

### MADERO'S CHIEFS EAGER FOR BATTLE; PEACE PRICE HIGH

Demand That Leader Be Elevated to Presidency of Mexico—Many Question Provisional Government's Control

(United Press Leased Wire.)  
Juarez, Mexico, May 18.—Conferees from which it is hoped peace will come to revolution-ridden Mexico began here this afternoon at the quarters of Provisional President Madero.

"If President Diaz quits," the rebel leader said to the United Press, "the rest of the tangle will be easily straightened out."

Juan Carbajal, the representative of Diaz, entered the conference smiling.

"Peace is in sight," he said. "I received today a telegram from General Diaz fully authorizing me to act for him. This morning I signed a five days' armistice, which will expire at 11 o'clock on the night of May 22. This afternoon I feel that my signature to that armistice was equivalent to signing the final instrument which will seal the peace of Mexico."

Dr. Vasquez Gomez, Madero's chief adviser; Gustavo Madero, Alberto Puentes and Gonzales Garza all participated in the conference with Carbajal. Despite the expressed optimism of the rebel leaders and of Carbajal that peace is certain the gravest doubts are expressed by uninterested observers as to whether it will be easy for Madero to control his rebels. His officers make no secret of their dissatisfaction with peace at any less price than the actual assumption of the presidency by Madero.

Distress at End.

Distress among the insurgents is practically at an end. They are taking about \$100 daily from the customs here and talk far more of the beginning of the march on Chihuahua than they do of the peace plans. There is a general eagerness for more war, which is strongly fostered by the soldiers of fortune who have embraced the rebel cause.

Only the complete and instant abdication of Diaz and the assumption of the presidency by Madero after a march on Mexico City apparently will satisfy the firebrands of the camp and before their arms are being laid down. The strong probability of further fighting unless the hostilities are quelled with a firm hand.

### MADERO REMOVES CASH FROM JUAREZ BANKS; ARMY TO BE PAID NOW

(United Press Leased Wire.)  
El Paso, Texas, May 18.—Partly in his character of conqueror of Juarez and partly in his capacity of joint dictator of Mexico with Minister De La Barra, which latter position is secured to him by the peace pact with Diaz, Francisco Madero today has taken into his own possession \$22,000 government money which was in the banks of Juarez and pay day for the rebel army is coming soon.

Madero's action in confiscating the government's money was practically forced upon him by his men. For days there have been reports of trouble in the rebel camp and in Juarez there is a break of the hungry and discontented men have several times been suppressed with difficulty.

Now, however, that the armistice has been signed, Madero is believed to feel the ground more firmly under his feet, and he is expected to at once disburse sufficient cash to his troops to keep them steadfast until the agreement of peace with the federals is put into operation.

There is great satisfaction today among the rebels over the terms of the peace pact. The resignations of President Diaz and Vice President Corral, before June 1, the assumption of a temporary presidency by De La Barra with Madero as a practical assistant; the fact that Madero will have a voice in the selection of nearly all the cabinet members—all these points convince the rebels that they are to get a square deal.

While there is a little dissatisfaction over the fact that De La Barra will be dominant in the selection of a minister

### Alveolar Dentistry

In a majority of our advertisements we lay great stress on our specialty, Alveolar dentistry, replacing missing teeth without a plate work, and the curing of pyorrhea (loose teeth). The work is so remarkable in its character that it is apt to overshadow those other cases which come to us in the simple cases. We don't want the idea to obtain that we are Alveolar specialists alone. We are that, but something more—general practitioners of the first class. We do dentistry in all its branches, from the simple piece of filling up, it's a bonus to us to be able to make, but we can do anything that is possible in dentistry, and what we do is always of the very highest class. Our booklets Alveolar Dentistry and examinations are free. There are 12 Alveolar Dental Co. offices in the west. About 10,000 people are wearing our Alveolar teeth. About 2000 people in this city and state have teeth supplied by this office. Ninety-nine per cent, if not every single one, will tell you if asked that it's the best investment they ever made in dentistry. In many cases where bridgework is impossible and all cases where it is possible, we can replace your teeth with beautiful, artistic, comfortable, clean and everlasting teeth that we will defy anyone, dentist or layman, to tell from natural teeth. For full information see our Sunday ads.

La Nori, who is the acknowledged leader of a band of insurgents in the neighborhood of Cuernavaca.

of war and in the ministry of foreign affairs. It is realized by the chiefs that something had to be conceded, and they are satisfied that the forcing out of Diaz is the real, substantial end for which the war has been waged.

### FEDERALS SURRENDER CITY AFTER DESPERATE BATTLE OF 12 DAYS

(United Press Leased Wire.)  
Mazatlan, Mexico, May 18.—News reached here today of the surrender of Cosala, an important town in the state of Sinaloa to a rebel force after a battle which has continued for 12 days. Many are reported killed. Culiacan, another important city nearer the coast, is besieged by insurgents.

