

SENATORS WERE WAY AHEAD BUT...

That's Only Half of a Story Too Long to Tell in a Headline.

(By the International News Service.) Los Angeles, May 27.—The score was 4 to 1 at Washington Park this afternoon with Sacramento on the large end, but the Angels were trying every inning and Captain Dillon was the main spring in his triple play. This play was easily the feature of the matinee and was started thus: In the fourth inning with the score 1 to 0 in favor of the home guard, O'Rourke singled to right and Van Buren walked. Danzig, the tall man, walked one on the nose straight over Dillon's head and dead on the line. The sweat looked at first as if it were rain, but the Angel leader went up in the air, speared the ball with his gloved hand, juggled it for a moment, then whipped it to second, catching O'Rourke, who had started for third with the crack of the bat. Metzger heaved the hide back to Captain and Van Buren was out. It was all done in about two and one half seconds and was over before the fans fairly awoke to the fact that a great play had been off.

Jimmie Lewis and Thorsen were the responsible parties in the Sacramento winning party. In the seventh with one out, Van Buren singled to right; Thorsen issued walks to Danzig and Mahoney, filling the bases. Lewis caught the first pitched ball on the hope for a triple to center, clearing the path. Thomas chopped a short single to center and Lewis came home making four and putting the game away for the Senators.

Aviator Making Flights at Country Club Tract

Above—Charley Walsh, the daring aviator, in the big 40-foot Curtiss-Farman type aeroplane with 85 horse power motor. Below—The machine in flight at height of 40 feet with passenger. In small panel, the aeroplane snapped at height of 40 feet and traveling close to a mile a minute. The pictures were taken at the Country Club grounds especially for The Journal.

Four thousand people gathered at the Country club fair grounds yesterday afternoon to witness the aerial flights of Charles Walsh in a Curtiss-Farman biplane and Walsh thrilled them with a flight of over 15 minutes' duration which covered 14 miles, over the East Side from Twentieth street to a point east of Russellville, which he traversed twice. In addition the aviator ran a race with an automobile in which he came out second best because the air currents were not propitious for fast work on the short turns of the mile track.

Today Walsh will run a three-mile race with the same machine as part of the aviation program for this afternoon, which will be the last flights the local people will be able to witness for sometime, as the Manning brothers will exhibit Walsh at Victoria next Tuesday and Wednesday, leaving for the north tomorrow night. This afternoon in addition to the endurance test, Walsh will show several other stunts of the aeroplane game. The first flight will start at 3:30 o'clock.

Walsh's first attempt to get off the ground failed because the sparker was not working correctly. When this machine breakdown was remedied, Walsh made his second and highly successful attempt. This time Walsh got a good start, barely missing the edges of the automobiles which lined the track. He started toward the center of the city. Up, up he went, going westward over Lawrence and Beaumont additions, until the machine looked about the size of a hawk, the spectators watching him with breathless interest until he began to make the turn and they were surprised to see him approach at a great rate of speed. Flying over the woods south of the race track, Walsh went

eastward until he reached a point several miles east of Russellville before he turned and started back. Out for Endurance. "Get away from there, he's going to land right there," yelled a mounted patrolman, as he ordered the crowd away from a nice soft patch of foot high clover, where the aviator was expected to land. As he came onward the people saw that instead of landing, the birdman was out for an endurance flight. Coming back, Walsh sailed directly over the grandstand and towards Irvington. He was back again in a moment and once more started eastward. He made a beautiful turn and shortly the heavier than air machine gradually began to descend until it reached a point directly in front of the grandstand, when it gently landed.

By the stop-watches Walsh was in the air 15 minutes and 13 1/2 seconds, eclipsing his flight of last Monday by over seven minutes. He covered in this flight a distance of nearly 14 miles, doing far better than Hamilton, a Curtiss pupil, who made several flights here last year. De Pries Has Mishap. J. W. De Pries, who has also made several flights in aeroplanes, essayed a flight in a smaller machine. He made a fairly good start, but as he neared the west end of the field the crowd saw that the machine was wobbling like a wounded bird. The spectators saw him make the turn but as he started back the machine gave a flop and headed straight for old mother earth. The machine struck the ground heavily, and De Pries rolled over a couple of times before he reached a good soft spot in the grass. Seeing that his engine was still running, he picked himself

up and turned it off. He was in this position when the crowd reached him and found, to their agreeable surprise, that he was totally uninjured, save for a small bruise on his arm. Laughing over his mishap, De Pries jumped into one of the several machines which had hurried to the spot, and rode back to the starting point. Race Race With Auto. The next stunt to be pulled off was a race between Walsh, in the Farnum-Curtiss biplane and A. J. Edwards in his little Ford racer. Edwards had the advantage of not being bothered by the treacherous air currents which eddied above the track, and he made a little better time than the air ship. During the series of flights, Aviator Walsh carried up Master Gabriel, one of the players at a local playhouse. Walsh also gave an exhibition of quick starts and easy landings, which were highly appreciated by the enormous crowd present.

The flights which were scheduled at 8:30 were pulled off on time, and that served to put the spectators in good humor, which lasted throughout the exhibition. Walsh will fly again today and promises some new and sensational stunts.

LAMLIN BLOWS UP AND LOSES IN 9TH

Nicks Beaten by Islanders When They Have Game Already Won.

(Special Dispatch to The Journal.) Victoria, B. C., May 27.—In a garrison finish the Islanders broke away from the Nicks which has been following them for the past few weeks and won from the Nicks of the Rose City this afternoon, 5 to 4.

Things had been breaking badly for the locals and in the ninth they were two runs behind. They had found both Garrett and Archer hard to hit safely but the latter was beginning to fizzle at the end and Manager Nick Williams put Lamline in the box to conclude the performance. After Ward had retired, Devost singled, Thomas, who was put in as a pinch hitter, fanned, then Davis drew a pass and Raymer came through with the needed single for two bags, scoring two.

SPLENDID TENNIS IN SPRING GAMES

Irvington Matches Go to Three Sets—Finish Memorial Day. Several splendid games were played by the entrants in the Irvington tennis tournament yesterday, and progress was so rapid that the handicapping committee believes that the finals will be finished by Tuesday, Decoration day. The courts were in excellent shape after the rain, and with one exception, all of the matches went to three sets, showing the excellent judgment used by the handicapping committee in constituting a Chairman Brewer, Walter Goss, L. M. Starr, James Shivers and Ralph Gorrell. Wickersham eliminated E. H. Smith in the first game. He lost the first set 1-6, but won the other two, 6-3, 6-1. Miss Campbell beat Miss Leadbetter after three hard sets, in which some excellent tennis was displayed, 3-6, 6-3, 7-5. Miss Fox and Miss Goss beat Mrs. Judge and Miss Campbell in the ladies' doubles, 6-0, 4-6, 6-4.

When the college boys tackle Multnomah they will run up against the strongest nine that has represented the club in recent years. Fred Deneffe, the old reliable southpaw, will go on the mound for the club. His last two seasons have been shutouts and the members of the club are enthusiastic and think that they will win the amateur championship of the Pacific coast. Gleason, the young catcher of the club, will be behind the bat on that day. The California annual will attend the game in a body. The admission will be 25 cents.
