

Lipman, Wolfe & Co. FRIDAY BARGAINS

Merchandise of Merit Only

61st Anniversary Sale

High Class Tailored Suits \$23.50

Normally \$30, \$32.50 and \$35

Exactly Like Illustration

—Again we are compelled to draw on our regular stock for Friday's "Anniversary Suit Sale."

Measured by past events, the sale of tailored suits in our store this week eclipses all former selling records.

—In making a choice for Friday's special—tailoring—the "set" of these suits—their CHARACTER and quality, these are the points we sought.

Women will enthuse over these garments the minute they see them—if they knew the worth of these suits as well as we do the entire stock would undoubtedly be sold rapidly without this advertisement.

—Strictly man-tailored suits for women and little women of fine all wool serges, worsteds and fancy men's wear materials. In black, navy, tan, gray and king's blue.

These jackets are models in the smart tight-fitting and semi-fitting styles, 24-inch length.

—These jackets have the perfectly plain coat sleeves and finest silk linings. The skirts are made in the newest straight and plaited shapes.

\$3.95 to \$4.50 Untrimmed Milan Hats, Anniversary Sale \$1.95

—Just in time to enter the list of contestants for bargain honors in our 61st Anniversary Sale. Untrimmed milans—the undisputed leader of millinery fashions in spring and midsummer hats. The above illustrations are faithful reproductions of some of the styles on sale. Besides those illustrated, we show ten other shapes in close-fitting turbans, hoods, medium and large picture hats. In black, burnt and natural.

—Late advices from New York confirm our predictions that midsummer hats will be heavily trimmed with flowers. The more refined and popular trade are of one accord in welcoming these flower-bedecked hats. Plain hood and quill-trimmed hats are becoming so commonplace that the return to flowers is heartily welcomed by all women who enjoy their midsummer hats above all others. What prettier hats can you buy that lend themselves so gracefully to flower-trimmings as these milans?

Rogers' Silver Plated Tableware

—The name Rogers is a household name throughout America. The Argyle pattern is the latest Rogers triumph. Do not, however, confuse OUR ROGERS' TABLEWARE with CHEAP SINGLE-PLATED WARE sold under the name of Rogers, as a subterfuge for the bona fide Rogers' ware.

—As shown in the illustration, the Argyle pattern is reinforced on every point where the wear is the greatest by additional extra platings.

—Below we quote the lowest prices ever named on this superior quality.