Cosala with its 12,000 population, is beyond the reach of ordinary news, and word of the battle has only just been received here. Reports at hand say that 1300 rebels attacked the town, which was garrisoned by 400 federals. The battle continued, with few intermissions, during 12 days. Muskets rattled continuously and until the federal commander marched out under a white flag with an offer to surrender the town if the rebels would allow him to move out with the honor of war, neither side took time or trouble to bury its dead.

The federal leader stated that his command would have fought until death were it not that the stench of the dead

endangered the lives of the residents. The dead fell from the roofs and lay floating in the tropical sun until the situation became unbearable. The rebels finally accepted the terms of surrender.

### CORONATION SIGNAL FOR SHIP MEN'S STRIKE

(United Press Leased Wire.)  
Southampton, England, May 18.—It is reported here that the long-threatened strike of sailors and firemen has been finally set to start May 25. The intention of the labor leaders is to take advantage of the coronation, hoping that interruption of traffic then will bring the shipowners to terms.

Under government supervision Egypt last season raised the largest crop of cotton ever grown in that country.

### WASH THOSE PIMPLES OFF

Use D. D. D., that mild, soothing wash, that recognized remedy for Eczema and all skin troubles. First drops take away that awful burning itch, cleanse the skin—wash away every pimple—every impurity. Nothing like D. D. D. for the complexion.

Get a 25c trial bottle today—worth ten times its cost to have a bottle in the house. At any rate, drop into our store to talk over the merits of this wonderful prescription. Skidmore Drug Co.

### TWO LABORERS LIE UNDER VAST SLIDE

Four Men of Grading Crew Killed When 20,000 Yards of Earth Slide Down.

At noon today a gang of laborers had not succeeded in unearthing the remains of Ed Torgansen and W. Parrish, two of the four men killed yesterday in a landslide on the Mount Hood Railway which occurred about 25 miles east of Portland, on the banks of the Sandy river.

The remains of D. Hart and William Stranley, the two others who were killed in the accident have been taken to Oregon City, the county seat of Clackamas county, in which the slide occurred. Matt Otto, R. J. Ryan, A. Jackson and E. J. Murphy, members of the gang that went down with the tons of earth and who were severely injured, are reported to be improving rapidly at the Good Samaritan hospital, where they were brought yesterday, and all will recover, it is said.

The grading crew which was working on an embankment along which the railway tracks are to be laid was about to stop work for the noon meal, when without a sound of warning, 20,000 yards of earth, which had been loosened

by the hard recent rains, slipped down toward the river carrying the four men to instant death, buried completely under the debris, taking with it the four men in the hospital, and also causing Engineer Ryan, brother of one of the injured men, to fall a considerable distance, without injury, however.

Hans Peterson, a foreman was left standing on the very brink of the hole left by the slide and by rare good fortune, he escaped injury. Superintendent C. H. Packer was standing nearby but escaped unharmed.

The shrieks of the falling men attracted workmen from other parts of the job, and all immediately bent their efforts to rescue those who had been buried beneath the slide. The injured were taken on the cars to Gresham and from there brought to Portland in autos and rushed to the hospital.

### DRIVER AND TWO GIRLS INJURED IN COLLISION

In a collision between the Union Meat company's wagon No. 13, and a Waverly-Richmond car at Twenty-first and Clinton streets this morning, Driver B. S. Kinney, a veteran driver for the company, was so severely injured that it was necessary to take him to St. Vincent's hospital, and two young girls, Misses Agnes and Florence Jones, who live at the corner of Twenty-first and Clinton streets, were slightly hurt.

The meat wagon was going south on Twenty-first street and the streetcar was westbound on Clinton street, going at a high rate of speed. When the crash came, the driver was thrown to

the street, and the wagon was skidded across the street and struck the two Jones girls, who were waiting to take the car, knocking them to the street, tearing their clothing and scratching their faces and hands slightly. Both are employed at Meier & Frank's.

The team attached to the meat wagon, taking fright at the collision tore loose from the wagon and sped down the street, running until almost exhausted. They were finally caught at Eleventh and East Harrison streets.

Kinney, who is known to his friends as Pat Casey, is resting easy at the hospital and it is likely that he will be able to leave before tomorrow night. The wagon and car were both damaged.

### OREGON WOOL COMPLAINT IS MERGED WITH OTHERS

(Salem Bureau of The Journal.)  
Salem, Ore., May 18.—Oregon's complaint filed with the interstate commerce commission in the case of the railroad commission of Oregon against the O. R. & N. company, has been consolidated with the whole matter of alleged unreasonable rates involved in the transportation of wool, hides and pelts from western to eastern points, according to a notice received by the state railway commission today. This means that the complaint filed a year ago by the Oregon commission will not be decided before the entire matter has been adjusted.
