Light rain has fallen in southern British Columbia, Alberta, eastern Washington, and in the central plains states, the Ohio and upper Mississippi valleys and lake region. Thunderstorms were reported from western Missouri and northern Kentucky. The weather is warmer in southern Idaho, northern Wyoming, eastern North Dakota and western New York, and is correspondingly cooler in northwestern Oregon, Alberta and northeastern Wisconsin.

Women of Woodcraft.—The Good-fellowship campaign committee of the Women of Woodcraft will hold a regular meeting Monday afternoon, May 22, at headquarters building. A full attendance is expected because this is the last meeting before the big time at the Army, May 31. Mrs. C. C. Van Orsdall, who is at present in Salt Lake City, has started on her journey homeward, going to Baker, Boise and Salem before May 31, when she will be present at the Army and deliver the address of the event. The committee is free to all friends of Woodcraft, all are welcome. All members who are entitled to a seat at the banquet at the Commercial club June 2 are getting ready for that event, which is an elaborate affair. Three hundred and fifty will be seated.

Bids for Court House Wing.—Bids for the west wing of the new court house are being advertised for today by the county court. The bidders are given until June 24 to submit proposals. The wrecking, excavation and erection of a complete wing is included in the general contract. By requiring one man or firm to take the complete contract, the county court considers it more easily to erect the building. Great delay on the east wing was due to the fact that one contract was let for each part of the work and the bidder for the structural steel was unable to get the material out on time.

Sell Liquor on Sunday.—Jack Daley, a bartender at the Wilson saloon, 246 Flinders street, was arrested yesterday afternoon by Patrolman H. E. Taft, for selling liquor on Sunday, and this morning his bail of \$100 was forfeited. Daley sold the officer a half pint of whiskey and when the arrest was made 20 quart bottles of pilsener, several half pint bottles and a barrel of whiskey was confiscated. May Mason, who was arrested in a north end rooming house for selling liquor on Sunday, was fined \$100 this morning.

Surprise Prepared.—"Something doing" in the Sellwood Parent-Teacher circle this week, Wednesday afternoon at 3 o'clock, in the school auditorium. The president has a surprise in store for members and visitors. It is hoped that every church will be represented. Every club or association that has the welfare of the community at heart should be there. The State congress will be represented by several of its members.

Dr. Dechmann to Lecture.—Dr. Louis Dechmann will deliver the sixth lecture in his course before the Oregon Congress of Mothers and Parent-Teacher association tomorrow afternoon at 3 o'clock in the auditorium of the Y. W. C. A. All mothers with growing children are requested to attend. The lecture is free.

Smith Family Grows.—E. D. Smith, city milk chemist, bought a box of cigars this morning for his friends in the city hall. The cigars mean that the house of Smith had been augmented by the addition of a robust young daughter weighing 10½ pounds. Mrs. Smith and her little girl are in the best of health.

Would Collect Big Note.—Suit to collect a note of \$25,000 from the John P. Sharkey company is on trial today in the circuit court before Judge Morrow. The plaintiff is the Merchants' National Bank. The note was given in 1908 over a land deal.

Wife Alleges Non-support.—Abraham U. Keller, a plumber living on Mallory avenue, was arrested this morning by Deputy Sheriff Huckleberry on a charge of not supporting his wife, who says her husband has not provided for her for two years. Keller replies that he offered to feed his wife a home in Seattle, but she refused to go there and live. He charges that she has not remained at home, but has sought the company of other men. Divorce proceedings were recently considered, and he consented to a divorce, giving her considerable property, but these negotiations were closed.

ALONE IN HER CLASS.

Blanche Davenport enjoys the distinction of being the only woman in the world who is "out with a minstrel show." She will be at the Orpheum in a few days as a member of the company presenting "That Minstrel Man." While getting away from the old time interlocutor, or middle man of the minstrel show, Miss Davenport answers the same purpose by carrying a dialogue in a few days as a member of the company presenting "That Minstrel Man." The act is one of the very best conceptions of the year, and the presentation artistically made.

home, 790 East Seventh street north, was buried yesterday in Rose City cemetery. Services were held in Ericson's chapel. She is survived by her husband and three children, William Schrader Jr., E. M. Schrader and Mrs. R. P. McLaughlin.

