The Doctor's Answers On **Health and Beauty Questions**

By Br. Lewis Baker.

The questions answered below are general in character; the symptoms or diseases are given and the answers will apply to any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker. Cellege blds. College-Ellwood sts. Dayton, Ohio, enclosing self addressed, stamped envelope for reply. Full name and address must be given, but initials or fictitious name will be used in my answers. The prescriptions can be filled at any well stocked drug store. Any druggist can order of wholesafer.

Myriam:—You are afflicted with anemia if you are thin. coloriess, melancholic, with lusterless eyes and absence of a m b i t i o n and strength. You want increased we ight, pink cheeks, red lips and vigorous health. To obtain these you should persistently use the following treatment and you will soon be plump and healthy. Compound syrup hypophosphites 6 oss. tincture cadomene compound 1 oz., and compound essence cardiol 1 oz. Mix. shake the bottle well and take a teasponful after meals if the appetite is not good, or before meals if it is. After the first week gradually increase the dose to two teaspoonfuls. Also take 3-grain hypo-nuclane tablets to increase the weight, as per directions accompanying carion.

S. T. V.:—The symptoms of dyspepsia are: A heavy feeling in stomach after eating, a constant gnawing as of hunger, loss of appetite, belching, heart-burn, gas, paiplitation of heart, shortness of breath, headache, pains in chest and shoulders, vomiting, weakness and nervousness. There are several good prescriptions for chronic dyspepsia and indigestion of an annoying character; but I have had better success with a scientific treatment known as triopeptine (tablets) than anything else; triopeptine treats the stomach and digestive tract to bring about a cure, and not merely to relieve, as most advertised "dyspepsia tablets," containing pepsin, do. Try the triopeptine tablets several weeks and let me hear frem you

F. H. B.:—(1) There is only one preparation that I can heartily recommend as a shampoo for both men and women. It is a fluid of saponified oil and does not injure the hair and scalp as do so many soaps, nearly all of which contain alkali. Hard or soft water can be used. Ask for fluid cottoxone, sometimes called the "fun shampoo."

(2) The best treatment for oily or greasy hair, dandruff and itching scalp, falling hair, dead and split-end hair, etc., is plain yellow minyol packed in 4-ounce jars and sold by any large retail drug store. This curse dandruff with three or four applications. Directions accompany the jar. This is far superior to the sage tea you have tried Mrs. M:—You need not hesitate to Mrs. M.:—You need not hesitate to use pain-away pills for headache and neuralgia. I frequently prescribe them as harmless and non-secret in charac-

and pleasantly effective.

Mrs. A. G.:—Thank you, for your kind words. Am pleased to learn that my prescription of minyol for your hair and scalp proved so satisfactory. Being a sensible parent you should never punish a child for chronic bedwetting, as the trouble is due to a nervous disease of the sphincter muscles which control urination. Obtain one ounce of compound fluid balmwort, give 5 to 10 drops in water or on sugar, 4 to 6 times daily and your child will soon be cured. If he is constipated, have this filled; aromatic fluid cascara 1 oz., compound essence cardiol 1 oz., syrup aromatic rhubarb 4 ozs. Mix. Dose, ½ to 1 teaspoonful three times daily. Continue treatment several months if necessary. Way More:—The persistent and reg-

ular use of 3-grain hypo-nuclane tablets will after the first few weeks, increase the weight 1 to 3 pounds a week while they improve the blood so that you may have pink cheeks, red lips and spark-ling eyes, the same as your more fortunate friends. These hypo-nuclane tablets are useful in case of indigestion, nervousness, sleeplessness, etc. Directions accompany each scaled package.

Too Stout:—The best and only safe fat reducer that I have been able to find, and one which is almost invariably successful, without harm to the organs of the body is: Glycol-arbolene I oz., aromatic elixir 5 ozs. Mix; take a teaspoonful after each meal for three days, then increase to two. After reducing, you should be careful to eat temperately. It is safe to say that this will reduce your weight at least 30 pounds.

Belle:—Yes, I can tell you of a fine liquid preparation of saponified oils, superior to soap, for shampooing. It is put up in bottles ready for use and is called fluid cottozone.

Relief:—For the relief and cure of tired, swollen, aching, sweaty and caloused feet, use a tenspoonful of vilane powder, and tablespoonful of sait to a gallon of hot water. Immerse the fest from 10 to 15 minutes every night or morning. This gives a grand feeling of relief, and soon enables one to be on their feet all day.

Mr. S. W.:—A convalencent tonic is needed in your case since you have spiration, catching cold with the least exposure, irregular appetite, blues and general all-gone feeling are some of your symptoms. The following is a tonic unsurpassed for such conditions and may be used by man, woman or child with astonishing benefits: Syrup hypophosphites compound 1 oz. (not cardamon). Mix, shake well and take a teaspoonful before or after meals and at bedtime. If your weight is below normal, also take 3 grain hypo-nuclane tablets.

Mrs. N. A.:—Your headache is caused by the bad case of nasal or head catarrh. Any one can cure catarrh by using a simple nostril wash daily consisting of a half teaspoonful of antiseptic vilage powder mixed with a pigt of lukewarm water. Snuff this mixture into the nostrils and gargle the throat until all lumps and accumulations of catarrhal matter are removed. This enables you to breathe freely, stops hawking, spitting, etc. Get a 2-ounce package of vilage powder. Also use an cintment made by mixing a level teaspoonful of vilage powder with 1 os. of lard or vaseline. Apply twice daily to the nostrils. Take 3-grain sulpherb tablets to purify the blood.
