

### COUNCILMEN VOTE \$1500 FOR LIGHTS

#### Committee Asked for \$2500 for Rose Festival Week.

Although prominent representatives of every business and civic organization of the city appeared before the ways and means committee of the city council yesterday afternoon to urge that it recommend an appropriation of \$2500 for the lighting of street intersections during Rose Festival week, the committee only partially yielded to the pressure. On motion of Councilman Wallace, it voted to appropriate \$1500. The excuse given by the committee was that the general fund is already so low that to take \$2500 out of it would cause a deficit.

#### May Increase Amount.

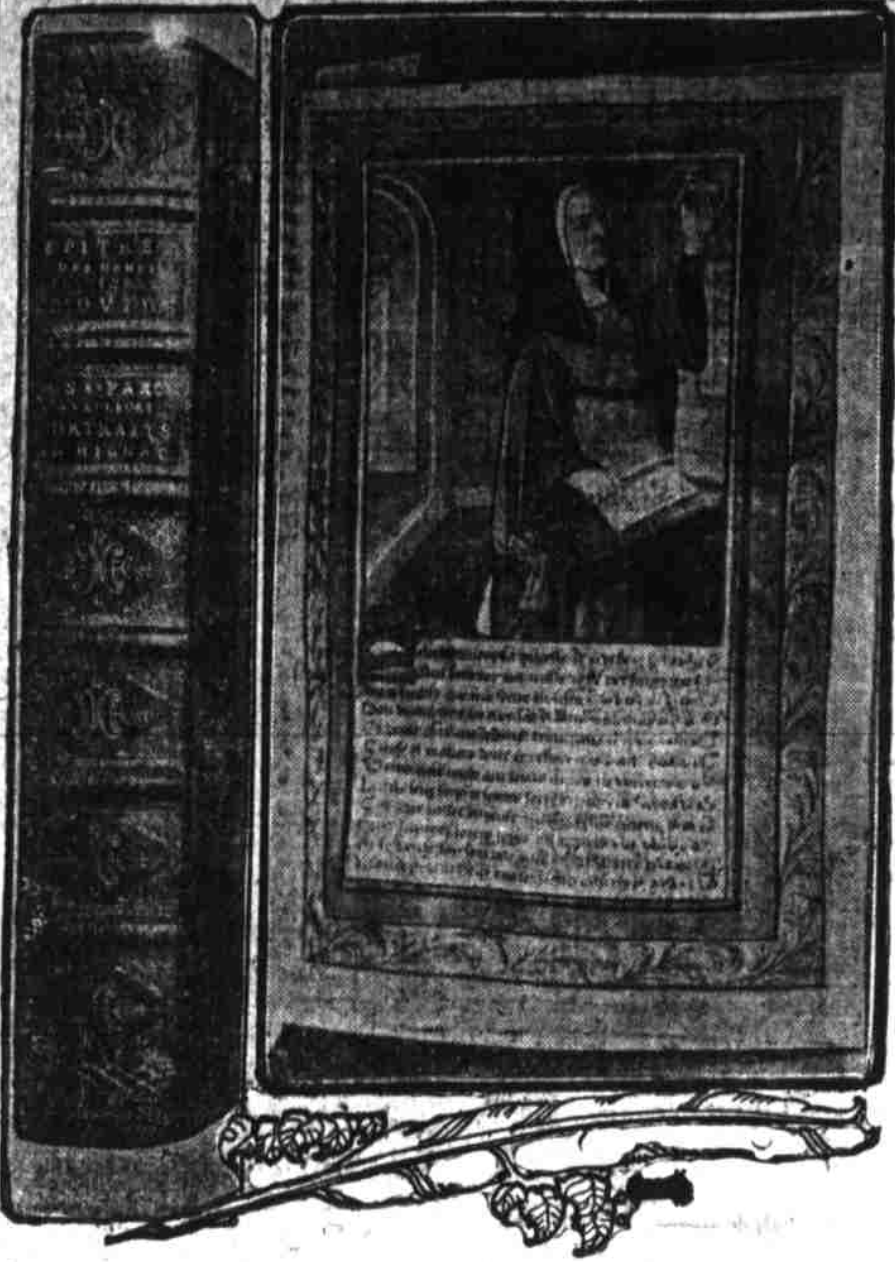

Chairman Callers of the committee told the visiting delegations at first that he could not see how the council could make any appropriation whatever. Deputy City Auditor Grize reminded Mr. Callers that the committee had just sold \$309,000 worth of public improvement bonds at a substantial average premium of 2.3-16 per cent and that this would increase the estimates for the general fund, these having been made on a basis of par for bonds to be sold during the year. The committee then voted to recommend \$1500.

It is probable that the council may tomorrow be asked to increase this amount to the original \$2500 requested by the Rose Festival management.

#### Continuing Appropriations.

Postmaster C. B. Merrick, C. C. Chapman of the Commercial club, A. L. Craig of the Live Wires, W. P. Olds, F. W. Mulkey, A. L. Fish, Dan Kellaher and many other representatives of civic and commercial organizations were present, while Messrs. Olds, Kellaher, Chapman and Mulkey urged the committee to vote for the \$2500 appropriation. That this appropriation should be made a continuing one from year to year, was the general opinion. Last year an appropriation of \$2500 was made, but none of this was used for east side illumination. This year the east side push clubs and the East Side Business Men's club will insist that a portion of the fund be distributed on their side of the stream.

### BOOK COST \$10,000 MAY BE BOGUS

Photograph of the book for which George D. Smith of New York, the noted bibliophile, paid \$10,000 at the auction of the Hoe collection, and which has caused a scandal to be broadcasted. Dr. L. A. Baer, one of the greatest of European manuscript and cover connoisseurs, has declared the book a fraud and a nineteenth century imitation of its original. The book was sold as being the "Ovid" of Anne de Bretagne and was described as being made in 1489. According to the auctioneers, the book was made presumably by Louis XII for Anne of Brittany.

