

388 WATER RIGHTS IN CROOK SETTLED

Squaw and Tumalo Findings Affect 46,000 Acres, 9700 Being Irrigated.

(Salem Bureau of The Journal.)
Salem, Or., May 18.—The state board of control has received word from Judge W. L. Bradshaw of The Dalles that he has heard all objections made to its water right determinations for Squaw Creek and Tumalo Creek in Crook county, and that with few exceptions, such findings will be confirmed as soon as the proper order and decrees can be entered.

In the matter of rights from Tumalo Creek there were no objections, but in Squaw Creek there were some errors and omissions in the findings corrected. None of them in any way changes the determinations.

388 Water Rights on Two Creeks.
A total of 388 rights to water was involved in the Squaw Creek determination and the decrees to be entered will confirm rights to irrigate 16,113 acres of land, 6651 acres of which are under irrigation. In the Tumalo case, 150 rights to water are involved, affecting about 20,000 acres, only 3055 acres of which are under irrigation.

The final hearing by the court was had in these two cases within 20 months from the date of beginning of the surveys by the state engineer. The new water code has been in effect little over two years. During this time the state engineer has completed the surveys as a basis for water right determinations on 29 different streams. The division superintendents have taken the original testimony of claimants to water on 17 of these streams and the board of control has entered orders determining the relative rights to water on six of these.

Rights and Lost River Plans.
At the present time surveys are in progress on Powder river, in Baker county, to collect the fundamental information as a basis for an adjudication of the water rights on this stream and all of its tributaries. Similar surveys will be commenced in the near future by the state engineer on Sliver river in Harney county and Lost river in Klamath county and the maps of the Rogue river heretofore made, will be carefully checked to bring them up to date.

Grants New Trial.
Los Angeles, May 18.—Holding that a refusal of a severance of trials might be sufficient grounds for an appeal and

a reversal of decision, Judge Wallborn in the United States district court granted separate trials to Attorney Fred H. Thompson and his wife, Etta M. Thompson, charged with having received money stolen from the government. The trial of securing a jury for Thompson's work was begun.

CREDIT MEN INDORSE PUBLIC AUDITORIUM

Every organization to which has been presented the merits of the public auditorium bond issue since the campaign for the auditorium began has unanimously indorsed it. Improvement associations in nearly every part of the city have voiced unqualified approval by means of resolutions. Last night Westmoreland, Mount Tabor Heights and Irvington Improvement associations went on record as favoring the auditorium by bond issue.

The Portland Credit Men's association adopted resolutions of indorsement last night. Among the speakers for the auditorium were Postmaster C. E. Merrick, chairman of the auditorium committee, D. O. Lively and V. V. Vincent Jones.

Announcement of the success of the \$3,000,000 public auditorium and school bond issue that reached C. C. Craig, president of the Live Wires, from Oakland yesterday, was followed by information received by Postmaster Merrick, telling what public auditoriums have done for other cities. In this information are contained the following statements:

"Many of the progressive cities of the country such as Kansas City, Denver, St. Paul and Des Moines have convention halls and they have universally proved a good investment. The direct revenue return in many has been sufficient to provide for the sinking fund and the advantage in use more than offsets the interest charge. Besides an auditorium is a constant advertisement for a city."

"A Des Moines publication calls the auditorium of that city 'a magnet of prosperity.' And adds, 'Des Moines built the auditorium, now the auditorium is helping to build Des Moines.' The net income of the Des Moines auditorium is equivalent to 11 per cent on the investment."

"The great convention hall at Kansas City has brought thousands of visitors to Kansas City, and the question which the people ask is not 'Do we need an auditorium?' but 'How could we get along without it?'"

"The first convention held in the Denver auditorium is said to have brought more money to that city than the entire cost of construction of the building."

"An epidemic of hotel buildings is said to have followed the completion of the monster auditorium in Houston, Texas."

Mexican Mails Tied Up.
(United Press Leased Wire.)
San Francisco, May 18.—That the Mexican insurgents have tied up the towns along the American border is shown by the dearth of mail from the southern republic on today's Owl. Only 18 letters were received from Mexico, and these had been smuggled over the lines by special messengers. The Owl usually brings 2000 letters from Mexico to San Francisco.

PARLOR MATCHES TOO EXPENSIVE FOR U. S., VERDICT OF SPEAKER

Three dollars for every man, woman and child in the United States yearly is the loss by fire caused by parlor matches, according to a statement made last night at the regular meeting of the Portland Association of Credit Men by Chester Deering, who spoke on "Fire Waste in the United States and Means of Prevention." He made the principal address of the evening.

Germany was cited as a model for the United States to pattern in the use of matches. In Germany, Mr. Deering said, only safety matches are used, and the fire loss there does not exceed 40 cents per capita.

The meeting of the association was held at the Bowers hotel, and a banquet was served in the early evening. About 100 members were present, and addresses were also made by C. B. Smith, secretary of the association, and M. Billings.

