G. Smith M. D.

Leading Specialist for Men am the only Specialist in Port land who uses his true name and photograph in his announcements. I ee and treat my patients personally, and am not a "medical company," medical institute" or a "medical

system." All men should know who the doctor is they consult, and should carefully consider whether they desire to entrust their health

with a hired doctor of a medical

company. I use my photograph so that when you come to see me per-

Are You

Being treated in a satisfactory manner by your present doctor? Is he carrying out his promises? Has he cured you in a reasonable time, and lived up to his guarantees? Are you paying him exorbitant prices for medicine? Does he employ thoroughly up-to-date and scientific methods, which would be approved by the regular family doctor? If you cannot answer these questions favorably to yourself, come and have a confidential talk with me about your case. It will cost you nothing.

Cured in Five Days

I cure such disorders as Varicose Veins. Hydrocele, Plies, Specific Blood Poison, etc., completely and permanently, often with only a single treatment. No severe operations employed, nor detention from business. I especially solicit stubborn and long standing cases that other doctors have failed to cure.

Examination Free

I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No alling man should neglect this opportunity to get expert opinion about his trouble.

If you cannot call write for diagnosis chart. My offices are open all day from 9 A. M to 8 P. M., and Sundays from 10 to 1.

1910 HOPS BEING HELD FOR QUARTER

Growers Ask 25c or Better for Remaining Lots of Last Year's Growth.

So far as dealers can ascertain only to bales of 1910 hops remain in Oreon, and these are held by four grows. There are practically no supplies I last year's growth held by dealers atside of the ones who were sold one time ago and are awaiting shipters.

ment.
For the hops now unsold growers are generally asking 25c a pound or even better.
With contracts for the 1911 crop already named at 25c on account of the recent purchase at that price by Julius Wolf of Silverton from Mishler & Gribble of Austragrowers are not inclined. Wolf of Silverton from Mishier & Gribble of Aurora, growers are not inclined to accept a lower figure; in fact they are not willing to contract at any price just now. The market for contracts is thoroughly blocked and until dealers get their bids up to the views of growers there is not likely to be anything doing. With the prospects for still higher prices growing brighter each day, growers see clearly that they retain the whip hand of the market. All sorts of hops are in demand at this time. Kola Neis is reported to have taken 100 bales of 1909 from other dealers. The price is said to be between 15c and 16c a pound.