MUSICAL SERVICE, ST. JOHN'S CHURCH

Hardware Store Changes Ownership Often—St. Ronald Visited by Sightseers.

The Rev. John Marshall held a special musical service last night at St. Andrew's Episcopal church. During his address he announced that Bishop Scadding would give an illustrated lecture in the Portsmouth theatre on Monday, May 22.

William A. Baker, of the Laymen's Home Missionary movement, gave another address last night at the home of George H. McKee at 1121 South Graham street. The subject chosen was "Preserving the Identity of the Reurrection."

The Boyles Lady orchestra gave an invitation dance in the Bickner hall on Saturday night. It was largely attended and the dancers greatly enjoyed the rhythmic music provided by these talented musicians.

It is seldom that a city store passes through so many changes of ownership as the hardware store lately owned by ex-Mayor Hendricks of Burlington. Mr. Hendricks sold to J. W. Leighton, who held the store for a short two weeks and passed it on to Mr. Sarrurier; the latter kept it for a few days and sold to C. E. Seavern, who, having kept it less than two weeks, resold it to Mr. Serrurier, who is the present proprietor.

The St. Ronald, which has been chartered by Balfour, Guthrie & Co. to carry lumber to Shanghai, was at the dock of the St. Johns Lumber company yesterday and attracted considerable attention. Quite a number of visitors came down to look over this boat.

Some inconvenience was caused yesterday to the inhabitants of East Buchanan street by the fact that the contractors who are grading this street managed to cut into water service pipes in the course of their work, thereby cutting off the supply from four or five houses in the neighborhood. The damage was done early on Saturday morning, but no attempt was made to repair the same on that day and property owners in this neighborhood were compelled to form a bucket brigade and, at considerable inconvenience, borrow from their neighbors.

Strong protests were entered and the mayor and the president of the water company both visited the district in question in an endeavor to remedy the trouble, and it is expected that the matter will be righted today.

Masonic Temple for Pasco.
 Pasco, Wash., May 22.—The cornerstone of the \$12,000 Masonic temple will be laid Wednesday afternoon. Special rates have been secured on the railroads.

Ye Oregon Grille.
 A single visit to this popular grill will convince the most skeptical that we are doing the grill business of the city. Exceptional musical programs and excellent service is the secret. Signor Marino, the celebrated Italian violinist, and his orchestra of soloists, are still entertaining our patrons, both at lunch and during evening hours.

SAVING TIME by TELEPHONE

When a man feels the necessity of being in two places at the same time he goes to the nearest telephone and sends his voice. It is not exactly the same thing, but when a man talks hundreds of miles in opposite directions from the same Bell Telephone, it is about as good.

In the daily use of the telephone a man travels all over town by wire in a few minutes. It is just as easy to travel all over the state and other states by means of the universal Long Distance Service of the Bell System.

 SECRETY COAL & ICE COMPANY

4779 Employees

There are now 4779 men and women upon the payroll of this company. By the accepted rules of computing population, a total of 23,895 souls secure their living through this medium.

Through these 23,895 people, millions of dollars are expended every year for the necessities and luxuries of living. Thus, to a very large extent, every merchant, every grocer, every butcher, every clothier, every department store, every theatre and every business in Portland receives its proportion of these millions.

There is not a payroll in Multnomah county so large as ours. There is not a staff of employes that outnumbered that of this company.

These 4779 employes work night and day to provide transportation, light, heat and power for the 250,000 people who live in this community.

It is this big working force that makes it possible for you to snap on a light at any time of the day or night, get to your work quickly, go home, visiting or to the theatre at your pleasure.

Yet, exactly as things sometimes go wrong in your own home or office, so with us, there are unforeseen obstacles that we cannot prevent.

Bear in mind that a corps of 4779 well-trained individuals is watching every detail of the important responsibilities entrusted to us.