PENDLETON HIGH GIVES 1911 DIPLOMAS TO 22

(Special Dispatch to The Journal.)
Pendleton, Or., May 18.—Pendleton high school is nearing the close of a most successful school year. Commencement week begins next Sunday when Rev. A. MacKenzie Meldrum of Athens delivers the sermon to the members of the senior class. Class day exercises will be held the Thursday evening following and the regular graduation address and orations Friday evening. Dr. Henry D. Sheldon, head of the department of philosophy and education at the University of Oregon, has been selected to deliver the address. Twenty-two will receive diplomas this year from the high school: Louis F. Anderson, Jr., Nellie Anibal, Etta Baker, Cressie Baker, Beatrice Brownell, Dale Chessman, Elmer Dahlgren, Richard Devine, Grace Fimmel, Nathan Kimmel, Arthur Jordan, Lynwood Livermore, Clement McCoy, Mollie McPhee, Harvey McPherson, Charles Milne, John Nolte, Emma Richardson, Ray Simpson, Alfred Straughan, Westbrook Dickson and James Hartwell.

Thirty-six Sought.
(United Press Leased Wire.)
West Union, Ohio, May 18.—For failing to report voluntarily at the last session of the grand jury, Judge Blair today issued capias for 36 residents of Adams county alleged to have been indicted for election frauds.

Cobb Takes Oath.
(United Press Leased Wire.)
Washington, May 18.—Charles W. Cobb of San Francisco, former-law partner of F. J. Heney, this afternoon took the oath of office as assistant to the attorney general. He has been assigned to the department of the interior.

MAIL TO BEND, OR., BY RAIL JULY 1

Inhabitants, Mad Before, Now Mad Because the Change Comes So Late.

(Special Dispatch to The Journal.)
Bend, Or., May 18.—The indignation expressed throughout this section of central Oregon concerning the mail service to towns of the interior is little abated by the call for bids just issued by the postoffice department. This call is for bids for mail carrying from Culver, on the Oregon Trunk, 41 miles to Bend, a seven-day a week service, commencing July 1. The objections

are in no wise due to the fact that such a service is proposed but because it comes so late. The railroad was operating regular daily service to Madras March 15, two and a half months before the postoffice department called for bids for a service connecting with the new railroad. In the meantime mail for Bend and the other towns of the interior has continued to come in by way of Shaniko, carried on antiquated stages over 100 miles of extremely hard roads, although the railroad for several months has been completed and in operation as far south as Madras, and is now operating daily service to Opal City, but 25 miles north of Bend.

BETTER FOR MEN, WOMEN AND CHILDREN THAN CASTOR OIL.

IS THE IDEAL FAMILY LAXATIVE, AS IT GIVES SATISFACTION TO ALL, IS ALWAYS BENEFICIAL IN ITS EFFECTS AND PERFECTLY SAFE AT ALL TIMES.

NOTE THE NAME → CALIFORNIA FIG SYRUP CO. In the Circle, on every Package of the Genuine.

ALL RELIABLE DRUGGISTS SELL THE ORIGINAL AND GENUINE WHEN CALLED FOR, ALTHOUGH THEY COULD MAKE A LARGER PROFIT BY SELLING INFERIOR PREPARATIONS, YET THEY PREFER TO SELL THE GENUINE, BECAUSE IT IS RIGHT TO DO SO AND FOR THE GOOD OF THEIR CUSTOMERS. SYRUP OF FIGS AND ELIXIR OF SENNA IS THE ONLY PERFECT FAMILY LAXATIVE, BECAUSE IT IS THE ONE REMEDY WHICH ACTS IN A NATURAL, STRENGTHENING WAY AND CLEANSSES THE SYSTEM WITHOUT UNPLEASANT AFTER-EFFECTS AND WITHOUT IRRITATING, DEBILITATING OR GRIPPING, AND THEREFORE DOES NOT INTERFERE IN ANY WAY WITH BUSINESS OR PLEASURE. IT IS RECOMMENDED BY MILLIONS OF WELL-INFORMED FAMILIES, WHO KNOW OF ITS VALUE FROM PERSONAL USE. TO GET ITS BENEFICIAL EFFECTS ALWAYS BUY THE GENUINE, MANUFACTURED BY THE CALIFORNIA FIG SYRUP CO.

and probably 80 in all will be present. The Rheinharts in the aggregate in Oregon, however, number several hundred. State Land Agent Rinehart, Governor West's appointee, is one of the clan and is to deliver the annual address. The reunion was held near Springfield in 1907. The family camps for two or three days while associations are renewed.

BRIDGE AND PLATEWORK

There are many kinds and forms of Dental Bridge Work each of which has its specialized merit. Bridge work to be right in every detail and possess the quality of permanence must be exact in its mechanical construction. Most failures in bridge work are due to unsanitary construction, to actual "don't care" carelessness or to honest ignorance.

MAKING ARTIFICIAL TEETH is a leading feature of our business, and we believe it cannot be surpassed in the point of its completeness. We operate our own laboratory, and as making artificial teeth is a specialty in dentistry, we are in a position to make this offer and guarantee satisfaction. Dr. Wise has made this branch of dentistry a special study for a great number of years, and is again in active practice and will wait on all who wish his services.

Out-of-town people can have their plate and bridge work finished in one day if necessary.
