When casket is furnished by us we make no extra charges for embalming, hearse to cemetery, outside box or any services that may be required of us, except clothing, cemetery and carriage, thus effecting a saving of \$25 to \$75 on each funeral.

And crowds o' little girls in white, jest fairly loaded down! Oh! don't, THE Boys know it, from their camp across the hill? Don't they see their comrades comin' and the old flag wavin' still? And YIT it's lonesome-lonesome!-It's a Sunday-day, to ME, It 'pears-like-more'n any day I nearly ever see!- Still, with the Stars and Stripes above, a-flutterin' in the air, On ev'ry Soldier's grave I'd love to lay a lily there. Vote 100 X Yes The Greater South Portland Bridge City Election June 5. Location: Meade Street-Woodward Avenue (Ellsworth Street). BECAUSE Portland's rapid growth in population in the last decade demands better facilities for traffic and transportation. The same number of bridges are in existence now, with a three-fold increase of population. BECAUSE The construction of the bridge would relieve the congestion of the existing overworked bridges. BECAUSE Rapid transit is essential to the growth of any city. BECAUSE Travel from the Fifth, Sixth and Seventh wards would be facilitated and 60,000 inhabitants would be able to get to their business interests and work without the delays now encountered. BECAUSE Safety of life and property in the southwest and southeast sides demand it; the concentration of the fire apparatus of the Fifth, Sixth and Seventh wards would make it possible. BECAUSE Of the protection of the harbor would not be endangered, it is the consensus of opinion that no more bridges can be built between the existing bridges and the now contemplated one. The proposed high bridge draw will seldom be opened. (Paid Adv.)
