

PORT OF SIUSLAW WORK SUSPENDED

Bond Buyers Want Part of the Coos Bay Suit Settled Before Paying.

Marshfield, Or., May 19.—Work on the harbor laid out at Florence by the commission of the Port of Siuslaw has been stopped because of the buyers of the new bond issue refusing to pay until the case against the Port of Coos Bay is settled. It is said the same questions which were left undecided in the recent supreme court decision and which are involved in the friendly suit of the state against the Port of Coos Bay also affect the Port of Siuslaw.

Joint Water System Proposed. Marshfield, Or., May 19.—The build-

ing of a joint waterworks system by the cities of North Bend and Marshfield is still being discussed and a meeting of the members of the councils of the two cities will be held soon to talk the matter over. There has been some complaint about the water which is now furnished by a Marshfield company, and the plan of having a larger and municipally owned plant will be taken up.

Chandler Ranch and Cattle Sold. (Special Dispatch to The Journal.) Marshfield, Or., May 19.—One of the first big real estate sales of the season was the transfer of what is known as the Chandler ranch, which has just been closed. Andrew Stora and Alfred Branel have bought the place from Christian Hermann for \$13,500. The sale includes 183 acres of land and dairy cattle. The price paid shows an increase in value of 50 per cent in the last four years.

Hears Danish Singers. (Special Dispatch to The Journal.) Washington, D. C., May 19.—A chorus of 50 students, comprising the finest voices among the members of the Danish Student Singers' society of Copenhagen, and including several artists from the Royal Danish opera in Copenhagen, furnished a musical entertainment of rare merit to President Taft and the large number of invited guests who attended the specially arranged gar-

den party in the White House grounds today. The student singers, who are now touring this country under the auspices of the Danish-American association, arrived in New York a few days ago and, after a short rest, came to Washington upon invitation of President Taft, extended through the Danish minister, Count Carl von Moltke. Among the soloists are Helga Nissen and O. Holboell, both of the Royal Danish opera and Herr S. Levssohn, also of the Royal Danish opera, is their conductor.

To Honor Memory. (Special Dispatch to The Journal.) Washington, D. C., May 19.—President Taft, Cardinal Gibbons, Ambassador Jusserand of France and Senator Eilhu Root will be among the prominent participants in the ceremonies at the unveiling of the L'Enfant memorial in Arlington cemetery next Monday. The movement to honor the memory of Major L'Enfant, the young French engineer who drew the plans for the city of Washington, was crystallized two years ago, when congress appropriated funds for the disinterment of L'Enfant's body from its grave in Prince George county, Maryland, and its reburial in the national cemetery at Arlington. The various patriotic societies of Washington will have charge of the unveiling of the monument erected over the grave in Arlington.

BUSINESS MEN'S TRIP TO NEWBERG

Tri-County Meeting Will Be Held to Boost Proposed Road.

A large number of Portland business men will go tomorrow evening in automobiles to Newberg, where a tri-county meeting will be held for the promotion of the proposed road improvement between Rex and Tigardville. The improvement of this 12 mile stretch in Washington county it is said will connect Portland and Multnomah county with the great agricultural area comprehended by the west Willamette valley. As trade relations are sought as much by the people in the area mentioned as by Portland, it is planned to make movement for improvement co-

operative. Among those who have planned to go from Portland are Carlos T. Prall, president of the Oregon Association for Highway Improvement; John S. Beal, Postmaster C. B. Merrick, Dr. Andrew C. Smith and others. Twenty-four Mile Trip. George B. Waggoner, president of the Yamhill Auto club, was in Portland yesterday making arrangements with the Portland Auto club and the Commercial club to send delegates from these bodies to the Saturday evening meeting. Assurance was given that C. C. Chapman, manager of the Commercial club, and President W. J. Clemens of the Auto club would both attend. The trip to Newberg will be commenced tomorrow evening immediately following the dinner hour. The distance is 24 miles. Only a continuance of rainy weather will impede the plan for the trip, it is announced. The people of Sherwood plan a surprise at this meeting. Sherwood is a town of 400 people near the road which it is proposed shall be improved. Sherwood's Offer. If the usually traveled highway is diverted through their town the people will pay for the improvement, said C. P. Miller of Sherwood while in Portland yesterday. The distance, said Mr. Miller, by the road as now used is about 14 miles, but it is full of gullies. Through Sherwood the distance is increased about one half a mile, but most

of it is good road, and the Commercial club of Sherwood has raised between \$1200 and \$1800 with which to permanently improve the remaining portion. This offer, accepted, would take about \$5000 from the anticipated expense of improvement. "We think, too, we merit consideration," said Mr. Miller. "We have a growing town, a bank with over \$100,000 of deposits, five rural delivery routes radiating from the town, and we are in the center of one of the richest agricultural sections in the state." Oklahoma Press Association. (Special Dispatch to The Journal.) Chickasha, Okla., May 19.—Several hundred of the editors of Oklahoma were in attendance at the opening session of the twentieth annual meeting of the Oklahoma Press association which convened here today for a two day session. After the visiting members had been duly welcomed and had responded to the hearty welcome through their spokesmen, Luther Harrison of Wetumka, President J. P. Rantrow read his annual address. The rest of the session was devoted to routing business and several interesting addresses on professional subjects. The session will close tomorrow with an auto tour and a baseball game between Republicans and Democrats of the association. On Sunday the editors will go by special train to Lawton, to inspect the site of the

proposed home for Oklahoma newspaper men at Medicine Park, in the Wichita mountains. Admiral Hubbard Retires. (Special Dispatch to The Journal.) Washington, D. C., May 19.—Owing to the fact that he has reached the age limit of 62 years, Rear Admiral John Hubbard, until recently commanding-in-chief of the Asiatic fleet, was placed on the retired list of the navy today. Admiral Hubbard comes from Maine and was graduated from the Annapolis academy in 1870. He attained the rank of captain in 1895 and that of rear admiral in 1908. He was in command of the Nashville and the naval force in the Isthmus of Panama during the revolution in 1902, which resulted in the independence of the state of Panama. In the memorable around-the-world cruise of the Atlantic battleship fleet, Captain Hubbard was in command of the Minnesota. Prior to taking command of the Asiatic fleet he served for some time as a member of the general board in Washington. Giant Powder Blast Kills. (Special Dispatch to The Journal.) Eugene, Or., May 19.—A foreign laborer was killed by an explosion of giant powder at camp No. 2 on the Southern Pacific company's new Naton extension, 40 or 50 miles above Lowell.
