

ANNOUNCES HIS CHOICE FOR MAYOR

Minister Says in Sermon That Thomas Is People's Candidate.

Having preached against both Rushlight and Simon, as candidates for mayor, from his pulpit, Albert Ehrsgott, minister of the East Side Baptist church, issued a statement this morning approving the candidacy of George H. Thomas. Mr. Ehrsgott said: "I am convinced that Mr. Thomas is the only candidate before the people who truly desire to represent all the people. I consider him the only truly independent candidate. He has risen from the ranks of workmen, and he is in full sympathy with both workers and employers."

"He stands fully committed, too, to the commission plan of government and under Thomas as mayor we would be more likely to secure the speedy adoption of the commission plan than under Rushlight, who already has announced a policy of tardiness in acting upon the commission plan. Under Mayor Simon, who is elected, together with a number of business men would no doubt find it convenient to lose their interest in that form of government in their sanction of a continuance of the present form, because the only reason they have approved the commission plan is to oppose Rushlight."

"Mr. Thomas, though a Democrat is in a true sense the only independent candidate, inasmuch as he stands for the interests of all the people. He is in the best sense the people's candidate. I unqualifiedly believe that the economic and moral interests of Portland would be best conserved with Mr. Thomas as mayor. I am not a Democrat, only a citizen anxious for the highest welfare of Greater Portland, and this is an unsolicited and voluntary contribution."

Charm and Elegance Of True Beauty

(Stillwell in Fashion.) "Every woman delights in a velvety skin and fine complexion, but few realize the harm done the skin's delicate surface by smothering it with powders or cosmetics," writes Mme. Stillwell in Fashion. "A mayatone lotion gives grand results and is quickly prepared by dissolving a small original package of mayatone in eight ounces of witch-hazel. Massage this freely into the skin every day and you will be surprised how soon it is cleared and beautified, while the complexion takes on the charm and elegance of true beauty. "Nothing equals mayatone to protect the skin from changeable weather, tan or freckles. It is easier to use and more satisfactory than powder, is greaseless and will not grow hairs."
