

Brownsville Gets First of the Series Ending in Baker County.

(Special Dispatch to The Joarnal.) Oregon Agricultural College, Corvallis, Or., May 19.-Ten farmers' institutes in as many different cities of the state have just been announced by Dr. James Withycombe, director of the experiment station at the Oregon Agricultural college, for May and June.

Next Tuesday, May 23, the first will be held at Brownsville, Linn county, and the day following another at Junction City, Lane county, followed by oth-Tuesday at Springfield and Friday at Cottage Grove. Saturday they cross to Douglas county for an institute at Drain, and the following Monday, May 29, one will be held at Sutherlin. Roseburg will have an institute Tuesday, May 30, and Riddles one on May 31. In fune two more will be held in the Eagle and Pine valleys, Baker county, Los Angeles Times. one on June 6 at Richland and another

at Halfway, June 7, in the same county The series to be held in May will be largely demonstration institutes in which such of the "movable school" work as possible in the short time will

be given by the domestic science, hor-ticulture and dairy husbandry depart-ments. The morning and afternoon ing the final decree. Agreements as to nts. The morning and afternoon alimony were settled out of sions will be devoted to such dem- Brooking did not contest the suit.

onstration, while the evenings will be given over to the regular institute lec-tures on the problems of the home and farm. It is expected that Mrs. Orla Buxton of Forest Grove, assisted by Miss Belle Edwards of Monroe, a senior in the college domestic science department, will have charge of the work for women in the institutes, while R. W. Reese of Newberg, a '10 graduate of O. A. C., now Newberg, a 10 graduate of O. A. C., now in the faculty, will take charge of the horticultural demonstrations, and Pro-fessor, F. L. Kent of the dairy hus-bandry work. Dr. Withycombe and Mrs. Clara Waldo of the board of regents will also accompany them and deliver

The two June institutes, in Pine and Eagle valleys, will be regular farmers institutes, consisting of the usual lec-tures on the problems of dairying, horticulture and agriculture, and will be in charge of Dr. Withycombe and Pro-fessors F. L. Kent, C. I. Lewis and H. D. Scudder.

MANUFACTURERS FIGHT TYPOS' \$100,000 SUIT

Final Decree Granted.

(United Press Leased Wire.) New York, May 19.-Before con-

cluding their convention here the members of the National Manufacturers' association decided to fight the suit of President Lynch of the Typographical union for \$100,000 against President Kirby of the manufacturers for publishing the resolution its directors adopted October 13, declaring that the Inter-national Typographical union was re-sponsible for the destruction of the

PLANS LONG RIDE

ast night.

Virginia Vance of Kennewick to Journey on Horse to

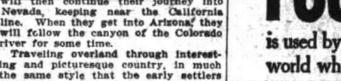

Phoenix, Ariz.

(Special Dispatch to The Journal.) Kennewick, Wash., May 19.--A horse back trip of over 1500 miles from Ken-

newick to Phoenix, Aris, in company with her father and brothers is what one of Kennewick's teachers has planned as her summer outing. Miss Virginia Vance, who has taught in the Kennewick schools for several years, expects to start on this overland trip about the first of June. Her father and brothers are going to travel in a covered wagon and carry provisions and

equipment for the journey, but Miss Vance is to ride her horse as she is home in the saddle. Their route as planned now, is to go by way of Pendleton and then strike off through central Oregon to the Lakeview district. From this point they may make a detour to Crater lake. They will then continue their journey into

line. When they get into Arizona, they will follow the canyon of the Colorado Traveling overland through interest-

fire, stopping at times to hunt and fish, making detours at times' to see some bit of scenery, this member of Kennewick's teaching staff, who is a great lover of out of door life, is look-ing forward with pleasure to this trip as a very unique and romantic excur-

sion. The Vance family expects to make its home in Pheenix. The mother and the rest of the family are going to Cali-fornia by way of Portland, spending the summer with relatives near Freeno, and then joining the father and daughter and brothers in Phoenix in the fall.

Seattle Youth Honored. (United Press Leased Wire.) New Haven, Conn., May 19.-Edward Augustus Strout Jr. of Seattle was selected to membership in the famous "Skull and Bones' society of Yale here given

A fluid which the insect injects to make the blood thin enough to swallow is what makes the bits of a mosquito painful.

"Seattle is making a mistake in try-ing to hold a festival in competition with Portiand's Ross show," said W. C. Lynch, until yesterday a resident of the sound city. "This 'Potlatch' that is being so thoroughly advertised by the Seattle newspapers is going to be a bad thing for the citizens of that dity, for every man, woman and child must pur-chase a 'Golden Potlatch' button at \$1. With this money the show will be given.

"Now there are thousands of people in Seattle that cannot afford that dol-lar, nor, can they afford to quit their work for even one day to see it, and spend money and entertain friends or visitors. My idea of a celebration

away from the working man. It is an arfair that the wealthier folk are prote of and they gladly contribute to its success. The Rose Show is merely display of some of the city's resources —and a mighty good display it is."

The concerts of the wonderful Imperial Russian Balalaika Court Orchestra have been the sensational event of the present musical season.

The balalaika, originally a primitive peasant's instru-ment with a tone similar to that of a mandolin, has been developed and improved by the conductor of this organization into a novel orchestra of great range, with instruments varying in size from that of a mandolin to a small-sized double-bass.

Imperial Russian Balalaika Court Orchestra

The technical skill and precision of these twenty-five gifted players are simply astonishing, while the effect of the whole orchestra is soft andrich—"music something like produced by our mandolin, only wonderfully more velvety, that fades away to a singing whisper or flows into a liquid tone like the sound of zithers in crystal halls".

Thousands of delighted hearers in the large cities have enjoyed this exquisite music. Now every one can hear it on the Victor. Three records just issued-made under

the personal direction of the conductor, W. W. Andreeff.