to the attention of the committee the increasing merits of Montavilla, in the way of population, lack of library facilities, number of children, and so forth. It was proposed that a mass meeting be held which would be attended by the citizens, parents and school children of Montavilla. To this meeting members of the library committee would be invited in order that they might see for themselves that Montavilla would be a good place for the library.

### PAID MORE ATTENTION TO BOATS THAN WIFE

Logan Schibler, owner of boats at St. Johns, was before County Judge Cleoton yesterday for not supporting his wife. She made the charge he had not bought her or the baby clothes for over a year. Mrs. Schibler further said he had taken his sister into the home, and she had usurped the authority of a wife. Schibler said he was too busy with the boats to give much attention to his wife, but never denied her any food or clothing. The judge ordered him to pay \$5 a week to support the child. The wife is staying with her mother.

### Curing Catarrh

#### Accept Our Advice and Try This Remedy at Our Risk.

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is, complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Mucou-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form, to give Rexall Mucou-Tone a thorough trial. Use it with regularity and persistency for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that any one could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and \$1.30. Remember you can obtain it only at the Owl Drug Co., Inc., Cor. 5th and Washington sts.

hiding or kidnaping of people entitled to habeas corpus proceedings. The charges against Kelley originated over the kidnaping of the two children of Mrs. Ivy May Henry and hiding them here. Mrs. Henry is said to have assisted Kelley in removing the children from the custody of the court.

#### She Sues Many.

(United Press Leased Wire.) Chicago, May 23.—It was discovered here today that Florence Hering, the divorced wife of Frank Hering of South Bend, Ind., had filed suit against Hering, his present wife Clara, Earl Rogers of Los Angeles, her former attorney, and Edward Hirsch of Baltimore,

asking for \$50,000 damages. She charges the defendants with intimidation and technical assault. The papers in the case have been suppressed. Mrs. Hering recently brought suit against Hering and his present wife for \$100,000. In this suit she charged the present Mrs. Hering with alienation of affections, and made her husband a co-defendant. Rogers and Hirsch, in the present suit, are charged with having withdrawn the alienation suit without her authority and she asks that it be reinstated before the court without prejudice.
