Tull & Gibbs and then going to a wholesale furniture house and purchasing goods at wholesale prices for delivery to patrons. On April 13, he sold to Mrs. J. E. McNamaya of 287 Cleary street a set of chairs and a table and when he went to the wholesale house was unable to match, he delivered one which Mrs. McNamara refused to take. She complained to the store and Blystone who was known at

### **GRAY HAIRS BANISHED**

The old idea of suing sage for darkning the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of it souring quickly jection has been overcome and by ask ing almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, that if you have full information, you with the admixture of sulphur, another valuable remedy for hair and scalp troubles. In a majority of our advertisements we lay great stress on our specialty, Alveolar dentistry, replacing missing teeth without a plate or bridge work. Alveolar dentistry, replacing missing teeth without a plate or bridge work, and the curing Pyorrhea (loose teeth). The work is so remarkable in its character that it is apt to overshadow those other cases which come to us—the simple cases. We don't want the idea to obtain that we are Alveolar specialists alone. We are that, but something more—general practitioners of the first class. We do dentistry in all its branches, from the simple piece of filling up. It's a boastful statement to make, but we can do anything that is possible in dentistry, and what we do is always of the very highest class. Our bookiets Alveolar Dentistry and examinations are free. There are 12 Alveolar Dental Co. offices in the west. About 50,000 people are wearing our Alveolar teeth. About 2000 people in this city and state have teeth supplied by this office. Ninety-nine per cent, if not every single one—will tell you if asked that it's the best investment they ever made in dentistry. In many cases where bridgework is impossible and all cases where it is possible, we can replace your teeth with beautiful, artistic, comfortable, cleanly and everlasting teeth that we will defy anyons, dentist or layman, to tell from natural teeth.
