Miss Lena Simpson, daughter of Mr. and Mrs. George W. Simpson, has won distinction by her election as grand directress of the Dix sorority for the northwest. Miss Simpson, who is a student at Mills college, was appointed delegate from Portland to the national Dix convocation which met in San Francisco a fortnight ago, and her election took place two weeks ago Monday in the Rose room of the Palace, following a luncheon at the hotel. Miss Simpson has just completed her third year at Mills. She returned home on Thursday.

One of the most attractive little singers at the St. Mary's May fete given at the Hotel was Frances A. Leen Hanrahan, who sang in the Violet song. While only six years of age, little Frances possesses talent far above the average child much her senior. Her clever singing and dancing has already won notice from the artistic world. She appeared at San Diego, Los Angeles and San Francisco in a singing sketch that was flatteringly received. While in Los Angeles last winter little Frances was chosen by La Forrest, the ivory miniature portrait artist, as his model, pronouncing her features and coloring perfect. Few children her age have the knowledge of languages Frances has. She can converse freely in French and German, having received her French training in the West Lake school for girls of Los Angeles under the direct training of Miss de la Guille, of Paris. Another honor about her is the winner of three medals, two from world's fairs and one from a midwinter fair for being the most beautiful child.

Roseberry, Idaho, May 20.—Five dollars and forty-eight cents per acre for a permanent water right in the 3000 acre irrigation district recently organized here is, perhaps the cheapest water right on record in the state of Idaho or in the northwest. This irrigation district comprises the lands immediately surrounding Roseberry and includes the town of Roseberry. Water for the district will be taken out of Boulder creek at a point eight miles above Roseberry. This creek furnishes an abundant supply of water for the fall irrigation season. The whole irrigation project will cost about \$15,000. The main ditch is already built.

MARRIAGES LEGAL EVEN IF PASTOR BREAKS LAW

(Special Dispatch to The Journal.)

Salem, Or., May 20.—In response to a question asked by anxious lovers whether a marriage ceremony performed by a minister or priest who may not have filed with the county clerk his statement of authority as provided in a new law, in effect on and after today, would be illegal, Attorney General Crawford gave an off-hand opinion that these marriages would not be illegal, although the minister or priest so performing the ceremony would be subject to fine.

"Marriage is a civil contract," said the attorney general, "but for the protection of the morals of society, the state evidence of entrance into that contract must be furnished. Therefore certain parties are empowered to bind the contract. The failure of a minister to file his statement of authority would be a crime on his part but would not invalidate a marriage contract, provided he actually had the proper authority."

How to Beautify Plainest Complexions

(Tollottes.)

"The growing popularity of face lotions is in keeping with our natural progress," says a well known beauty writer, "and before long they will have supplanted powders and cosmetics."

"A very fine lotion can be prepared at little cost by dissolving a small amount of mayotone in eight ounces of witch hazel. This, applied to the skin daily, frees it of pimples, blackheads or other blemishes, and will give to the 'muddy' or lifeless complexion a rich embellishment and natural health-tint impossible with powder or rouge."

"This mayotone lotion is greenless and prevents the growth of hairs. Many women use it to prevent tan and it is employed to protect the skin from harsh winds and changing weather."
