FEDERAL ARMIES MASS FOR SUDDEN RUSH ON TIA JUANA

Government Troops Gather for Attack From Three Directions; Ensenada Is Deserted by Frightened Townspeople.

(United Press Leased Wire.) San Diego, Cal., May 17.—That the rebel band will be broken up at Tia Juana before it has a chance to attack Ensenada is the hope of Mexican federal sympathizers who arrived here by the steamer San Diego today.

Nothing of an official nature could be learned, as the contemplated attack upon the rebels is intended as a surprise. The object is to save Ensenada from being fired and destroyed by a

The Mexicans got together at a big meeting at Germania hall last night and made some patriotic speeches as an excuse for the meeting, but there were a number of meetings on the street after the mass meeting was over, at which the real purpose of the gath-

MEXICAN LIBERALS PLAN REPUBLIC IN LOWER CALIFORNIA

San Diego, Cal., May 17 .- That the Mexican Liberal party, with headquar-ters in Los Angeles, is directing the work of the rebel forces in Lower California or is at least closely allied with them, was made evident today when it vas announced that Ricardo Flores Mago, of the Los Angeles junta, had been installed as collector of customs at Tia Juana, which was captured by the rebels last week.

The announcement was made from General Pryce's headquarters. A manifesto which was issued today by the Mexican Liberal party here makes it plain that the members of this party hope to establish what they call a lib-eral republic in Lower California. All do not want Madero, whom they regard as an aristocrat, to succeed Dias as president of Mexico.

There is much discussion here over the possibility of Lower California becoming part of the United States. Some of the rebels declare they want that to appen, if they are permitted to enter the United States under a constitution in line with their principles.

The Great Question

For nearly everybody is how to get the most for the least. So far as the matter of hardware is concerned the answer to that question is, "Come to this store." For here you get not alone the most in quantity but most in quality as well. And in our opinion that latter part of that proposition is by far the most important.
