Former prisoners at the Kelly Butte rockpile are thought to be responsible for the fine at that place last night at

Market 10c to 15c Up; Hogs Down gine room and part of the stockade. The loss will be about \$2000, and work will be suspended for several days.

Gus Larsen, night watchman, passed by the engine room at 9 o'clock, and everything was all right then. Within 20 minutes he heard several revolver shots in the direction of the engine house, and saw the room in flames. Oil had been poured around the build-ing. W. A. Eatchel, manager of the quarry, was notified, and he hustled from his home at Lents to fight the fire. Dr. J. A. McSloy took him to the

quarry. Hall & Son, draymen, took a load of citizens from Lents to assist. The men succeeded in saving the crush-er and bunkers. No trace of the per-sons suspected could be found.
